INDEPENDENT AUDITORS' REPORT

To the Trustees
The Don Chapin Company, Inc.
401(k); Profit Sharing; Prevailing Wage Plan and Trust
Salinas, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Don Chapin 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Notes 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of The Don Chapin Company, Inc. (Company), 401(k); Profit Sharing; Prevailing Wage Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a single employer defined contribution, profit sharing, prevailing wage and salary reduction plan covering full-time employees of the Company, and Landset Engineers, Inc. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each participant who is not a member of a union, has completed six months of service, and is at least 21 years old, may elect to defer a portion of their compensation up to the Internal Revenue Code (IRC) Section 402(g) dollar limitation in effect for the year. Participants may also contribute amounts representing distributions from other qualified defined contribution plans to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants can make contributions up to the deferral limit of $22,500 (or $30,000 if age is 50 or older) for 2023. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company makes safe harbor matching contributions equal to 100% of participant's salary deferrals that are not in excess of 4% of participant's compensation.

The Company makes contributions to participant accounts to satisfy prevailing wage laws.

Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Participants in the Company's profit sharing contributions must have completed a year of service and at least 1,000 hours during the Plan year, be at least 21 years old and still be actively employed on the last day of the Plan year and must have joined the Plan on the next plan entry date after meeting these requirements.

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with their contributions and the Company's matching contribution, the Company's profit sharing contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid for by their individual account. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled $48,963 and $42,478, respectively. Forfeitures are first used to pay administrative expenses and any remaining forfeitures are used to reduce nonelective contributions or to reduce matching contributions. In 2023, there were no Plan fees that reduced forfeited nonvested accounts.

Vesting

Participants are immediately 100% vested in their elective salary deferral contributions, the Company's prevailing wage contributions, the Company's contribution matching and actual account earnings thereon. Vesting in the Company's discretionary profit-sharing contributions are based on years of continuous service. Vesting is determined under the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, or other reasons, the participant will receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Payments are recorded when paid.

When an active participant reaches age 59 1/2 and continues to work for the Company, the participant is eligible to receive a partial or full distribution of their account. The Plan also allows distributions to active participants for financial hardships, if certain criteria are met.

Notes Receivable from Participants

Participants' may borrow from their account a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. These loans are secured by the vested balance in the participant's account. The Plan Administrator will determine a reasonable fixed rate of interest by reviewing the interest rates charged for similar types of loans by other lenders.

The maximum number of Plan loans that you may have outstanding at any one time is two (2).

Generally, the term of the loan may not exceed five years, unless the loan is used to purchase a principal residence. If this is the case, the Plan Administrator may permit a longer repayment term.

Principal and interest are paid ratably through weekly payroll deductions. Upon termination of employment, principal and interest are payable in full.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions for the year ended December 31, 2023.

Payments of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation and depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued.

3. INVESTMENTS

The December 31, 2023 and 2022, financial statements and supplemental schedules were taken directly from statements provided and certified as complete and accurate by Voya Institutional Trust Company, the trustee of the Plan:

During 2023 and 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2023	2022
Mutual Funds	$ 3,613,590	$ (3,782,153)

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB (ASC) 820 are described as follows:

4. FAIR VALUE MEASUREMENTS (Continued)

Level 1 Fair Value Measurements – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies used during the years ended December 31, 2023 and 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies (Mutual funds) – Valued at the net asset value of shares held by the Plan at year end.

Fixed annuities – Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

4. FAIR VALUE MEASUREMENTS (Continued)

The Plan's investments, reported at fair value in the accompanying Statements of Net Assets Available for Benefits, at December 31 are as follows:

	2023	2022
Level 1:		
Registered Investment Companies (Mutual Funds):		
Asset Allocation	$ 8,641,414	$ 6,888,991
Balanced	5,146,677	4,579,581
Large Cap Value	4,257,571	3,614,644
Large Cap Growth	2,389,811	1,893,383
Small/Mid/Specialty	1,723,888	1,658,873
Global/International	1,062,313	930,597
Bonds	400,973	324,248
	23,622,647	19,890,317
Money Market	48,963	42,478
	23,671,610	19,932,795
Level 2:		
Fixed Annuities	8,109,617	7,786,182
	$ 31,781,227	$ 27,718,977

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time. Upon termination, all amounts credited to participant accounts will be 100% vested. Benefits provided by the Plan are not insured by the Pension Benefit Guaranty Corporation (PBGC) under Title IV of the Employee Retirement Income Security Act of 1974 because the insurance provisions under ERISA are not applicable to this type of plan.

6. TAX STATUS

The Plan operates under provisions of a Voya Retirement Insurance and Annuity Company volume submitter plan document which received an opinion letter from the IRS dated June 30, 2020, which stated that the volume submitter plan, as then designed, was acceptable under applicable sections of the IRC for use by

6. TAX STATUS (Continued)

employers for the benefit of their employees. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2020.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

At December 31, 2023 and 2022, the Plan held 0.15% of its assets at a money market account and in an annuity managed by the custodian of the Plan.

In 2023, there was one (1) instance of a late deposit out of fifty-four (54) payroll dates with employee 401(k) deferrals. The late deposit resulted from changes in payroll staff. The Company will make before year end all corrections and will calculate and fund lost earning amounts. See the supplemental information, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions.

During 2023, the Company inadvertently missed updating prevailing wage rates in effect, in part due to staffing changes. The incorrect rates caused an underpayment to certain employees' retirement account, as the Company has elected to pay these wages as a fringe benefit. The Company will correct the

8. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS (Continued)

error by funding the $17,000 of underpayment to the Plan by December 31, 2023. This $17,000 is included in employer contributions in the Statement of Net Assets Available for Benefits, as well as in employer contributions in the Statement of Changes in Net Assets Available for Benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2023	2022
Net assets available for benefits per the financial statements	$ 33,154,333	$ 29,099,804
Accrual to cash adjustments:		
Deemed loans (current and prior period)	(74,582)	(111,545)
Prevailing wages	(17,000)	-
Net assets available for benefits per Form 5500	$ 33,062,751	$ 28,988,259
