Independent Auditor's Report

To the Plan Administrator
Family Guidance Center of Alabama 403(b) Plan
Montgomery, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements Family Guidance Center of Alabama 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Family Guidance Center of Alabama 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Family Guidance Center of Alabama 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Family Guidance Center of Alabama 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Family Guidance Center of Alabama 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Family Guidance Center of Alabama 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.
Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i, Schedule of Assets Held and Schedule H, Line 4a, Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Family Guidance Center of Alabama 403(b) Plan
Montgomery, Alabama
December 31, 2023

Note 1 – Summary of Accounting Policies

Basis of Presentation - The financial statements are prepared on the accrual basis of accounting.

Valuation of Investments - The Plan's assets are presented at fair value or contract value as reported to the Plan by American United Life Insurance Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. See Note 6 for a discussion of the Plan's fully benefit-responsive investment contract which is valued at contract value.

Use of Estimates in the Preparation of Financial Statements - In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses paid by the Organization are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through October 1, 2024, which is the date the financial statements were available to be issued.

Note 2 – Description of the Plan

The following description of the Family Guidance Center of Alabama 403(b) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Eligibility - There are no age or service requirements for eligibility to make elective deferrals. Employees are eligible to make elective deferrals as of their employment date. Employees who have completed one year of service are eligible to receive employer matching contributions as long as the 1,000 hour service requirement is met during the year. Non-resident aliens and employees who normally work on average less than 20 hours per week are excluded from participation in the Plan.

Participation - An eligible employee shall become a participant the first day of each month, provided the employee has satisfied the age and service requirements.

Note 2 – Description of the Plan (Continued)

Participant Contribution - Participants may elect to have a percentage of their salary withheld and contributed to the Plan on their behalf, not to exceed the maximum as permitted by law. Participants direct the investment of their contributions into various investment options offered by the Plan (See Note 3).

Employer Matching Contributions - The employer matches 100% percent of the first 4% of the participant's elective contribution.

Vesting of Participant's Interest - Participants will always be one-hundred-percent vested in their own contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A year of service for vesting purposes is defined as a year in which an employee completes at least one thousand hours of service.

Years of Service	Vesting %
Less than one	0%
One year	20%
Two years	40%
Three years	60%
Four years	80%
Five years	100%

A participant's vested account balance may be withdrawn by, or distributed to, a participant only upon (1) termination of employment or (2) attaining the age of 65. Withdrawals prior to attaining the age of 65 are not permitted except in the event of severance from employment, disability or as a hardship distribution. Upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, a participant's vested account balance may be withdrawn for a hardship purpose. Upon attaining age 59 1/2, a participant may elect to withdraw amounts from his/her elective deferral account.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the employer's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits - Upon severance from employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump-sum distribution, through installments or in the form of an annuity.

Forfeited Accounts - Forfeited non-vested accounts may be used to pay administrative expenses of the Plan or applied to reduce future employer contributions. During the year ended December 31, 2023, the plan utilized $9,020 of forfeited amounts to reduce employer contributions. At December 31, 2023 and 2022, the forfeited non-vested accounts totaled $0.

Restatement – As of January 1, 2024 Roth contributions are now allowed into the Plan.

Note 3 – Investment Contract with Insurance Company

The Plan has an investment contract with American United Life Insurance Company (AUL). The contract offers a stable value investment option plus variable (separate account) options. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by AUL. Contributions directed into the separate account investment options are not guaranteed as to a fixed dollar amount but will fluctuate based on the performance of the underlying investments.

Note 4 – Information Prepared and Certified by the Custodian (Unaudited)

The Plan's investments were embodied in an investment contract with American United Life Insurance Company (AUL) at December 31, 2023 and 2022 (See Note 3). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian, AUL, as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following table presents the Plan's investments.

	December 31, 2023	December 31, 2022
Fully benefit-responsive investment contract	$ 457,427	$ 537,914
Pooled separate account	3,259,650	2,788,105
Total investments	$ 3,717,077	$ 3,326,019
Net appreciation in fair value of investments	$ 595,662	
Investment interest income	$ 11,148	

The information included in the accompanying supplemental Schedule of Assets (Held at End of Year) is also based on information certified by the custodian.

Note 5 – Fair Value Measurements

Professional accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 5 – Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Separate accounts: Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is based on the fair value of the underlying investments adjusted for applicable fees.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023, and 2022.

Assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Investments measured at NAV				$ 3,259,650

Assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Investments measured at NAV				$ 2,788,105

Note 5 – Fair Value Measurements (Continued)

Fair Value of Investments that Calculate Net Asset Value – The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2023 and 2022, respectively.

December 31, 2023	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency (if currently eligible)*	*Redemption Notice Period*
Pooled separate account	$ 3,259,650	N/A	Daily	N/A

December 31, 2022	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency (if currently eligible)*	*Redemption Notice Period*
Pooled separate account	$ 2,788,105	N/A	Daily	N/A

Pooled separate account includes various bond, balanced, large-cap equity, mid-cap equity, small cap equity, foreign equity, specialty and manage asset allocation investment options.

Note 6 – Fixed Interest and Stable Value Investment Options

As discussed in Note 3, the Plan offers a fully benefit responsive investment option to participants. For December 31, 2023 and 2022, the Plan offered the AUL stable value account, which is a benefit-responsive investment contract with AUL. For both investments, AUL maintains the contributions in a general account. Amounts allocated to the accounts will earn interest at the higher of the rate guaranteed under the contract or the current rates established and declared in advance by AUL. As of December 31, 2023, the contract value of the Plan's stable value account was $457,427. As of December 31, 2022, contract value of the Plan's AUL fixed account was and $537,914.

For the years ended December 31, 2023 and 2022, interest rates are established and declared for new contributions that will be received in a calendar year. The rate is based on the return AUL expects on new investments made by it and held within the AUL general account, and it will always equal or exceed the contractually guaranteed rate. All contributions received during the year will earn that declared interest rate until the rate is reset for the new calendar year.

For December 31, 2023 and 2022, the year's contributions and the corresponding interest rate are tracked together administratively in a separate interest rate pocket. Prior to the beginning of a new calendar year, a new interest rate is established and declared. This rate is based on past general account investments, adjusted for portfolio turnover and withdrawals for benefit payments. The contractually guaranteed rate for 2023 and 2022 was 1.25% and 1.00%, respectively.

Note 6 – Fixed Interest and Stable Value Investment Options (Continued)

All benefit-responsive Plan benefit payments made prior to contract liquidation are made at contract value. A participant may transfer any amount from the fixed account. However, he/she may transfer funds to the fixed account only after 90 days have elapsed since the date of his/her last transfer from the fixed account. Liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by Plan participants and can only be initiated by the plan sponsor upon termination of the Plan or complete termination of the contract. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 7 – Income Tax Status

The Plan utilizes a prototype plan document. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator also believes that the Plan was qualified, and the related trust was tax exempt, as of the financial statement date. Therefore, no provision for income tax has been included in the Plan's financial statements.

In preparing financial statements, plan management is required to evaluate tax positions taken by the Plan and disclose a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

Note 8 – Plan Termination

Although it has not expressed an intent to do so, the Organization has the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 9 – Related Party Transactions

The Organization provides certain accounting and administrative services to the Plan for which no fees are charged. Certain expenses incurred in connection with the general administration of the Plan are paid by the Organization, and therefore, qualify as party-in-interest transactions.

Certain investment options offered by the Plan are managed by American United Life Insurance Company. American United Life Insurance Company is the custodian of the Plan's assets and, therefore, these transactions qualify as party-in-interest transactions.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
