INDEPENDENT AUDITORS' REPORT

To the Trustee
Maxim Management Services, LLC 401(k) Profit Sharing Plan
Cheektowaga, New York

We have audited the accompanying statements of net assets available for benefits of Maxim Management Services, LLC 401(k) Profit Sharing Plan (the Plan) as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Maxim Management Services, LLC 401(k) Profit Sharing Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules as of and for the year ended December 31, 2009, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note 1. Plan Description

The following description of the Maxim Management Services, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a 401(k) plan funded by employer and participant contributions, which substantially covers all employees at Maxim Management Services, LLC and Southern Tier Management Services, LLC (the Companies) who have completed one year of service, as defined by the Plan, and have attained the age of twenty-one years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective October 1, 2008, eligible employees of Northtown Urology, PC, Jamestown Area Medical Associates, LLP, Western New York Radiation Oncology and Cancer Treatment Services were allowed enrollment in the Plan. Under this amendment, prior years of service with these companies will count for eligibility. Employees will be eligible for profit sharing and employer match.

Contributions:

Participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, subject to Internal Revenue Service (IRS) regulations. The employer will match 50% of the first 6% of compensation contributed by the participant. Plan participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Companies may make a discretionary profit sharing contribution to the Plan annually. Discretionary contributions to the Plan are allocated to participant accounts based on participant compensation. In order for an employee to receive a share of the Companies' discretionary profit sharing contribution, they must have completed at least 1,000 hours of service during the Plan year and must be actively employed by the Companies on the last day of the Plan year. Discretionary profit sharing contributions to the Plan amounted to $222,564 and $220,123 for the years ended December 31, 2009 and 2008, respectively.

Effective January 1, 2008, the Plan adopted new auto-enrollment provisions whereby all new employees are automatically enrolled in the Plan once they become eligible. These employees are automatically enrolled with a 3% deferral rate. Participants are free to modify these deferral terms at their discretion.

Note 1. Plan Description (Continued)

Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of a) the Companies' contributions; and b) the Plan's earnings; and is charged with an allocation of administrative expenses. Allocations of the Plan's earnings are based on account balances, as defined in the Plan.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Companies' matching contributions and discretionary profit sharing contributions of their accounts is based on years of continuous service. A participant is 25% vested after two years of credited service and an additional 25% for each year thereafter so that they are 100% vested after five years of credited service.

Loans to participants:

Loans to participants consist of notes receivable and are secured by the participants' vested interest in their account balance. Each participant may have a maximum of one loan outstanding at a time. Participants may borrow up to half of their vested account balance, with a maximum of $50,000 and minimum of $1,000. The notes bear interest ranging from 3.75% to 8.75%. The participants are currently making monthly payments of principal and interest through payroll deductions.

Payment of benefits:

On termination of service due to death, disability, retirement, or other termination of employment, a participant may receive a lump-sum amount equal to the vested value of his or her account. In-service withdrawals are permitted once a participant attains the age of 59 ½, excluding Roth deferrals. Early withdrawals are permitted in the event of hardship.

Forfeitures:

At December 31 2009 and 2008, forfeited nonvested accounts totaled $-0-. Forfeitures may be used to pay Plan expenses, then to reduce any employer contributions to the Plan. Forfeitures reduced employer contributions by $4,710 and $299 in 2009 and 2008, respectively.

Administrative costs:

Administrative costs are paid by the Plan and the Companies. The Companies pay for the annual audit of the Plan's financial statements, and the Plan is responsible for all other administrative costs.

Note 2. Significant Accounting Policies

Basis of accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets:

	2009	2008
Common/Collective Trust (at fair value):		
Gartmore Stable Value Fund	$ -	$ 286,179
Mutual funds with registered investment companies (at fair value):

	$ 941,722	$ (1,398,176)

Note 4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e. "the exit price") in an orderly transaction between market participants at the measurement date. Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2009 and 2008.

Mutual funds are reported at fair value based on quoted market prices derived from the net asset value of shares held by the Plan.

The common/collective trust is valued at fair value as reported to the Plan by the fund, which represents the fair value of the underlying assets of the common/collective trust.

Loans to participants are valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual funds with registered Investment companies:				
Large-Cap Fund	$ 2,215,647	$ -	$ -	$ 2,215,647

	$ 3,208,542	$ 286,179	$ 148,856	$ 3,643,577

Note 4. Fair Value Measurements (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009 and 2008:

	Loans to Participants	
	2009	2008
Balance, beginning of year	**$ 148,856**	$ 125,573
Realized and unrealized gains (losses)	**-**	-
Purchases, sales, issuances, and settlements (net)	**47,528**	23,283
	$ 196,384	$ 148,856

Note 5. Plan Termination

Although they have not expressed any interest to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Tax Status

The underlying prototype plan has received an opinion letter dated March 31, 2008 from the Internal Revenue Service stating that the prototype Plan document was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Reconciliation of Financial Statements to Form 5500

	2009	2008
Net assets available for benefits as presented in these financial statements	**$ 5,616,270**	$ 3,945,252

Adjustments from fair value to contract value for fully benefit-responsive investments	**15,637**	(11,808)
Net increase (decrease) in net assets available for benefits as presented on Form 5500	**$ 1,686,655**	$ (672,899)

Note 9. Related-Party Transactions

The Newport Group is the recordkeeper as defined by the Plan and, therefore, qualifies as a party-in-interest. Fees paid by the Plan for the recordkeeping services amounted to $16,468 and $13,977 for the years ended December 31, 2009 and 2008, respectively.

Note 10. Subsequent Events

Subsequent events have been evaluated through September 27, 2010, which is the date the financial statements were available to be issued.

Effective April 15, 2010, the Plan was amended to reduce the age requirement for in-services withdrawals from 59 ½ to 33.
