INDEPENDENT AUDITOR'S REPORT

The Plan Administrator
Waco Family Medicine 401(a) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Waco Family Medicine 401(a) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental

schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Waco Family Medicine 401(a) Plan

Notes to Financial Statements

December 31, 2025 and 2024

(1) Description of the Plan

The following description of the Waco Family Medicine 401(a) Plan (the "Plan") (formerly F.H.C. Employees' Retirement and Security Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all employees of McLennan County Medical Education and Research Foundation, dba Waco Family Medicine – Institute; Heart of Texas Community Health Center, Inc., dba Waco Family Medicine – Center; and Waco Family Practice Foundation, dba Waco Family Medicine – Foundation (collectively, the "Company" or the "Plan Sponsor").

Effective August 18, 2025, the Plan Document was restated and the Plan was frozen. Under the plan freeze, Plan participants can continue to take qualifying distributions; however, no employer contributions will be accepted into the Plan and no newly eligible employees can enroll in the Plan after August 18, 2025.

Additionally, a new custodian and record-keeper were appointed. The conversion initiated a blackout period whereby funds could not be applied to the participant selected funds with the custodian or withdrawn from the Plan until the custodian had time to accurately complete the conversion. At the end of the blackout period, these funds were transferred to the investment options requested by each participant. Plan assets transferred to the new custodian were transferred on August 18, 2025, into new mutual fund and stable value fund options provided by the new custodian, comparable to those offered by the previous custodian, where available.

(b) Contributions

Effective August 18, 2025, the Plan was frozen. Prior to August 18, 2025, the Company previously contributed amounts to the Plan at the discretion of the Company's board of directors. Participants were eligible for Company contributions if they were employed on the last day of the Plan year and had worked greater than 1,000 hours during the Plan year. Prior to August 18, 2025, the Company funded contributions throughout the Plan year, which were allocated during the subsequent Plan year to eligible participants based on participant earnings, as defined by the Plan. There were no unallocated Company contributions at December 31, 2025. Unallocated Company contributions were $558,861 at December 31, 2024.

(1) Description of the Plan (continued)

(c) Participant Accounts

Through August 18, 2025, each participant's account was credited with an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts, and charged with an allocation of administrative expenses. Effective August 18, 2025, participants became 100% vested in their participant account balances. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Effective August 18, 2025, the Plan was frozen and participants became 100% vested in their participant account balances. Prior to August 18, 2025, contributions were vested to the participant based on years of continuous service. Effective January 1, 2015, a year of credited service for vesting purposes is 500 hours. Prior to December 31, 2014, a year of credited service was 1,000 hours. For participants employed on or after January 1, 2007, participants are vested 20% after two full years of service, and 20% each year thereafter, until full vesting occurred with six years of credited service.

For participants employed prior to January 1, 2007 and for employer contributions made on or after January 1, 2007, participants were 20% vested after two full years of service, 40% after three years, 60% after four years, and become fully vested after five years of credited service. For employer contributions made prior to January 1, 2007, participants become fully vested after 5 years of credited service. Full vesting also occurred upon death, total disability, or attainment of retirement age.

(e) Payment of Benefits

Effective August 18, 2025, the Plan provides that distributions of amounts of $7,000 or less be paid as a lump-sum. For account balances greater than $7,000, on termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or various installment options over extended periods of time.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

(b) Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of investments held by the Plan and fair value measurements. See Note 5 for further discussion of the valuation of investments contracts with insurance companies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Administrative Expenses

The Plan document allows for the expenses of maintaining the Plan to be satisfied directly out of the Plan's assets. A portion of the administrative expenses of the Plan is paid by the Company. Also, certain transaction charges are paid by the participants involved.

(e) Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized.

(2) Summary of Significant Accounting Policies (continued)

(e) Income Taxes (continued)

Changes in recognition or measurement are reflected in the period in which the change in judgment occurs.

(f) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(3) Information Certified by the Custodians

Effective August 18, 2025 and through December 31, 2025, the financial information included in the Plan's financial statements, except for employer's contributions, benefits paid to participants and administrative expenses, has been derived from information certified as complete and accurate by Empower Trust Company LLC and Empower Annuity Insurance Company of America ("EAICA"), the custodians of the Plan, in accordance with Section 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

From January 1, 2024 and through August 18, 2025, the financial information included in the Plan's financial statements, except for amounts payable to the Plan Sponsor, employer's contributions, benefits paid to participants and administrative expenses, has been derived from information certified as complete and accurate by Standard Insurance Company, the custodian of the Plan, in accordance with Section 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(4) Investments and Fair Value Measurements

Effective August 18, 2025, the Plan invests in mutual funds and an unallocated investment contract with Empower Annuity Insurance Company of America ("EAICA"), all of which are participant-directed.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

(4) Investments and Fair Value Measurements (continued)

The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

- Level 3 inputs are unobservable inputs for the asset or liability.

The following methods and assumptions were used to estimate the fair value of the mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025. There were no assets at fair value at December 31, 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
At December 31, 2025:				
Mutual funds	$ 26,224,277	26,224,277	-	-

(5) Investment Contracts with Insurance Companies

Effective August 18, 2025, the Plan invests in an unallocated contract with Empower Annuity Insurance Company of America ("EAICA"). From January 1, 2024 through August 18, 2025, the Plan maintained a group annuity investment contract with Standard Insurance Company ("Standard"), who maintained all assets of the group annuity investment contract in pooled separate accounts and an unallocated investment contract.

