Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Knight-Swift Transportation Holdings Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Knight-Swift Transportation Holdings Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Knight-Swift Transportation Holdings Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Knight-Swift Transportation Holdings Inc. Retirement Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Knight-Swift Transportation Holdings Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Knight-Swift Transportation Holdings Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Knight-Swift Transportation Holdings Inc. Retirement Plan (the Plan) provides only general information. Participants and others should refer to the Plan document for a more complete description of the Plan's provisions. In the event of any conflict between this description and the Plan document, the Plan document shall control.

General

The Plan is a defined contribution plan established effective January 1, 1992. The Plan has been amended throughout the years to comply with tax legislation and most recently restated effective January 1, 2022. The restated Plan was most recently amended in December 2025 to be effective January 1, 2026. The Plan excludes leased employees, independent contractors, nonresident aliens, employees covered by a collective bargaining agreement, Puerto Rico-based employees and non-participating employer's employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement/Deferred Compensation Plan Administrative Committee (the Plan Committee) is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors performance.

Effective August 27, 2025, the powers and duties of the Plan Committee were divided between two committees, the Retirement/Deferred Compensation Plan Investment Committee (the Plan Investment Committee) and the Retirement/Deferred Compensation Plan Administrative Committee (the Plan Administrative Committee). The Plan Investment Committee is the Plan's ERISA Section 3(16)(A) "administrator" as well as an ERISA Section 402(a)(2) "named fiduciary", and among other duties and responsibilities determines the appropriateness of the Plan's investment offerings and monitors the performance of those offerings. The Plan Administrative Committee is an ERISA Section 204(a)(2) "named fiduciary", and has those duties and responsibilities not specifically allocated to the Plan Investment Committee.

Eligibility

Employees of Knight-Swift Transportation Holdings Inc. (the Company or Employer) are eligible to participate in the deferral and matching components of the Plan immediately following their attainment of age 18 and completion of a 90-day period of service. In addition, in cases where the Employer does not maintain (and has never maintained) any plan of a predecessor employer, the administrator may, in its discretion, determine that service with a predecessor employer will be credited as years of eligibility service with the Employer in the event of: (1) a stock acquisition of the predecessor employer by the Employer, (2) an acquisition of substantially all of the predecessor employer's assets by the Employer, or (3) such other circumstances as the administrator may determine.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (Continued)

The Plan includes a 3% deferral rate automatic enrollment feature for participants that meet certain criteria. The Plan also includes an automatic enrollment feature which allows auto-increase for participants that meet certain criteria. The auto-increase feature allows for an increase of 1% of compensation each year up to a maximum elective deferral of 10% of compensation. The auto enrollment feature was discontinued for hires and rehires after December 31, 2025.

The Company may elect to make a discretionary matching contribution for any Plan year equal to a percentage of the participant's elective deferral, including catch-up contributions. The Company's contributions, if any, may be reduced by forfeitures. Company contributions to the Plan are allocated to eligible participants who are actively employed on the last day of the Plan year. For the years ending December 31, 2025 and 2024, the employer discretionary match was $23,239,988 and $33,556,869, respectively.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution and allocation of Plan earnings attributable to the participant's account. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled, is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Employer-matching portion of their accounts, plus actual earnings thereon, is based on years of credited vesting service. A participant is 100% vested after five years of credited vesting service in accordance with a graded vesting schedule. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

From time to time, the Plan will merge assets of another plan into the Plan as the result of a corporate acquisition by the Company. These merged assets may include notes receivable evidencing loans made to participants from their previous employer's plan which were grandfathered into the Plan. The interest rates on these notes range from 3.25% - 9.50%. Repayment of the notes plus interest may be made by payroll deductions within five years, except for employees of U.S. Xpress Enterprises, Inc. who are permitted to make repayments via payroll deductions and other manners of repayment. Loans used to acquire a home may, in some instances, be repaid over a period longer than five years. No new participant loans can be made from the Plan.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution, installments, or designated periodic sums. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $7,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Forfeited Accounts

Any portion of the Plan's forfeiture account may be used to pay administrative expenses. Any portion of the forfeiture account not used to pay administrative expenses will be used first to restore previously forfeited participant accounts or to correct administrative or operational errors. Any remaining forfeitures are then, at the direction of the Company, allocated to participants or used to reduce or be added to any combination of Company contributions in accordance with Internal Revenue Service regulations. Forfeited nonvested account balances are $6,801,829 and $5,625,903 at December 31, 2025 and 2024, respectively. During 2025 and 2024, forfeitures of $6,120,769 and $4,341,312, respectively, were applied to reduce Company matching contributions and to pay administrative expenses.

Effective August 27, 2025, the Plan was amended to provide that the forfeiture account shall be applied in the following order: (1) to restore previous forfeitures of participants' accounts, including but not limited to correction of administrative or operational errors, (2) to the extent that any forfeitures remain, to offset Plan expenses, but only to the extent such Plan expenses exceed the flat dollar amount and/or percentage of asset value fees charged to participants, and (3) to the extent that any forfeitures remain, to reduce any employer contributions to the extent permitted under IRS guidelines. Forfeitures are to be applied as soon as administratively feasible but no later than the end of the Plan year following the Plan year in which they occur.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in 1% increments to various investment options provided by Principal Trust Company (Principal). Participants may change their investment options via the internet and telephone.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions

Contributions from participants and Employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

As provided by the Plan document, administrative expenses may be paid either by the Plan or by the Company.

Subsequent Events

The Plan has evaluated subsequent events through September 17, 2026, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Delaware Charter Guaranty Trust Company dba Principal Trust Company, the qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of investments and notes receivable from participants as of December 31, 2025 and 2024, and investment income and interest income on notes receivable from participants for the year ended December 31, 2025, in the accompanying financial statements and ERISA-required supplemental schedule.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in valuation methodologies used at December 31, 2025 and 2024.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds – Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled Separate Account – Investments in the pooled separate accounts are valued using the net asset value of the units, which are based on observable market prices for the underlying assets, held by the Plan at year-end.

Employer Securities – Valued at the closing price reporting on the active market on which the individual securities are traded.

Self-Directed Brokerage Accounts – Self-directed brokerage accounts consist of ETFs, mutual funds, and common stock that are valued based on readily determinable market prices.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

NOTE 5 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a synthetic investment contract that is directly effected with the issuer, the Prudential Insurance Company of America. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below zero percent. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in the contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Credit rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 8 PLAN TAX STATUS

The Plan relies on a determination letter from the IRS dated May 27, 2022, indicating that the Plan is qualified under Section 401 of the IRC and is therefore, not subject to tax under current income tax law. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed, and continues to be operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal, the qualified institution. Therefore, these transactions qualify as party-in-interest transactions.

NOTE 10 PLAN MERGERS

Effective September 16, 2024, US Xpress Enterprises, Inc. 401(k) Plan merged with the Plan. Total assets transferred into the Plan were approximately $125,734,408.

NOTE 11 NON EXEMPT TRANSACTIONS

The Company failed to remit participant withholdings totaling $90 and $212,104 for certain pay periods ended throughout 2025 and 2024, respectively, within the timeframe prescribed by the U.S. Department of Labor. These were deemed prohibited transactions in accordance with ERISA and IRC. The Company corrected this by remitting lost earnings to the Plan attributable to the late deposits of $1,613 and $210,581 in 2025 and 2024, respectively.
