INDEPENDENT AUDITOR'S REPORT

To the Advisory Committee of the
Newhaven Counseling and Health Services, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Newhaven Counseling and Health Services, Inc. 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note J to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Advisory Committee of the
Newhaven Counseling and Health Services, Inc. 403(b) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Advisory Committee of the
Newhaven Counseling and Health Services, Inc. 403(b) Plan

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Advisory Committee of the
Newhaven Counseling and Health Services, Inc. 403(b) Plan

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of the Newhaven Counseling and Health Services, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. **General** – The Newhaven Counseling and Health Services, Inc. 403(b) Plan is a defined contribution plan covering substantially all full-time employees of South Arkansas Regional Health Center, Inc. d/b/a Newhaven Counseling and Health Services (the Employer). Established January 1, 1980, the Plan provides for retirement benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. **Contributions** – Each year, participants may contribute up to the maximum amount permitted by law of pretax annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various annuity contracts and a guaranteed interest account option as investment options for participants. The Employer contributes up to 5% of base compensation for each participating employee. Contributions are subject to certain limitations.

3. **Participant Accounts** – Each participant's account is credited with the participant's contribution and allocations of employer contributions, plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. **Vesting** – Participants are immediately vested in their contributions plus actual earnings thereon. Employer matching contributions become fully vested immediately upon contribution.

5. **Notes Receivable from Participants** – Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates being charged at the time of the note. Principal and interest is paid ratably through payroll deductions.

6. **Benefits** – Under the Plan, upon attaining age 59 ½, termination of service due to death, hardship, disability or other reasons, a participant may elect to receive either a lump sum payment equal to the value of the participants' vested interest in his or her account, or installments for a period certain not to exceed the life expectancy of the participant. Vested benefits will be paid to a participant's designated beneficiary in the case of death.

7. **Forfeited Accounts** – As of December 31, 2025 and 2024, there were no forfeited non-vested accounts. No forfeitures were used during 2025 or 2024, and no future forfeitures are expected because participants are immediately 100% vested in all contributions to their accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan.

1. **Basis of Accounting** – The financial statements of the Plan are prepared using the accrual basis of accounting.

2. **Use of Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. **Investment Valuation and Income Recognition** – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

4. **Notes Receivable from Participants** – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded, as note balances are fully-secured by participant account balances. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

5. **Payment of Benefits** – Benefits are recorded when paid.

6. **Administrative Expenses** – All administrative expenses of the Plan are paid from the Plan's assets, except for audit fees.

7. **Date of Management's Review –** Subsequent events were evaluated through July 22, 2026, which is the date the financial statements were available to be issued.

NOTE C – TAX STATUS

A Volume Submitter Plan, acceptable under the requirements of the Internal Revenue Code (IRC), was adopted by South Arkansas Regional Health Center, Inc. d/b/a Newhaven Counseling and Health Services in establishing their 403(b) Plan. The Volume Submitter Plan has been amended effective April 27, 2022, since the receipt of the determination letter dated March 31, 2017, and the Plan Sponsor is of the opinion that the Plan, as amended, continues to qualify with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator does not believe that it has any uncertain tax positions. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

NOTE D – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the framework are as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. The fair value of fixed annuities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques. There are no plan assets requiring the use of Level 3 inputs for the period presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

December 31, 2025	Fair Value Measurements at end of Reporting Period			
	Fair Value	Level 1	Level 2	Level 3
Empower Mutual Funds	$ 1,589,029	$ 1,589,029	$ -	$ -
Equitable Variable Annuities	1,550,049	1,550,049	-	-
Empower Fixed Annuities	264,446	-	264,446	-
Investments at Fair Value	$ 3,403,524	$ 3,139,078	$ 264,446	$ -

December 31, 2024	Fair Value Measurements at end of Reporting Period			
	Fair Value	Level 1	Level 2	Level 3
Empower Mutual Funds	$ 1,512,711	$ 1,512,711	$ -	$ -
Equitable Variable Annuities	1,581,535	1,581,535	-	-
Empower Fixed Annuities	269,202	-	269,202	-
Investments at Fair Value	$ 3,363,448	$ 3,094,246	$ 269,202	$ -

Gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the year ended December 31, 2025 are reported in net appreciation in fair value of investments.

