INDEPENDENT AUDITOR'S REPORT

To the Audit Committee of
Lone Star National Bancshares – Texas, Inc.
Employee Stock Ownership Plan with 401(k) Provisions

Opinion

We have audited the accompanying financial statements of Lone Star National Bancshares – Texas, Inc. Employee Stock Ownership Plan with 401(k) Provisions, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Lone Star National Bancshares – Texas, Inc. Employee Stock Ownership Plan with 401(k) Provisions as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lone Star National Bancshares – Texas, Inc. Employee Stock Ownership Plan with 401(k) Provisions and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lone Star National Bancshares – Texas, Inc. Employee Stock Ownership Plan with 401(k) Provisions' ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lone Star National Bancshares – Texas, Inc. Employee Stock Ownership Plan with 401(k) Provisions' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lone Star National Bancshares – Texas, Inc. Employee Stock Ownership Plan with 401(k) Provisions' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year as of December 31, 2023) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of the Plan

The following description of the Lone Star National Bancshares – Texas, Inc. (the "Company") Employee Stock Ownership Plan with 401(k) Provisions (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established January 1, 1994, and most recently amended and restated effective January 1, 2022. It covers all employees of the Company and its subsidiaries who have completed three months of service and are age eighteen or older. The Plan is a stock bonus plan which is intended to be qualified under Section 401(a) of the Internal Revenue Code (the "Code"). The Plan is intended to be an employee stock ownership plan (ESOP) within the meaning of Section 4975(e)(7) of the Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year participants may contribute a dollar amount or percentage of pretax annual compensation as defined in the Plan. The total amount of such contribution shall not exceed the maximum elective contribution prescribed by Section 402(g) of the Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers thirty-one mutual funds and common stock of the Company as investment options for participants. A portion of the common stock of the Company is invested in a non-interest bearing cash account, a money market fund, and in U.S. Government securities, as directed by the Plan administrator. Under the provisions of the Plan, the Company may contribute a matching contribution of any amount up to 100 percent of salary deferral. For 2023 and 2022 the Company contributed 50 percent of salary deferral, not to exceed 6 percent of employee compensation.

Additional discretionary non-elective contributions, based on participant compensation, may be contributed by the Company at the option of the Company's Board of Directors. Contributions are subject to certain limitations. No non-elective amounts have been contributed to the Plan since the inception of the Plan.

A participant must be employed by the Company on December 31 of the Plan year and credited with at least 1,000 hours of service during the Plan year to be eligible to receive an allocation of matching or non-elective contributions. A participant who terminates due to retirement, total and permanent disability or death during a Plan year is eligible to share in the contributions regardless of the number of hours of service credited during the Plan year.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of (a) Plan losses and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and Company discretionary matching contributions plus actual earnings thereon. Vesting in the Company's additional discretionary non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service, subject to a six-year graded vesting schedule.

Notes receivable from participants – Participants may borrow from their fund accounts for selected purposes as defined in the Plan. Amounts invested in common stock of the Company are not available for participant loans. No loan shall be granted in an amount less than the principal sum of $1,000. Loans will be limited to the lesser of 50 percent of their vested account balance or $50,000, and must be in the form of a signed note with a reasonable and definite repayment schedule paid through payroll deductions. The loans are secured by the vested balance in the participant's account and bear interest at rates ranging from 3.25 to 9.50 percent, which is commensurate with local prevailing rates as determined by the Plan administrator. The interest rate will be fixed for the duration of the loan.

Participant investment rollovers – Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

Payment of benefits – For termination of service due to death, disability or retirement, a participant with a vested account balance that exceeds $5,000 may elect to receive the distribution as a single lump-sum payment or receive installments over a period of not more than the participant's or the beneficiaries' assumed life expectancy. For termination of service due to other reasons, a participant with an account balance greater than $5,000 may elect to receive the value of the vested benefit in his or her account as a lump-sum distribution before the date it would normally be distributed (upon death, disability, or retirement). Account balances of less than $5,000 are distributed as soon as administratively feasible following severance of employment.

Forfeited accounts – Forfeitures must be disposed of no later than the last day of the Plan year following the Plan year in which the forfeiture occurs. The employer may direct the administrator to use forfeitures to reinstate previously forfeited account balances of former participants, if any, be used to satisfy any contribution, or used to pay any administrative expenses of the Plan. The remaining forfeitures, if any, shall be allocated to participants' accounts as defined in the Plan. At December 31, 2023 and 2022, forfeited non-vested accounts totaled $766 and $1,483 respectively.

Put option – If company stock is distributed to a participant, the participant has a right to require the Employer to repurchase the company stock distributed to such participant under a fair valuation formula. The put option must be exercisable only by the participant, by the participant's donees, or by a person to whom the company stock passes by reason of the participant's death. The put option must permit the participant to put the company stock to the employer. Under no circumstances may the put option bind the Plan. However, it shall grant the Plan an option to assume the rights and obligations of the Employer at the time that the put option is exercised. The put option shall commence as of the day following the date the company stock is distributed to the participant and end sixty days thereafter and if not exercised within such period, an additional sixty day option shall commence on the first day of the fifth month of the Plan year next following the date the stock was distributed. When the put option is exercised and there is a total distribution, the payment will be made in substantially equal periodic payments that occur at least annually for five years.

Administration and trustees – The general administration of the Plan is performed by the Audit Committee appointed by the Board of Directors of the Company. The Audit Committee has broad powers regarding supervision and administration of the Plan.

Pursuant to the terms of the Plan, the Company's Board of Directors has appointed two members to act as the Plan's Board of Trustees. Among other duties, the Board of Trustees is responsible for receiving and investing contributions, managing investments, making payments to participants in accordance with the Plan and performing other actions as directed by the administrator.