(5) Investment Contracts with Insurance Companies (continued)

The following table presents the reported values of the underlying investments, all of which are participant-directed:

	2025	2024
Unallocated investment contract with EAICA:		
Guaranteed income fund	$ 1,783,805	-
Group Annuity Investment Contract #502464 with Standard Insurance Company:		
Unallocated pooled separate accounts	-	26,352,572
Unallocated investment contract	-	2,847,919
	$ 1,783,805	29,200,491

The following methods and assumptions were used to report the value of the unallocated investment contract with EAICA, the Guaranteed Income Fund ("GIF"). This unallocated investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The GIF guarantees a credited rate of return that is adjusted quarterly based on current market conditions and performance of the fund's investments, but may not be less than 0.5%.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is set quarterly by the issuer and is effective on the first day of the quarter. The Plan must provide a 30-day advance notice of its intent to withdraw from the investment. If the Plan ends its participation in the GIF, it will receive the Plan's fair value as surrender value. Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs) that cause a significant withdrawal from the plan, or (c) the failure of the GIF to qualify from exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

(5) Investment Contracts with Insurance Companies (continued)

From January 1, 2024 through August 18, 2025, the following methods and assumptions were used to report the values of the investment contract with Standard:

The pooled separate accounts were valued using the net asset value ("NAV") of the units as determined by Standard. The NAV was used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) could occur daily.

The unallocated investment contract under the group annuity contract with Standard (the Guaranteed Interest Fund) meet the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The Guaranteed Interest Fund guaranteed a credited rate of return that was adjusted quarterly based on current market conditions and performance of the fund's investments, but was not less than 3%.

(6) Amounts Due to Plan Sponsor

During 2024, the Plan Sponsor provided Standard with pre-funding of the potential plan contribution, which was to be held in a company account until the annual discretionary employer contribution was finalized and approved. The Plan Sponsor never authorized nor understood that these amounts were being deposited into a plan account, which resulted in a "mistake in fact" as outlined under the Plan Document. Under the terms of the Plan Document, amounts may be returned to the Plan Sponsor if there was a "mistake in fact"; thus, excess amounts pre-funded (including appropriate earnings during 2024) of $628,249 were reported as a liability of the Plan at December 31, 2024, and were refunded to the Plan Sponsor in April 2025.

(7) Components of Net Assets Available for Benefits

Net assets available for benefits include certain forfeited nonvested amounts of former participants. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $39,618 and $60,094, respectively. These amounts will be reallocated to participants in the same manner as employer contributions. Forfeitures of terminated nonvested account balances reallocated to remaining participants during the year ended2025December 31, 2025 totaled $63,503. Forfeitures were not reallocated during 2024.

(8) Tax Status

The Plan is using a non-standardized pre-approved profit-sharing plan document. In a letter dated November 14, 2022, the Internal Revenue Service ("IRS") indicated the standardized form of the Plan is acceptable under Section 401 of the Internal Revenue Code (the "Code"). The opinion of the IRS on the acceptability of the form of the Plan is not a ruling or determination as to whether the Plan qualifies under Code section 401(a). Although the Plan has been amended since receiving the acceptability letter, the plan administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(9) Plan Termination

Although it has not expressed any intent to do so, the Company has a right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

(10) Party-In-Interest Transactions

As more fully described in Note 5, effective August 18, 2025, the Plan invests in an unallocated investment contract with Empower Annuity Insurance Company ("EAICA"). Empower Trust Company, LLC and Empower Retirement, LLC, affiliates of EAICA, (collectively, "Empower") serve as the custodian and recordkeeper for the Plan, respectively, and these entities qualify as parties-in-interest. Fees paid by the Plan for investment management and other services to Empower for the year ended December 31, 2025 amounted to $9,864.

As more fully described in Note 5, from January 1, 2024 through August 18, 2025, the Plan invested in a group annuity investment contract with Standard. Standard was the custodian, as defined by the Plan, and qualified as a party-in-interest. Fees paid by the Plan for the investment management services to Standard amounted to $13,495 and $13,105 for 2025 and 2024, respectively.

The Plan has not considered Company contributions to the Plan or benefits paid by the Plan to participants as party-in-interest transactions.

Notes to Financial Statements
(Continued)

(11) Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(12) Reconciliation of Form 5500 to Financial Statements

A reconciliation of Form 5500 to the accompanying financial statements follows:

	Net Assets Available for Benefits	Changes in Net Assets Available for Benefits
As of December 31, 2025		
As reported on Form 5500	$ 28,047,700	(1,711,652)
Settlement of amounts due to Plan Sponsor as a result of the "mistake of fact" regarding pre-funding of the discretionary employer contribution for 2024	-	628,249
Correction of error in recording a receivable from the Plan Sponsor for the discretionary employer contribution for 2024	-	558,861
As reported on financial statements	$ 28,047,700	(524,542)
As of December 31, 2024		
As reported on Form 5500	$ 29,759,352	1,836,337
Recognition of amounts due to Plan Sponsor as a result of the "mistake of fact" regarding pre-funding of the discretionary employer contribution for 2024	(628,249)	(628,249)
Correction of error in recording a receivable from the Plan Sponsor for the discretionary employer contribution for 2024	(558,861)	(558,861)
As reported on financial statements	$ 28,572,242	649,227

(13) Subsequent Events

The Plan has evaluated subsequent events from the date of the statements of net assets available for benefits through July 30, 2026, the date at which the financial statements were available to be issued, and determined there are no items to disclose.