NOTE E – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan offers guaranteed interest account options with Equitable Life Insurance Company. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus interest, less participant withdrawals, and administrative expenses. The Plan has a traditional investment contract with no synthetic investment contracts being held during the years ended December 31, 2025 or 2024.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

NOTE E – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (CONTINUED)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. Amendments to the plan documents (including complete or partial plan termination or merger with another plan)
2. Changes to the plan's prohibition on competing investment options or deletion of equity wash provisions
3. Bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan
4. Failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Furthermore, certain events would allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A material amendment to the contract without the issuer's consent
3. A violation of a material obligation under the contract
4. A material misrepresentation

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

NOTE F – CORRECTIVE CONTRIBUTIONS

Subsequent to December 31, 2025, the Plan Sponsor identified an operational error related to the calculation of participant elective deferrals and employer matching contributions that affected contributions applicable to the 2025 plan year. Certain payroll earning codes were excluded from the compensation used to calculate contributions, resulting in an understatement of contributions for certain participants. Upon identification of the error, the Plan Sponsor calculated the required corrective contributions, including applicable lost earnings, and has initiated corrective action in accordance with applicable retirement plan correction procedures.

Corrective contributions related to participants who maintained account balances within the Plan were deposited directly into their individual accounts. For affected participants who had terminated employment and no longer maintained an account balance within the Plan, the Plan Sponsor issued corrective payments directly to those participants. As of December 31, 2025, the Plan had recorded a receivable from the Plan Sponsor totaling $3,458 related to the corrective contributions due to affected participants.

NOTE G – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of annuities, guaranteed interest accounts, and loans which are managed by Equitable Life Insurance Company and Empower Retirement (Empower). Equitable Life Insurance Company and Empower Retirement are the Trustees as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for Equitable Life Insurance Company investment management services amounted to $761 and $836 for the years ended December 31, 2025 and 2024, respectively. Fees paid by the Plan for Empower Retirement investment management services amounted to $18,017 and $13,914 for the year ended December 31, 2025 and 2024, respectively. Other fees for withdrawals and loan services amounted to $2,735 and $136 for the years ended December 31, 2025 and 2024, respectively. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified to be complete and accurate by Equitable Life Insurance Company and Empower Trust Company (the "Trustees") and was not subjected to auditing procedures:

	2025	2024
Investments - Equitable Life Insurance Company	$ 3,279,356	$ 3,588,794
Investments - Empower Trust Company	1,853,473	1,781,913
Total	$ 5,132,829	$ 5,370,707
Investment Income - Equitable Life Insurance Company	$ 307,108	
Investment Income - Empower Trust Company	263,746	
Total	$ 570,854	

In addition to total investments and investment gains as shown in the accompanying financial statements, all information included in the supplemental Schedule H, line 4i – "Schedule of Assets (Held at End of Year)" was not subjected to auditing procedures.

NOTE K – COMMITMENTS

There were no amounts allocated to accounts of persons who had elected to withdraw from the Plan but had not yet been paid as of December 31, 2025 and 2024, respectively. These amounts represent outstanding distributions to participants who have elected to withdraw from the Plan prior to December 31. These obligations will not be reported as deductions from net assets until payment is made.

NOTE L – EXCLUSION OF PRE - 2009 ASSETS

In February of 2010, the Department of Labor issued Field Assistance Bulletin (FAB) 2010-01, Annual Reporting and ERISA Coverage for 403(b) Plans, which supplements DOL FAB 2009-02 and allows the Plan Administrator of a 403(b) Plan to exclude from net assets, pre-2009 assets that meet certain criteria. The Plan has included assets held by Equitable Life Insurance Company and Empower Trust Company, the present Plan asset custodians and trustees. Any assets that existed before Equitable Life Insurance Company and Empower Trust Company became the Plan custodians and trustees or were not transferred to Equitable Life Insurance Company and Empower Trust Company when the Plan Sponsor changed the custodians and trustees were not included in the beginning net assets as permitted by the field assistance bulletin.

NOTE M – RECLASSIFICATIONS

Certain amounts relating to the prior year have been reclassified to conform to the current year presentation.

NOTE N – SUBSEQUENT EVENTS

The Plan has evaluated events through July 22, 2026, the date on which the financial statements were available to be issued, and has determined that no disclosures are necessary.