Reshuffling – The Plan administrator will transfer employer stock into or out of Plan accounts for administrative purposes, such as distributions, diversifications, or segregation upon a participant's termination. The Plan administrator will reshuffle on an annual basis participant accounts based on the most recent valuation of the employer stock as of such date.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Unrealized appreciation or depreciation in the fair value of common stock held at year-end and realized gain or loss on sales of common stock during the year are determined using the fair value at the beginning of the year or cost, if acquired since that date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The investment in common stock is in that of the Company and the interest-bearing cash account is at Lone Star National Bank.

Notes receivable from participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Excess distributions receivable – Amounts receivable to the Plan for overpayment of distributions are recorded as an asset.

Excess contributions payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions.

Payment of benefits – Benefits are recorded when paid.

Operating expenses – The Plan permits the payment of all reasonable Plan administration expenses to be paid out of the Plan assets unless paid for by the Company. The Plan will assess against an individual Participant's account certain Plan expenses that are incurred by, or are attributable to, a particular Participant based on the use of a particular Plan feature. Expenses in excess of those fees are paid by the Company.

Reclassifications – Certain amounts in the prior year's presentation have been reclassified to conform to the current year's presentation. These reclassifications had no effect on previously reported net assets available for benefits.

Date of management's review – Subsequent events were evaluated through October 10, 2024, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Cash and cash equivalents: Recorded at cost, which approximates fair value.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held in the underlying mutual fund investments as provided by fund managers.

U.S. Government securities: The fair values of U.S. treasury bonds are based on quoted market prices in active markets, and are included in the Level 1 fair value hierarchy. For U.S. agency bonds the Plan obtains fair value measurements from an independent pricing service, which considers observable market inputs; the fair values of U.S. agency bonds are included in the Level 2 fair value hierarchy.

Common stock: Value determined by an annual independent appraisal. This appraisal was based on a combination of the market and income valuation methods consistent with prior years. The appraiser took into consideration historical and projected earnings, the economic outlook for the Company's primary market area and the banking industry, and publicly available information for financial institutional values.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions

to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	Fair Value Measurements at Reporting Date Using:			
December 31, 2023	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 1,868,887	$ -	$ -	$ 1,868,887

Common stock (139,754 shares)	-	-	12,822,430	12,822,430
Total investments in their fair value hierarchy	$ 2,784,656	$ 16,723,041	$ 12,822,430	$ 32,330,127

December 31, 2022	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 700,866	$ -	$ -	$ 700,866
U.S. treasury bonds	1,040,584	-	-	1,040,584
U.S. agency bonds	-	448,451	-	448,451
Pooled separate accounts	-	13,162,043	-	13,162,043
Cash held in insurance company general account	48,786	-	-	48,786
Common stock (139,754 shares)	-	-	11,844,152	11,844,152
Total investments in their fair value hierarchy	$ 1,790,236	$ 13,610,494	$ 11,844,152	$ 27,244,882

The following table presents a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2023:

Balance, beginning of year	$ 11,844,152
Unrealized appreciation in estimated fair value	978,278
Balance, end of year	$ 12,822,430

The Company evaluates the significance of various inputs to assess the appropriate classification of the Plan's investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Transfers between levels are evaluated for their significance based upon the nature of the investment and size of the transfer relative to the net asset available for benefits.

Note 4 – Investment Contract with Life Insurance Company

The investment contract with an insurance company is a group annuity contract with John Hancock Life Insurance Company ("John Hancock"). The contract includes variable investments offerings through Pooled Separate Accounts. These unregistered Pooled Separate Accounts are divided into investments divisions called 'Sub-Accounts.' Each Sub-Account invests in shares of an underlying registered investment company (mutual fund).

Note 5 – Concentrations

Investments of the Plan are either in Lone Star National Bancshares – Texas, Inc.'s common stock, in an interest bearing checking account, a non-interest bearing cash account, a money market fund, U.S. Government securities or placed with John Hancock Life Insurance Company. Investments with John Hancock Life Insurance Company are in Pooled Separate Accounts, which represent ownership of units of participation in pooled investments in mutual funds rather than specific assets.

Note 6 – Related Party Transactions

For the years ended December 31, 2023 and 2022, no shares of Company common stock were purchased by the Plan. The Company also paid dividends of $743,508 to the ESOP during the year ended December 31, 2023.

Participants are responsible for contract administrator fees, which include asset management fees, loan processing fees and distribution fees which totaled $122,477 for the Plan year ended December 31, 2023. The Company fully absorbs the remaining administration expenses which totaled $73,800 for the Plan year ended December 31, 2023. The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

These transactions are exempt party-in-interest transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 8 – Tax Status

The Internal Revenue Service has determined and informed the Company by the most recent letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the most recent determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 9 – Risks and Uncertainties

The Plan invests in a variety of investment securities. Investments in general are exposed to various risks, such as interest rate, market, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – Reconciliation of Financial Statements to Schedule H, Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31,	
	2023	2022
Net assets available for benefits per the financial statements	$ 33,545,152	$ 28,263,491
Excess contributions payable	8,962	-
Net assets available for benefits per Schedule H, Form 5500	$ 33,554,114	$ 28,263,491

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements to net income per Schedule H of Form 5500:

	Year Ended December 31, 2023
Net increase in net assets available for benefits per the financial statements	$ 5,281,661
Increase in excess contributions payable	8,962
Net income per Form 5500	$ 5,290,623

Note 11 – Subsequent Events

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 provisions include both required and optional elements. The Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 financial statements.
