INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of

the Windsor Capital Group 401(k) Savings Program

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Windsor Capital Group 401(k) Savings Program, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Windsor Capital Group 401(k) Savings Program's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Windsor Capital Group 401(k) Savings Program and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Windsor Capital Group 401(k) Savings Program's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Windsor Capital Group 401(k) Savings Program's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Windsor Capital Group 401(k) Savings Program's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets as of December 31, 2023 and 2022 and Schedule H, Line 4a – Delinquent Participant Contributions as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial

statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the Windsor Capital Group 401(k) Savings Program (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective January 1, 1994, Windsor Capital Group, Inc. (the "Company") adopted the Plan. The Plan is a contributory savings plan under Section 401(k) of the Internal Revenue Code (the "Code"). All employees except collectively bargained employees, certain nonresident aliens and leased employees are eligible to participate when they have attained age 21. New hires who are at least 21 years of age are allowed to participate in the Plan 90 days after their hire date (contingent upon participation election being made 30 days from the hire date). Subsequent participation enrollment occurs on the first day of the pay period after eligibility requirements have been met.

The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA") and has been amended as required to comply with the current provisions of ERISA.

Plan Administration

The Plan is administered by the Windsor Capital Group, Inc. Plan Committee (the "Plan Administrator" or the "Committee"). The Plan Administrator has been given all powers necessary to carry out its duties, including, but not limited to, the power to administer and interpret the Plan, to answer all questions affecting eligibility of participants in the Plan and to authorize disbursements for the payment of Plan benefits. The Plan Administrator has contracted with C-Biz Benefits and Insurance Services as the Third Party Administrator ("TPA").

Trustees, Custodian and Fund Manager of Investments

The Company is the Plan administrator of the Plan. The Plan investments are invested with Voya Retirement Insurance and Annuity Company ("Voya") which holds the Plan investments as trustees of the Plan.

Contributions

Under the Plan agreement, an employee may elect to make annual contributions to the Plan in amounts that do not exceed limits established by the Code. Company matching contributions are subject to certain limitations and are at the discretion of the Company.

There were no employer matching contributions for the years ended December 31, 2023 and 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, plus earnings thereon, and is charged for any distributions. Allocations are based on participant earnings or account balances, as defined. The participant is entitled to a benefit equivalent to the amount of the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of participants' accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of service, the attainment of normal retirement age (the last day of the month in which age 65 is attained), death, total permanent disability while employed, or in the event of the Plan's termination. The vesting percentages are described as follows:

Years of Service	Vested %
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

The Plan allows participant loans. All participant loans must be a minimum of $1,000. All loans are secured by the balance in the participant's account and generally must be repaid in five years. All loans bear interest at prime rate plus 1%, as defined.

Payment of Benefits

Upon death, disability, or normal retirement, as defined in the Plan document, participants become fully vested in their accounts. Benefit payments are made in a lump sum payment or annual installments based on the participant's election. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Corrective distributions are paid to those participants

who have made contributions to the Plan in excess of Internal Revenue Code ("IRC") provisions.

At December 31, 2023 and 2022, there were no amounts due to terminated employees who had elected to withdraw from the Plan.

Forfeitures

Forfeitures of nonvested matching contributions can be used to reduce future employer contributions and pay Plan administrative fees. No forfeitures were used to reduce Plan contributions or pay Plan administrative fees in 2023 or 2022. The remaining forfeitures available as of December 31, 2023 and 2022 totaled $42,585 and $40,627, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with United States Generally Accepted Accounting Principles ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally world receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net

appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment (referred to as a deemed distribution) based on the terms of the Plan document. There were no deemed distributions for the year ended December 31, 2023 and 2022.

At December 31, 2023 and 2022, employee loans outstanding totaled $45,028 and $41,594, respectively.

Net Appreciation in Fair Value of Investments

Realized and unrealized appreciation is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments.

Realized and unrealized appreciation in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation or on the last day of the year for unrealized appreciation.

Administrative Expenses

The Company may, but is not obligated to, pay all or part of the administrative expenses of the Plan. To the extent not paid by the Company, the Plan will pay such expenses. During the 2023 and 2022 Plan years, the administrative expenses paid by the Company approximated $14,500. The Plan pays for asset and management fees for the Plan investments. (See Note 6)

Reclassifications

Certain reclassifications have been made to the 2022 financial statements to conform to 2023 presentation.

Date of Managements Review

Subsequent Events were evaluated through October 15, 2024, which is the date the financial statements were available to be issued.

