1. Description Of the Plan

The following description of the **Buffini & Company 401(k) Profit Sharing Plan** ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The **Buffini & Company 401(k) Profit Sharing Plan** was established on January 1, 1999, to enable eligible employees to share in the Company's earnings and permit employees to make pre-tax contributions to the Plan; thereby, providing employees with an opportunity to accumulate funds for their retirement.

The Plan is a defined contribution plan established and sponsored by **Buffini & Company** ("Company"). The Plan covers substantially all employees of the Company and is administered by the Company. The Plan's Custodian was Massachusetts Mutual Life Insurance Company through October 31, 2009. Effective November 1, 2009, DWS Trust Company ("DWS") has the authority and responsibility for the management and investment of Plan assets. As of December 31, 2009, DWS was the trustee of the Plan.

Participants in the Plan may choose to have their voluntary and employer contributions allocated among twenty investment alternatives. There are no non-participant directed funds.

Eligibility

An employee is eligible to participate in the Plan upon completing one year of service, or if earlier, six consecutive full calendar months of employment, as defined in the Plan agreement. Eligible employees may enroll at the beginning of each quarter.

Contributions

Each participant may elect to contribute to the Plan up to the lesser of 100% of eligible compensation or the maximum allowed by the Internal Revenue Service for the portion of the Plan year in which the employee was a participant.

The Company must contribute an amount equal to 25% of the participant's elective deferral, with the contribution to not exceed 3% of the participant's eligible compensation for 2009. The Company contributed $40,762 to the Plan for the 2009 matching requirement.

Contributions, cont'd

The Company may also make discretionary contributions to the Plan. In any year that a discretionary contribution is made, the contributions are allocated pro rata as a uniform percentage of Participant Compensation. A participant is eligible to receive a discretionary contribution if the participant is employed with the Company on the last day of the Plan year and has completed 1,000 hours of service during that year. The Company did not make a discretionary contribution for 2009.

Vesting

The portions of the participant's account attributable to elective deferral contributions and rollover contributions are 100% vested and non-forfeitable. A year of service is defined as a twelve-month computation period during which 1,000 hours of service are performed. Employer contributions vest 20% after one complete year of service, as defined in the Plan agreement, and an additional 20% for each complete year of service thereafter until fully vested. However, non-terminated participants become fully vested at their normal retirement date or upon their death.

During 2009 a reduction in force within the Company resulted in a partial plan termination. All participants with involuntary separations during plan year 2009 were fully vested in the employer matching contributions and discretionary contributions made to the plan on their behalf.

Forfeitures

Unvested amounts forfeited by terminated participants may first be used to pay administrative fees of the Plan. Any remaining amounts are applied to future employer contributions. During the Plan year ended December, 31, 2009, approximately $104,000 of forfeitures was used to reduce employer contributions. There were no unallocated forfeitures as of December 31, 2009.

Allocations

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. Allocations are based on the ratio that each eligible participant's elective deferral bears to the total elective deferrals of all eligible participants subject to certain limitations. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Loans

The Plan allows participants to borrow against their vested balances. Loans may not be made for less than $1,000 and may not exceed the lesser of $50,000 or 50% of a participant's vested balance. Loan repayment periods may not exceed five years except loans used to acquire a principal residence. In such case, the loan repayment period will be determined by the Plan Administrator.

The Plan's administrator determines the loan interest rate with the intention of providing the Plan with a return commensurate with the interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest payments are paid to the borrower's account through after-tax payroll deductions.

Benefit payments

The Plan provides for benefits to be distributed in a lump sum, or installments over a certain number of years, at death, the normal retirement age of 65, or upon termination, as soon as administratively practical. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump sum distribution or in installments.

Participants may withdraw any or all of their contributed account balances at any time during the Plan year provided certain hardship conditions, as defined in the Plan, have been met.

Plan expenses

Plan expenses may be charged against forfeitures. The remainder of the expenses is then paid by the Company. Approximately $2,000 of administrative expenses was paid from forfeitures during the plan year.

Plan termination

While the Company has not expressed any intent to terminate the Plan, in the event of such a termination, the Plan agreement provides that the participants' accounts become fully vested and non-forfeitable upon termination of the Plan, and then will be distributed.

2. Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of accounting

The Plan uses the accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and earnings

The Financial Accounting Standards Board ("FASB") establishes authoritative guidance on fair value measurements which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Level 1 – Valuation is based upon quoted prices in active markets for identical assets or liabilities.

Level 2 – Valuation is based upon other significant observable inputs (including quoted prices for similar assets or liabilities in active markets, identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, etc.).

Level 3 – Valuation is based upon significant unobservable inputs, including the reporting entity's own assumptions in determining the fair value of investments.

The inputs or methodology used by valuing securities are not necessarily an indication of risk associated with investing in those securities.

The FASB issued additional guidance in 2009, requiring that fair values be detailed by major asset category, within the fair value hierarchy, and this should be adopted on a prospective basis. Retrospective adoption is not required and has not been adopted.

Investment valuation and earnings, cont'd

Accordingly, a summary of the fair value hierarchy under this guidance is described below.

3. Investment Information Certified by the Plan's Custodian (Unaudited)

Mutual funds and money market funds are stated at fair value. Fair value has been measured using quoted market prices in an active market. Pooled separate accounts are stated at fair value based on the net asset value of units held by the Plan at the respective year-end. Participant loans are valued at the amount of unpaid principal, which approximates fair value.

3. Investment Information Certified by the Plan's Custodian (Unaudited), Cont'd

Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

4. Excess Contributions Payable

During the years ended December 31, 2009 and 2008, the Plan failed certain of its nondiscrimination tests. As a result, refunds of excess contributions are required to be paid out to participants in order for the Plan to meet compliance testing requirements. Accruals were made for these excess contributions amounting to approximately $57,000 and $68,000 for the years ended December 31, 2009 and 2008, respectively. Refunds are paid in the year subsequent to the year in which these excess contributions occurred.

5. Tax Status

The Plan is a standardized prototype plan. The standardized prototype plan received an opinion letter from the Internal Revenue Service dated January 11, 2002, indicating that the Plan and related Trust satisfy the requirements of Section 401(a) and 501(a), respectively, of the Internal Revenue Code of 1986, as amended (the "Code"). The Plan is required to operate in accordance with the Code to maintain its tax qualification. Effective November 1, 2009, the Plan is a prototype plan. The Plan administrator believes that the Plan
