INDEPENDENT AUDITORS' REPORT

October 11, 2024

Trustees of the
The First Northern Bank & Trust 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The First Northern Bank & Trust 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2023, and 2022, and the related statement of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The First Northern Bank & Trust 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Notes 4, 5, and 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The First Northern Bank & Trust 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The First Northern Bank & Trust 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The First Northern Bank & Trust 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The First Northern Bank & Trust 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (Continued)

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE FIRST NORTHERN BANK & TRUST 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 Description of the Plan

The following description of The First Northern Bank & Trust 401(k) Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Effective January 1, 1974, The First National Bank of Palmerton, a company governed under Pennsylvania Corporate Law (the Company), adopted a retirement plan known as the First National Bank of Palmerton Profit Sharing Plan. The plan is a defined contribution plan (Non-Discretionary Trust) which covers substantially all employees, and which provides for retirement, disability and death benefits. The Company intends to contribute such amounts of its current or accumulated earnings as it shall determine.

As of January 1, 1993, First National Bank of Palmerton amended and restated the existing Profit-Sharing Plan to a 401(k) Profit Sharing Plan. Effective September 1, 2008, First National Bank of Palmerton amended and restated its retirement plan to be known as The First National Bank of Palmerton 401(k) Profit Sharing Retirement Plan. Effective December 29, 2011 at 5:00 p.m., The First National Bank of Palmerton ceased to exist and reopened for business on Friday, December 30, 2011 as First Northern Bank & Trust Co. The Bank switched from being a National Bank subject to the regulation of the Office of The Comptroller of the Currency to a State Member Bank subject to regulation of the Federal Reserve and Pennsylvania Banking Commission. As of a result, on January 17, 2012, the plan name was changed to The First Northern Bank & Trust Co. 401 (k) Profit Sharing Retirement Plan, and the plan sponsor has been changed to First Northern Bank & Trust. In 2018, the Plan changed third-party administrators and as of the most recent plan restatement, effective November 15, 2021, the Plan name has been changed to The First Northern Bank & Trust 401(k) Plan.

The Plan provides that a participant may elect to defer as a voluntary contribution up to 100% of their annual compensation which annual deferral amount may not exceed $22,500, $30,000 for participants ages 50 or older, adjusted for cost-of-living changes. Effective September 1, 2008, the Plan was further amended to provide for its participants to also permit Roth 401(k) elective deferrals into the Plan. Participant elective salary deferrals under Code Section 401(k) (including Roth 401(k) deferrals) are maintained in separate accounts in which the participant is 100% vested. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-six (26) mutual funds and one (1) insurance company general account. The matching Company contribution is invested into the same funds for employee contribution. The First Northern Bank & Trust Co. will contribute to the Plan the following amount: 1) The total amount of the reduction elected to be deferred by the participants. 2) A discretionary matching contribution based upon employee deferral in a percentage set by the employer prior to end of plan year. The employer will not match employee contributions in excess of 10% of eligible compensation. 3) A qualified non-elective contribution determined in its sole judgment. This contribution will be allocated to non-highly compensated participants in proportion to each eligible employee's compensation as a portion of all eligible employees' compensation. This contribution will be non-forfeitable and subject to withdrawal restrictions.

Note 1 Description of the Plan (Continued)

Forfeitures of non-vested accounts were $7,625 and $3,406 during the years ended December 31, 2023, and 2022, respectively. These forfeitures are allocated to participants according to the provisions in The First Northern Bank & Trust 401(k) Plan description at December 31, 2023 and 2022. At December 31, 2023 and 2022, Plan expenses were reduced by $13 and $3,202, respectively from forfeited non-vested accounts. On December 31, 2023 and 2022, forfeited non-vested accounts totaled $7,273 and $494, respectively.

The abovementioned employer's contribution, along with the amount elected to be deferred, plan earnings (losses) and applicable expenses will be credited/debited to each participant's account. Plan expenses are allocated based on participant earnings, account balances, or specific participant transactions, as defined in the Plan's Summary Plan Document.

