Independent Auditor's Report

To the Plan Administrator of the
SEMX Corporation 401(k) Plan

We were engaged to audit the financial statements and supplemental schedule of the SEMX Corporation 401(k) Plan (the "Plan") as of December 31, 2009, and for the year then ended, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Merrill Lynch Bank & Trust Co., FSB, the trustee of the Plan. Their report, dated October 12, 2009, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of America, N.A. (formerly Merrill Lynch Bank & Trust Co., FSB), the trustee of the Plan, except for comparing the information with the related information included in the 2009 financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2009 financial statements and schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2009 financial statements and schedule taken as a whole. The form and content of the information included in the 2009 financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SEMEX Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2009 and 2008

Note 1 – Plan Description

The following description of the SEMEX Corporation 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan’s provisions.

General: The Plan is a single-employer defined-contribution plan covering all eligible employees of SEMEX Corporation and its domestic subsidiaries (the “Company”). Established March 1, 1994, the Plan provides for retirement, death and disability benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

In January 2009, the Company was acquired by another company; however, the Company’s domestic subsidiary, Electro-Comp Tape & Reel Services, Inc., was not acquired and was concurrently sold to one of the former shareholders of SEMEX Corporation. Due to the sale of the domestic subsidiary, the Plan was amended on February 19, 2009 to exclude the employees of Electro-Comp Tape & Reel Services, Inc. from the Plan.

Eligibility: Employees of the Company are eligible to participate provided they are age 21 or older and have completed one year of service.

Contributions: Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an investment contract as investment options for participants. Contributions are subject to certain limitations.

The Company contributes 100% of the first 3% of compensation that the participant contributes to the Plan each pay period. Additional discretionary profit-sharing amounts may be contributed at the option of the Company’s board of directors.

Participants’ Accounts: Each participant’s account is credited with the participant’s contribution, as defined, and allocations of (a) the Company’s contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s matching and discretionary contribution portion of the accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

SEMX Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2009 and 2008

Note 1 – Plan Description (continued)

Participant Loans: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their account balance. Loan terms are for periods up to five years, except in certain circumstances, as defined, when loan proceeds are used to acquire a principal residence, then repayment terms may be for more than five years. The loans are secured by the balance in the participant's account and bear interest rates that range from 4.25% to 9.25% as determined by the plan administrator at the time the loan is taken. Principal and interest are paid through payroll deductions each pay period.

Payment of Benefits: Upon termination of service due to retirement or disability, participants may, in accordance with the Plan's provisions, elect to receive their participating interest in (a) a lump-sum amount equal to the value of their vested account, or (b) installments over the joint life expectancy of participants and their spouses. For termination of service due to death or employment termination, beneficiaries or participants, respectively, may receive their participating interests as a lump-sum distribution.

A participant may make a hardship withdrawal if it is demonstrated that the withdrawal is necessitated by the participant's immediate financial need, as defined in the Plan. Hardship withdrawals are limited to participant contributions and any vested Company matching contributions.

Forfeitures: At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$2,685 and \$4,873, respectively. These accounts will be used to reduce future Company contributions. In 2009 and 2008, Company contributions were reduced by \$7,548 and \$6,333, respectively, from forfeited nonvested accounts.

Administrative Expenses: All administrative expenses are paid by the Company, except for fees related to participant loan transactions.

Note 2 – Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

SEMEX Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2009 and 2008

Note 2 – Summary of Significant Accounting Policies (continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Accounting for Uncertainty in Income Taxes: The Financial Accounting Standards Board ("FASB") issued an interpretation regarding Accounting for Uncertainty in Income Taxes. This interpretation clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB ASC 740-10, *Accounting for Income Taxes*, and is effective for fiscal years beginning after December 15, 2008. The Plan adopted the provisions of this pronouncement and the adoption did not impact the amounts reported in the Plan's financial statements.

SEMEX Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2009 and 2008

Note 3 – Investments

The following presents investments that represent 5 percent or more of the Plan's net assets as of December 31,

	<u>2009</u>		<u>2008</u>
JPMorgan Small Cap Equity Fund	\$ 1,316,803	\$	842,040
American Cap World Growth & Income (R-3)	710,540		526,181
Merrill Lynch Retirement Preservation Trust	684,250 **		746,370 **
Jennison 20/20 Focus Fund (A)	584,089		343,110
American Growth Fund of America (R-3)	574,942		432,113
JPMorgan Government Bond Fund	480,874		377,190

** The amount represents contract value for the investment.

During 2009 and 2008, the plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$895,465 and \$(1,315,889), respectively.

Bank of America, N.A. (formerly Merrill Lynch Bank & Trust Co., FSB) has certified that the Plan's investment balances and transactions as of December 31, 2009 and 2008, and for the years then ended, are complete and accurate.

Note 4 – Investment Contracts

The Plan invests in the Merrill Lynch Retirement Preservation Trust Fund, which is a common collective trust fund comprised of Guaranteed Investment Contracts ("GICs") and money market instruments. Traditional GICs provide a fixed return of principal plus interest (based on the coupon rate) for a specified period of time. These investments are recorded at fair market value in the statements of net assets available for benefits with an adjustment to reflect the investments at their contract value. All contracts are fully benefit-responsive and therefore carried at contract value in accordance with generally accepted accounting principles. Contract value represents contributions to the fund, plus accrued interest, less participant withdrawals. The fair value of the contracts is estimated to be \$637,037 and \$642,687 as of December 31, 2009 and 2008, respectively. This compares to contract values of \$684,250 and \$746,370 as of December 31, 2009 and 2008, respectively.

SEMX Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2009 and 2008

Note 4 – Investment Contracts (continued)

The interest rate credited to a participant's fund is reset at least quarterly. Inputs used to determine the crediting interest rate include each contract's portfolio market value, current yield to maturity, duration and market value relative to contract value. For the years ended December 31, 2009 and 2008, the average yield earned by the trust was 2.35% and 9.49%, respectively. The average crediting interest rate was 2.57% and 4.10% at December 31, 2009 and 2008, respectively.

Note 5 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements
December 31, 2009 and 2008

Note 5 – Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value (“NAV”) of shares held by the Plan at year-end.

Common/collective trust: These investments are public investment vehicles based on the calculated NAV. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

Participant loans: Valued at their amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2009 and 2008:

Assets at Fair Value as of December 31, 2009

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Note 6 – Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Bank of America, N.A. Bank of America, N.A. is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$2,900 and \$3,481 for the years ended December 31, 2009 and 2008, respectively.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants would become 100 percent vested in their employer contributions.

Note 8 – Due to Participants

At December 31, 2009 and 2008, due to participants amounting to \$6,948 and \$6,615, respectively, represents excess contributions to be refunded as required to satisfy the relevant nondiscrimination provisions of the Plan.

SEMEX Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2009 and 2008

Note 9 – Tax Status

The Company has adopted a nonstandardized prototype plan. The Internal Revenue Service has determined and informed the Company, in a letter dated June 4, 2002, that the nonstandardized prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 – Reconciliation of Financial Statements to Form 5500
