Report of Independent Auditors

Plan Administrator
Eagle Group International, LLC 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of the Eagle Group International, LLC 401(k) Plan (the Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits also included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2009 and 2008, and the changes in its net assets available for benefits for the year December 31, 2009, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2009 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Eagle Group International, LLC 401(k) Plan

Notes to Financial Statements

1. Description of the plan

The following description of the Eagle Group International, LLC 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which prior to 2009 covered all employees of Eagle Group International, LLC (the Company) who are age 21 or older and have completed at least one month of service as defined by the Plan, excluding employees under collective bargaining agreements, temporary or seasonal employees, and leased employees. The Plan was frozen to new participants and contributions on December 22, 2008. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company is the Plan Sponsor and the Plan Administrator.

Contributions

Effective with last payroll in 2008, contributions to the Plan were discontinued. Prior to that time, participants could elect to make salary reduction contributions up to 90% of their compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants may direct their contributions into various investment options offered by the Plan. They may change their investment allocations daily. The Plan currently offers a money-market fund, mutual funds, and one common/collective trust fund as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary profit-sharing contribution and (b) Plan earnings/losses. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Vesting

Participants are immediately vested in their contributions and the Company's contribution portion of their accounts, plus actual earnings thereon.

Participant loans

Participants may borrow from their account a minimum loan of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may only have up to two loans outstanding at any time. The term of the loan may not exceed five years. Loans bear interest at a reasonable rate as determined by the Plan Administrator based on prevailing interest rates charged by persons in the business if lending money for loans made under similar circumstances. Interest rates on outstanding balances ranged from 5% to 9.25% at December 31, 2009. Principal and interest are paid ratably through payroll deductions.

Eagle Group International, LLC 401(k) Plan

Notes to Financial Statements

1. Description of the plan (continued)

Payment of benefits

On termination of service for any reason, the participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the total benefit is less than \$1,000 then an automatic distribution will be made. If the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or receive the distribution directly, then the Plan Administrator shall pay the distribution in a direct rollover to an individual retirement plan. Benefits paid to participants are recorded upon distribution.

Administrative expenses

Direct and other indirect administrative expenses may be paid by the Company or the Plan and when charged to the Plan are allocated to each of the participant accounts. Fees paid by the Plan are for participant requested services, such as loan processing and distribution processing.

2. Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

According to Financial Accounting Standard Board (FASB) Accounting Standard Codification (ASC) 962 and ASC 965, investment contracts held by a defined-contribution plan are required to be reported at fair value. Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets present the fair value of the fully benefit-responsive investment contracts as well as the adjustment from fair value to contract value for fully benefit-responsive investment contracts. The statement of changes in net assets is prepared on a contract value basis. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment income

Purchases and sales of securities are recorded on a trade-date basis. Income is recognized using a daily valuation method based on the daily changes in the market value. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date.

2. Summary of Accounting Policies (continued)

Recent Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board (FASB) issued a standard to provide additional guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to its normal market activity. The standard also provided additional guidance on circumstances that may indicate that a transaction is not orderly and on defining major categories of debt and equity securities. The Plan adopted the guidance in the standard for the reporting period ended December 31, 2009. Adoption of the standard did not have a material effect on the Plan's Statements of Net Assets or its Statement of Changes in Net Assets.

In May 2009, the FASB issued a standard related to accounting for and disclosure of events that occur after the balance sheet date, but before financial statements are issued or are available to be issued. The standard was amended in February 2010. The Plan has adopted the standard, as amended.

In January 2010, the FASB issued an accounting standard update to clarify certain existing fair value disclosures and require additional disclosures related to fair value measurements. The guidance in the update clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. The update also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, the update introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in the update becomes effective for reporting periods beginning after December 15, 2009. Management is currently evaluating the effect that the provisions of the update will have on the Plan's financial statements.