Notes Receivable From Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest fixed at 1% over prime when the loan is taken out. Principal and interest is paid ratably through bi-weekly payroll deductions.

A more detailed explanation of the Plan, including but not limited to vesting and benefit provisions, is provided in The First Northern Bank & Trust 401(k) Plan Summary Plan Description.

In December 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act was passed into law. For Plan years beginning January 1, 2020, the Act increased the minimum age for Required Minimum Distributions (RMDs) from 70.5 to 72 years old, allowed for distributions for qualified birth or adoptions, increased the maximum cap on Qualified Automatic Contribution Arrangements (QACAs) from 10% to 15%, and, beginning January 1, 2021, expanded coverage of long-term part-time employees. The plan has until December 31, 2025 to formally adopt a Plan amendment for the Act's provisions.

In December 2022, the Securing a Strong Retirement Act (SECURE 2.0) was passed into law. For Plan years beginning January 1, 2023, the Act increased the RMD age from 72 to 73 and reduced the penalty on failing to take a RMD from 50% to 25% of the RMD amount. Accordingly, the Plan is operating in accordance with these provisions. Most of the other provisions of the Act become effective in 2024 and forward. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect. The Plan has until December 31, 2026 to formally adopt a Plan amendment for the Act's provisions.

Note 2 Summary of Significant Accounting Policies

Date of Management's Review: Pursuant to FASB ASC 855 Subsequent Events were evaluated through October 11, 2024, which is the date the financial statements were available for to be issued.

Basis of Accounting: The financial statements of the plan are prepared using the accrual method of accounting.

Employer Contributions: Discretionary contributions by First Northern Bank & Trust Co. are made on a voluntary basis and are accrued based upon amounts actually computed. In addition, First Northern Bank & Trust Co. may elect to pay all administrative expenses associated with the Plan but is not required to do so. Therefore, any expense of the Plan paid for by the employer is excluded from these statements.

Investment Contract with Insurance Companies: Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for discussion of the Investment Contract.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies are determined utilizing information provided by the custodians. See Note 6 for discussion of Fair Value Measurements.

Interest Income: Interest Income is recorded on the guaranteed general account and loan amounts on the accrual basis.

Dividend Income: Dividend Income is recorded based on the ex-dividend date and is reported by Principal.

Net Appreciation/(Depreciation) in Fair Value of Investments: Dividends, realized and unrealized gains for the underlying funds are factored into the value of the mutual funds reported by Principal and Collective Investment Trust reported by Vanguard.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023, and 2022 no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Note 2 Summary of Significant Accounting Policies (Continued)

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results may differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: The Plan permits the payment of Plan Expenses to be made from the Plan's assets. Although under no obligation to do so, certain expenses to maintain the Plan were paid by the Company. In 2023 and 2022, investment related expenses are recorded as a separate item on the Statement of Changes in Net Assets Available for Plan Benefits.

Note 3 Non-Participant – Directed Investments

The following presents the change in net assets for Non-Participant Directed Investments at December 31, 2023:

Participant Loans Advanced	$ 108,050
Participant Loans Repaid	(83,057)
Participant Loan Written Off	(13,864)
Interest Income owed from Participants Loans	10,595
Interest Income Paid on Participants Loans	(10,508)
	$ 11,216

Note 4 ERISA Section 103(a)(3)(C) Audit - Certification of Investments

Certain information related to investments at fair value and contract value disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation/depreciation in fair value of investments, interest and dividends for the years ended December 31, 2023 and 2022 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company, and Ascensus LLC, as agent for Ascensus Trust Company.

Note 5 Investment Contract with Insurance Company

The Plan entered into a benefit responsive investment contract with Principal Life Insurance Company effective January 1, 2023. The insurance company maintains the contributions in a general fixed account.

The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specific interest that is guaranteed to the Plan.

