INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Forrest Machining, Inc. 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Forrest Machining, Inc. 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Capital Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Forrest Machining, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective January 1, 1999, Forrest Machining, Inc. (the "Employer") established the Plan as a contributory profit sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code, subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective October 24, 2008, the Plan was amended to change the normal retirement age as defined by the Plan from 65 to 59 ½ years of age.

2. Eligibility

An employee is eligible to make salary deferral contributions to the plan on the first day of each quarter upon completion of one year of service and attainment of age 21. Employees are eligible for Employer matching and profit sharing contributions upon completion of one year of service during which at least 1,000 hours are worked and attainment of age 21. Employees who are non-resident aliens, leased employees, or reclassified employees are not eligible to participate in the Plan.

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, up to 100% of their eligible compensation up to the maximum deferral limit per Section 402(g)(1) of the Internal Revenue Code of $16,500 for the plan year ended December 31, 2009. In addition, the Employer may make matching contributions in an amount to be determined by its Board of Directors. No Employer matching contributions were made for the year ended December 31, 2009.

For each plan year, the Employer determines the amount of its discretionary qualified non-elective contributions and non-elective contributions to the Plan, if any. For the year ended December 31, 2009, Employer qualified non-elective contributions were $27,569 (see Note F).

4. Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Employer contributions, rollovers, and earnings of the Plan. Plan earnings are allocated based on participant account balances.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of several investment options offered by Capital Bank and Trust Company (the "Trustee"). Participants may change their investment options daily.

6. Participant Loans

Participants may borrow from their account a minimum of $1,000 up to a maximum of 50% of their vested account balance (not to exceed $50,000, less the highest outstanding loan balance during the prior twelve month period). All loans shall bear interest at a reasonable rate equivalent to the Wall Street Journal prime rate. Loans must be paid back within five years of the date of issuance in accordance with terms established by the plan administrator. Loans for the purchase of a principal residence may be paid back over a longer period of time, as determined by the Plan administrator, not to exceed 30 years. Loans are due and payable upon the participant's termination of employment with the Employer.

7. Vesting

Employee deferral contributions, employee rollovers, qualified non-elective contributions, and actual earnings thereon are fully vested at all times. Vesting of Employer matching contributions, Employer non-elective contributions, and actual earnings thereon occurs based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

8. Benefit Payments

Upon termination of employment with the Employer, a participant will automatically receive a lump sum disbursement if his or her vested account balance is $5,000 or less. If the vested account balance is greater than $5,000, the participant may elect to receive a lump sum disbursement at any date subsequent to termination. In the event of death or total and permanent disability, a participant's beneficiary or the participant is entitled to the total value of the participant's account.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

9. Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to reduce the Employer contributions for the Plan year following the Plan year in which the forfeitures occur. There were no outstanding forfeitures available as of December 31, 2009 and 2008.

10. Plan Termination

Although it has not expressed such intent, the Employer, by action of its Board of Directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The administrator of the Plan is responsible for carrying out the duties imposed under ERISA.

3. Administrative Expenses

Certain administrative expenses incurred by the Trustee in performance of its duties are paid from the assets of the Plan. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the Employer.

4. Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation/depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

7. Subsequent Events

Plan management has evaluated subsequent events through October 5, 2010, the date the financial statements were available to be issued, see Note I.

NOTE C - INVESTMENTS AND CERTIFICATION BY TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the Trustee as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

Total investments held and certified by Capital Bank and Trust Company in the accompanying statements of net assets available for benefits were $1,472,375 and $1,090,664 as of December 31, 2009 and 2008, respectively. The net investment income certified by Capital Bank and Trust Company in the accompanying statement of changes in net assets available for benefits was $196,813 for the year ended December 31, 2009.

NOTE C - INVESTMENTS AND CERTIFICATION BY TRUSTEE (Continued)

Investments that represent 5% or more of total net assets available for benefits as of December 31, 2009 and 2008 are as follows:

	2009	2008
Investments at fair value:		
AMCAP Fund	$ 127,855	$ 68,294
Capital World Growth and Income Fund	$ 94,476	$ 87,520
The Income Fund of America	$ 141,128	$ 85,878
American Balanced Fund	$ 234,741	$ 186,850
The Bond Fund of America	$ 55,713	$ 63,333
The Cash Management Trust of America	$ -	$ 332,681
Growth Fund of America	$ 77,043	$ 51,767
Money Market Fund	$ 436,761	$ -
Participant Loans	$ 94,500	$ 79,551

During the year ended December 31, 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $175,825. These investments consist primarily of mutual funds offered by the Trustee.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* (SFAS 157, *Fair Value Measurements*) establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 (SFAS 157) are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Money Market Fund: Valued at cash plus accrued interest.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Participant Loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009 and 2008:

Assets at Fair Value as of December 31, 2009

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds:				
Growth funds	$ 285,577	$ -	$ -	$ 285,577

Participant loans	-	-	79,551	79,551
Total assets at fair value	$ 1,011,113	$ -	$ 79,551	$ 1,090,664

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

Level 3 Assets for Year Ended December 31, 2009		
Balance, beginning of year	$	79,551
Purchases, sales, issuances and settlements (net)		14,949
Balance, end of year	$	94,500

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

The Trustee is a party-in-interest with respect to the Plan. Plan investments are held with the Trustee and therefore, these transactions qualify as party-in-interest transactions. Loans receivable from participants and the related interest income are also considered party-in-interest transactions.

NOTE F - TAX STATUS

The Internal Revenue Service ("IRS") issued its latest determination letter on July 1, 2004, which stated that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving its most recent determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Administration errors, if any, that are insignificant or operational in nature are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan failed the actual deferral percentage ("ADP") non-discrimination test for the 2009 and 2008 plan years. Corrections for the 2009 ADP test failures were made timely, and as a result of this failure, $30,176 is included in excess contributions payable in the statements of net assets available for benefits as of December 31, 2009. In March 2010, plan management discovered that corrections for the 2008 failure of the ADP test had not been completed timely. As a result, a qualified non-elective contribution in the amount of $27,569 was required to be deposited to the Plan, in addition excess contributions were refunded to certain highly compensated employees, in order to maintain the Plan's qualified tax status. As a result, $27,569 is included in the accrual for excess contributions payable and $27,569 is reflected as a qualified non-elective contribution receivable as of December 31, 2009. The plan administrator and tax advisors believe that the correction for this operational error has been properly handled under the IRS's Employee Plans Compliance Resolution System. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE G- RISKS AND UNCERTAINTIES

The Plan invests in various mutual funds. Mutual funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2009:

Net assets available for benefits per the financial statements	$ 1,444,854
Plus: Excess contributions payable	57,745
Less: Qualified non-elective contribution receivable	(27,569)
Net assets available for benefits per the Form 5500	$ 1,475,030

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2009:

Net increase to net assets available for benefits per the financial statements	$ 353,881
Plus: Excess contributions payable	57,745
Less: Qualified non-elective contribution	(27,569)
Net increase to net assets available for benefits per the Form 5500	$ 384,057
