INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed the audits of the financial statements of the Palo Alto Community Child Care 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 (in liquidation). the statement of net assets available for benefits as of December 31, 2022 (ongoing), and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination

As described in Note 1 to the financial statements, the Plan sponsor's Board of Directors resolved to terminate the Plan and transition to a new deferred contribution employee benefit plan, effective January 1, 2024. Effective December 31, 2023, the Plan was terminated and all contributions to the Plan ceased. The Plan will continue to operate in accordance with the Plan agreement through October 31, 2024, at which time all assets will be distributed to participants. Our opinion is not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules included in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling the information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared the information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The Palo Alto Community Child Care 403(b) Plan (the Plan) was established to provide retirement benefits to eligible employees of Palo Alto Community Child Care (the Company). The Plan was most recently amended and restated as of December 31, 2023.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Termination:

The Company's Board of Directors resolved to terminate the Plan, effective December 31, 2023 (the Termination Date), and transition to a new defined contribution employee benefit plan. All contributions to the Plan ceased at the Termination Date. In accordance with the Plan agreement, the Plan will continue to operate through October 31, 2024 in order to distribute all Plan assets to the participants.

General:

The Plan was a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. Fidelity Management Trust Company (Fidelity) serves as the Plan trustee and record keeper. Fidelity holds, invests. and reinvests Plan assets in the interest and at the direction of the participants and their beneficiaries. An administrative committee, consisting of Company employees, helps administer the Plan and is responsible for selecting investment options offered under the Plan and monitoring investment performance.

Eligible Participants:

Employees, as defined by the Plan agreement, could participate in the Plan through the Termination Date on the first day of any month after starting employment with the Company.

Contributions:

Participants could contribute a percentage of their pre-tax and after-tax annual compensation, as defined, to the Plan through the Termination Date. Participants who had reached the age of 50 could also elect to withhold additional catch-up contributions under the Code. Participants could also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers), subject to Code regulations.

1. Description of the Plan (continued)

Contributions: (continued)

The Company could make discretionary matching contributions to the Plan, as determined by the Company's Board of Directors. Employees were eligible for matching contributions after one year of service with the Company. The Company made matching contributions of $141,986 in 2023.

Contributions are subject to certain limitations under the Code.

Participant Accounts:

Participant accounts were credited with participant contributions, discretionary Company contributions, rollovers, and an allocation of the Plan's net earnings or losses through the Termination Date. Allocations of Plan net earnings and losses are based on participant earnings or account balances, in accordance with the Plan agreement. The benefit to which participants are entitled is the benefit that could be provided from the participant accounts.

Participants can elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. Participants can authorize transfers among investment options at any time.

Vesting:

Participants were immediately vested in their contributions, plus actual earnings (less any losses) thereon. Vesting in discretionary Company matching contributions, plus allocated earnings (less any losses) thereon, was based on years of continuous service in which at least 1,000 hours are worked in each year. Company contributions, plus earnings (less any losses) thereon, became 20% vested after two years of service and were fully vested after six years of service, or upon normal retirement, disability or death. Participants became fully vested in Company matching contributions at the Termination Date.

Forfeitures:

A terminated participant's non-vested account balance would be forfeited upon the earlier of the payment of vested benefits or the last day of the Plan year in which the participant incurred five consecutive one-year breaks in service. Forfeitures could first be used to restore previously forfeited accounts, then to pay Plan administrative expenses or to reduce Company contributions. The Plan had $17,985 of forfeitures at December 31, 2023 available for future use ($5,931 at December 31, 2022). Upon the Termination Date, benefits will be paid to participants in accordance with the Plan agreement.

1. Description of the Plan (continued)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Through the Termination Date, participants could borrow up to one-half of their vested account balance, for a minimum of $1,000, not to exceed $50,000, for a period not to exceed five years, except for amounts used to purchase a primary residence for which note terms of longer periods were permitted. Participant notes are evidenced by a written note, bear an interest rate of prime plus 1%, and are collateralized by the participant account balances. Participants could have one note outstanding at any given time. The interest rates on notes outstanding as of December 31, 2023 range from 4.25% to 9.25%. Repayment of principal and interest are generally made through payroll deductions.

Payment of Benefits:

Upon termination of employment, participants could elect to receive an amount equal to the value of their account balances through the Termination Date. Distributions were paid as soon as administratively feasible and could be paid in lump sum cash payments, in installment payments, or rolled into other qualified retirement plans or individual retirement accounts, as elected by the participants, subject to certain stipulations as defined in the Plan agreement. The Plan could elect to distribute terminated participant account balances without participant consent, if the balance was $5,000 or less. Benefits were recorded when paid.

Plan Expenses:

The investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the Plan's financial statements. Certain transaction and maintenance fees are paid by the Plan. All other administrative expenses related to the Plan are paid by the Company and are not reflected in these financial statements.

Risks and Uncertainties:

Participants can invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP) through the Termination Date. Upon Plan termination, the Plan's financial statements will be prepared under the liquidation method of accounting in accordance with GAAP.

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments:

Investments consist of mutual funds and money market funds as of December 31, 2023 and 2022. These funds are reported at fair value, which is the net asset value (NAV) of shares held by the Plan at year end, as quoted in active markets.

Fair Value Measurement:

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with those instruments.

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurement: (continued)

An investment's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The Plan's mutual funds and money market accounts are recorded at fair value and are classified within Level I of the fair value hierarchy as of December 31, 2023 and 2022.

Income Recognition:

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on the Plan's investments bought, sold, or held during the year.

3. Information Prepared and Certified by Fidelity

Fidelity, as the Plan's trustee, has certified the fair value of the following assets held as of December 31, 2023 and 2022, and net income for the year ended December 31, 2023, that were used in the preparation of the financial statements and supplemental schedules.

The following table summarizes the certified information:

	December 31,	
	2023	2022
Investments, at fair value	$ 9,162,837	$ 7,811,933
Notes receivable from participants	49,083	34,171
Total certified assets	$ 9,211,920	$ 7,846,104
Certified net income for the year ended December 31, 2023	$ 1,801,796	

4. Party-In-Interest Transactions

All Plan investments are managed by Fidelity. As Fidelity is the Plan's trustee, purchases and sales of investments by the Plan qualify as party-in-interest transactions. Note receivable transactions with participants also qualify as party-in interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. Income Tax Status

The Plan is a volume submitter plan offered by Northwest Retirement Plans, Inc. (Northwest). The Internal Revenue Service (IRS) has determined and informed Northwest by a letter, dated March 31, 2017, that the plan submitted for review was qualified under applicable provisions of the Code. The Plan has been amended and restated since receipt of the letter. The Company and the Plan believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified and the trust that forms a part of the Plan is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded, as of December 31, 2023, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

6. Non-Exempt Prohibited Transactions

In 2022, the Company did not remit participant contributions and note repayments totaling $25,255 timely, as required by the Department of Labor (DOL). The DOL considers these late remittances to be non-exempt prohibited transactions with the Plan sponsor that can jeopardize the Plan's tax-exempt status. The Plan sponsor intends to contribute estimated lost earnings to correct the non-exempt prohibited transactions in 2024.

7. Subsequent Events

Subsequent events have been evaluated through October 15, 2024, which is the date the financial statements were approved by the Plan administrator and available to be issued.