Note 5 Investment Contract with Insurance Company (Continued)

As described in Note 2, because the investment contract agreement is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the investment contract. The investment contract is presented on the face of the statement of net assets available for plan benefits at contract value. Contract value, as reported to the Plan by Principal represents contributions made under the contract, plus credited interest earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contract at December 31, 2023 and 2022 was $272,789 and $0, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0.15%, nor greater than three percent (3%). Such interest rates are reviewed semiannually for resetting on June 1 and December 1 of each year. As of December 31, 2023, the guaranteed interest rate was 6.05%.

Certain events might allow Principal to terminate the contract and limit the ability of the Plan to transact at contract value with Principal. Such events include but may not be limited to the following: (1) untrue representations or breach of contract by the Plan Sponsor; (2) failure to provide reasonably requested information in a timely manner; (3) communications to qualified plan participants from a person acting on behalf of the Plan which unduly influence a qualified plan participant to withdraw their interests; (4) retention by the Plan Sponsor of a Plan recordkeeper other than Principal Life Insurance Company, and a determination is made that there has been a misrepresentation of said recordkeeper's enforcement of the Equity Wash.

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. As of December 31, 2023, the Plan did not have any Level 2 or 3 inputs. As of December 31, 2022, the Plan did not have any Level 3 inputs.

Note 6 Fair Value Measurements (Continued)

There have been no changes in the methodologies used to measure fair value at December 31, 2023 and 2022.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair value of collective investment trusts (CIT) is based on the market value of its underlying investments. Because benefit plans own units of a CIT, and not the underlying investments, the unit of account would be at the fund level, not the underlying investments level.

The following table sets forth, by level within the Fair Value Hierarchy, the Plan's investments at Fair Value as of December 31, 2023 and 2022.

		Fair Value Measurements at the End of the Reporting Period Using:	
	Total Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Observable Inputs Other Than Quoted Prices for Identical Assets (Level 2)
December 31, 2023			
Mutual Funds:	$ 19,588,596	$ 19,588,596	$ 0
Total Assets at Fair Value	$ 19,588,596	$ 19,588,596	$ 0
December 31, 2022			
Mutual Funds:	$ 17,202,957	$ 17,202,957	$ 0
Collective Investment Trust:	1,345,537	0	1,345,537
Total Assets at Fair Value	$ 18,548,494	$ 17,202,957	$ 1,345,537

Note 7 Related Party Transactions

The Plan's investments are held by Principal Life Insurance Company, the custodian of the Plan. Principle is considered a party-in-interest; therefore, transactions qualify as party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 Income Tax Status

The Plan's latest determination letter, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Principle Trust Company uses a Non-Standardized Pre-Approved Profit-Sharing/ Money Purchase/ CODA Plan. Accordingly, Principal Trust Company has received a favorable opinion letter dated June 30, 2020 in which the Internal Revenue Service states that their Non-Standardized Pre-Approved Profit Sharing/ Money Purchase/ CODA Plan, as adopted by the plan sponsor, is acceptable under the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

Note 9 Plan Benefits and Termination

First Northern Bank & Trust Co., although not under obligation to make contributions to the fund, has not expressed any intent to discontinue contributions thereto or terminate the plan. In the event of termination of the Plan all amounts credited to employee accounts will be fully vested and paid after expenses of termination have been paid. Depending on the facts and circumstances, a partial termination may occur where a significant number of employees are terminated by the employer or excluded from plan participation. In case of a partial termination only those affected employees will become 100% vested.

Note 10 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 Delinquent Contributions

The Company made delinquent participant contributions as reported on the attached Schedule H Line 4a – Schedule of Delinquent Participant Contributions totaling $317,312.69. As of December 31, 2023, the plan sponsor has remitted the $317,312.69 of Delinquent Participant Contributions. The plan sponsor has made contributions to the affected participants' accounts for lost earnings in the amount of $270.44. The plan sponsor entered into the DOL's Voluntary Fiduciary Correction Program (VFCP) in June of 2024. The plan administrator as well as the plan tax counsel expect the delinquency to be fully corrected under the VFCP and the Prohibited Transaction Exemption (PTE) 2002-51. Accordingly, the delinquency is not treated as a non-exempt party-in-interest.