The Plan is not currently affected by the issuance of additional accounting standards related to fair value mentioned above due to the plan assets being invested in mutual funds, common/collective trust, and participant loans which are valued as Level 1, Level 2, and Level 3 investments, respectively. Accordingly, the Plan has no changes related to modifications in investment classifications from the prior year financial statement.

3. Investments

The Plan had investment gains in 2009 of \$2,471,634 in mutual funds.

Single investments that represent 5% or more of fair value of the Plan's net assets as of December 31, 2009 and 2008, are separately identified as follows:

Eagle Group International, LLC 401(k) Plan

Notes to Financial Statements

3. Investments (continued)

	2009	2008
Columbia Marsico 21st Century Fund	\$ 687,703	\$ 709,961
Fidelity Advisors Energy Fund	741,508	582,526
Fidelity Advisors Dynamic Capital Apprec Fund	N/A	540,278
Fidelity Advisors Stable Value Fund	606,604	514,197
Fidelity Advisors Freedom 2040 Fund	2,998,983	2,678,668
Fidelity Prime Fund	972,678	1,138,343
Blackrock Natural Resource Fund	608,056	433,157

4. Fair Value Measurements

The accounting standard for fair value measurements defines fair value, establishes a market-based framework or hierarchy for measuring fair value, and expands disclosures about fair value measurements. The standard is applicable whenever assets and liabilities are measured and included in the financial statements at fair value.

The fair value hierarchy established in the standard prioritizes the inputs used in valuation techniques into three levels as follows:

- Level 1 – Observable inputs – quoted prices in active markets for identical assets and liabilities;
- Level 2 – Observable inputs other than the quoted prices in active markets for identical assets and liabilities – includes quoted prices for similar instruments, quoted prices for identical or similar instruments in inactive markets, and amounts derived from valuation models where all significant inputs are observable in active markets; and
- Level 3 – Unobservable inputs – includes amounts derived from valuation models where one or more significant inputs are unobservable and require us to develop relevant assumptions.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds are valued by the fund manager based on the closing market prices of securities in the fund's portfolio. The net asset value (NAV) per share is the total value of the fund divided by the number of shares outstanding. Mutual funds are traded at their NAV on a nationally recognized securities exchange.

The common/collective trust is valued by the trustee based on the closing market prices of securities in the trust's portfolio. The NAV per share is the total value of the trust divided by the number of shares outstanding. The NAV is corroborated by observable market data (e.g., purchases or sales activity).

Participant loans are valued at amortized cost, which approximates fair value, and are considered to be Level 3 within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation

4. Fair value measurements (continued)

methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008, respectively:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 972,678	\$ -	\$ -	\$ 972,678

Total assets	<u>\$ 9,392,398</u>	<u>\$ 500,007</u>	<u>\$ 885,203</u>	<u>\$ 10,777,608</u>

Participant loans are valued at \$742,819 and \$884,738 as of December 31, 2009 and 2008, respectively. The changes in the value are attributable to loan repayments net of loan issuances in 2009.

5. Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Eagle Group International, LLC 401(k) Plan

Notes to Financial Statements

6. Tax Status

Effective June 1, 2007, the Plan adopted a non-standardized form of a prototype plan sponsored by Fidelity Management Trust Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

7. Risks and Uncertainties

The Plan invests in mutual funds and a common/collective trust. Such investments are exposed to various risks such as market and credit risks. Due to the level of risk associated with such investments, and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term would materially affect investment balances and the amounts reported in the financial statements.

8. Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid administrative expenses to Fidelity Management Trust during the year ended December 31, 2009.

9. Subsequent Events

It is anticipated that during the fourth quarter of 2010 account balances reflecting the assets and liabilities of the Plan will be transferred to certain other savings plans sponsored by Lockheed Martin Corporation, and the Plan will be merged with and into those plans. The aforementioned other savings plans will be the surviving plans.

The Plan's management has evaluated subsequent events through October 7, 2010, the date the financial statements were available to be issued.
