Independent Auditors' Report

To the Participants and Trustees of
South Dayton Acute Care Consultants, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of South Dayton Acute Care Consultants, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of South Dayton Acute Care Consultants, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of South Dayton Acute Care Consultants, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about South Dayton Acute Care Consultants, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan Instrument, including all Plan Amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of South Dayton Acute Care Consultants, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about South Dayton Acute Care Consultants, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2023, and delinquent participant contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the South Dayton Acute Care Consultants, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by South Dayton Acute Care Consultants, Inc. (the Company, Plan Sponsor or Employer) and covers substantially all eligible employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Under the terms of the Plan, covered employees are eligible to become participants on the first day of the month following or coincident with completion of 83.33 hours of service each month during 3 consecutive months of employment and upon reaching age 21. If an employee does not complete 83.33 hours of service each month during 3 consecutive months of employment, then the employee will satisfy the service requirement if credited with a year of service (1,000 hours).

Contributions

(a) *Participant's voluntary salary reductions.* Participants may elect to contribute up to 100% of their annual compensation, as defined by the Plan, subject to IRS limitations. Pre-tax elective deferrals and after-tax Roth contributions are available. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Plan also provides for catch-up contributions for participants age 50 or older.

(b) *Safe Harbor employer-matching contributions.* The Plan is a safe harbor plan. Under the safe harbor provisions, the Plan Sponsor provides a matching contribution in an amount equal to 100% of participant deferrals up to 6% of the participant's eligible compensation. Matching contributions of $1,291,468 were made for the year ended December 31, 2023.

(c) *Discretionary nonelective contribution*s. The Plan Sponsor may make discretionary nonelective contributions. This amount will be allocated using a four-tiered formula. To qualify for the discretionary nonelective contribution, a participant must have completed at least 1,000 hours of service and be employed on the last day of the Plan Year. Employees who become retired, disabled, or deceased during the Plan Year are also eligible to receive the contribution. For the year ended December 31, 2023, the Plan Sponsor authorized nonelective contributions of $790,237.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited or charged with the above contributions, rollover contributions, Plan Earnings thereon, and an allocation of Plan Expenses.

Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions and the employer contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, money market funds, a collective trust fund and a self-directed brokerage account as investment options for participants.

Vesting

Participant vesting is based on service years. A year of service is defined as at least 1,000 hours worked during a Plan Year. Participants are 100% vested in the voluntary salary deferrals, safe harbor matching and rollover contributions. The discretionary non-elective contributions vest according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeited Accounts

Forfeitures of non-vested contributions will be used to reduce future employer contributions or to pay Plan Expenses. During the year ended December 31, 2023, forfeitures of $32,930 were used to fund employer contributions. Unallocated forfeitures at December 31, 2023 and 2022, were $6,528 and $25,440, respectively.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Participants become eligible for benefit payments upon retirement, termination of employment, disability or death. Additionally, the Plan provides for in-service distributions after a participant has reached age 60 up to their fully vested account balance. Participants may also receive distributions from the employee deferral or rollover balance for qualified financial hardships. Distributions may be made as a single lump-sum payment or installments over a period of not more than the participants' assumed life expectancy (or the assumed life expectancies of the participant and their beneficiary). Vested account balances that do not exceed $5,000 may only be distributed in a single lump-sum payment. Rollovers are not included when determining whether a cash-out distribution may be paid to a terminated participant. If a participant has terminated employment, he or she must begin receiving benefits no later than April 1 of the calendar year following the year in which he or she reaches age 72.

Amendments

Effective January 1, 2023, the Plan was amended to exclude fringe benefits from the definition of eligible compensation.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in interest and dividends. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of the Plan are allocated to the participants' accounts and are included in administrative expenses. Certain withdrawal expenses are paid for by the affected participant. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

New Accounting Pronouncement

Effective January 1, 2023, the Plan adopted authoritative guidance related to the accounting for current expected credit losses ("CECL"). Under the new guidance, the Plan would recognize as an allowance its estimate of expected credit losses, which would result in more timely recognition of such losses. The adoption of this standard did not have a material impact on the Plan's financial statements.

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments at fair value of $47,728,016 and $37,666,082 and cash of $46,271 and $31,076 held at December 31, 2023 and 2022, respectively, net appreciation in fair value of investments of $6,220,025, and interest and dividends of $1,221,793 for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company (the Custodian of the Plan).

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below.

Level 1: Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodologies include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market funds: Valued at the daily closing price as reported by the fund.

Mutual funds: Valued at the daily closing price reported on the active market on which the individual securities are traded.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Collective trust fund: Valued based on the NAV of units of the collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Self-directed brokerage accounts: Valued based on the underlying interest-bearing cash, mutual funds and common stocks as traded on the active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Money market funds	$ 1,915,987	$ 0	$ 0	$ 1,915,987
Mutual funds	40,027,730	0	0	40,027,730
Self-directed brokerage accounts	2,762,889	0	0	2,762,889
	$44,706,606	$ 0	$ 0	44,706,606
Investments at net asset value:				
Collective trust fund*				5,784,299
Total investments at fair value				$50,490,905

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Money market funds	$ 1,736,215	$ 0	$ 0	$ 1,736,215
Mutual funds	30,363,469	0	0	30,363,469
Self-directed brokerage accounts	2,559,449	0	0	2,559,449
	$34,659,133	$ 0	$ 0	34,659,133
Investments at net asset value:				
Collective trust fund*				5,566,398
Total investments at fair value				$40,225,531

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits. The fund invests in assets, typically mutual funds and equities. There are no unfunded commitments at December 31, 2023 or 2022. The fund has a daily redemption frequency and redemption notice period.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Certain administrative services are provided by the Plan Sponsor at no cost to the Plan, and certain administrative costs incurred by the Plan are paid by the Plan Sponsor.

The Plan's administrative expenses result from services rendered by parties-in-interest.

NOTE F - INCOME TAX STATUS

The Company has adopted The Retirement Plan Company, LLC Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan which has obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the restated prototype Plan Document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended and restated since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in accordance with the IRC. Therefore, no income taxes have been provided for in the financial statements.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, participants will become one hundred percent (100%) vested in their accounts.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - NONEXEMPT TRANSACTIONS

During 2023, the Company inadvertently failed to deposit $982 of participant deferral contributions to the Plan within the required time period described in 29 CFR 2510.3-102, as stated by the United States Department of Labor regulations. Subsequent to December 31, 2023, the Company discovered this error and transmitted to the Plan the delinquent participant contributions and amounts representing lost earnings to the participants.

NOTE J - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 11, 2024, which is the date the financial statements were available to be issued.