Note 3 – Certified Financial Information

The financial information included in the Plan's financial statements as it relates to investments assets, investment transactions, investment income, notes receivable from participants, and the supplemental schedule of assets held at end of the year have been derived from information certified as complete and accurate by Voya for 2023 and 2022. This information was not audited, in accordance with the Plan Administrators Instructions and, as permitted by Section 29 CFR 2520.103-8 of the Departments of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Participants may direct contributions and any related earnings into various investment options. Participants may elect to transfer between investment options all or a portion of their account balance as frequently as allowed by the investment manager.

Note 4 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets available for Plan Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted market process for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

Level 2

Inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

The Pooled Separate Accounts are valued at their "accumulation unit value" ("AUV"). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts (typically the beginning AUV is $10.00) and is then determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the Contract's separate account charges. Transactions occur daily in and out of the accounts. The fund "net asset values" ("NAV") are available from the custodian. The Contract's daily asset charge (separate account charge) is communicated to plan management in the Contract and applicable notice of change. The Pooled Separate Accounts are classified as a Level 2 since the AUV is determined based on a combination of the fund NAV and the separate account charges.

The general account fund is valued based upon the credited interest rate, account balance and formulas upon which payments may be based are observable through the contract and related communications and are available online.

The following sets forth, by level within the Fair Value Hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2023			
Pooled separate accounts	$ 5,937,515	$ -	$ 5,937,515
General account funds	253,517	-	253,517
Total Investments at Fair Value	$ 6,191,032	$ -	$ 6,191,032

December 31, 2022

Pooled separate accounts	$ 5,658,736	$ -	$ 5,658,736
General account funds	238,719	-	238,719
Total Investments at Fair Value	$ 5,897,455	$ -	$ 5,897,455

Gains and losses (realized and unrealized) included in Statement of Changes in Net Assets available for Plan Benefits for the year ended December 31, 2023 and 2022 are reported in net (depreciation) appreciation in fair value of investments.

Note 5 – Related Party Transactions

Administrative expenses paid by the Plan for investment management services in 2023 and 2022 totaled $4,525 and $34,247, respectively.

Note 6 – Parties in Interest

Certain Plan investments are invested in funds managed by Voya. Voya is the Trustee for the Plan, therefore, these transactions qualified as parties-in-interest.

Note 7 – Corrective Distributions

In order to comply with the contribution limitations of Code Sections 401(k) and 415, the Plan from year to year will refund amounts to certain employees who have made contributions in excess of limits established by the IRC. As of December 31, 2023 and 2022, the Plan accrued $31,632 and $31,461 in excess contributions due participants. The 2023 and 2022 corrective distributions were made in a timely manner and will not be subject to an excise tax penalty.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to amend or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

Note 9 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022 to Schedule H of Form 5500:

	2023	2022
Net assets available for benefits per Schedule H of Form 5500	$ 6,236,060	$ 5,939,049
Excess contributions	(31,632)	(31,461)
Net assets available for benefits per the financial statements	$ 6,204,428	$ 5,907,588

The following is a reconciliation of the change in net assets available for Plan benefits per the financial statements at December 31, 2023 and 2022 to Schedule H of Form 5500:

	2023	2022
Increase (Decrease) in net assets available for Plan benefits per Schedule H of Form 5500	$ 297,011	$ (1,578,680)
Less: Excess contributions accrued at December 31, 2023 and 2022, respectively	(31,632)	(31,461)
Add: Excess contributions accrued at December 31, 2022 and 2021, respectively	31,461	31,914
Increase (Decrease) in net assets available for Plan benefits per financial statements	$ 296,840	$ (1,578,227)

Note 10 – Tax Status

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2018, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Code, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes

the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

Note 11 – Failure to Transmit Contributions Timely

In 2023, participant contributions totaling $1,433 were not remitted to the Plan within the allowable timeframe per the Code and ERISA. The Company is in the process of correcting the late contributions. Lost participant earnings and interest will be calculated and submitted to the Plan in 2024.

Note 12 - Risks and Uncertainties

The Plan provides for investments in various mutual fund accounts. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the various risk factors in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Participants may invest in certain mutual fund accounts that invest in the securities of foreign companies or companies with significant operations in foreign countries, which involve additional special risks and considerations not typically associated with investing in U.S. companies. These risks include but are not limited to devaluation of currencies, less reliable information about issuers, different securities transaction regulations, clearance and settlement practices, and possibly adverse political and economic developments. Moreover, the securities of many foreign companies may be less liquid and their prices more volatile than those securities of comparable U.S. companies.
