To the Board of Directors of
The Jacksonville Zoo Retirement Plan
Jacksonville, Florida

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Jacksonville Zoo Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) for the period ending December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Jacksonville Zoo Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The effective date of the Plan is October 1, 1995, restated November 1, 2020. The Plan is a defined contribution plan covering all employees who meet the eligibility requirements of the Plan. An employee is eligible to participate in the Plan upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may elect to make salary deferral contributions to the Plan in an amount up to 100% of their salary with a total amount not to exceed $23,500 and $23,000 in the years ended December 31, 2025 and 2024, respectively. Eligible participants age 50 may also elect to defer additional catch-up contributions. The maximum catch-up contribution for 2025 and 2024 was $7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers annuity contracts and investments with registered investment companies as investment options for participants. Participant contributions are eligible for employer matching contributions at the Zoo's discretion. The Zoo elected to contribute 35% of the employee's elective deferral contributions, not to exceed 5% of employee's compensation per pay period. Effective June 1, 2015, the Zoo implemented an auto enrollment feature for eligible participants. All employees are auto-enrolled into the plan upon hire at a 6% deferral rate. The automatic enrollment amount will increase by 1% each October 1st to a maximum of 10%. Employees may opt out of the auto-enrollment through the Plan's website.

Participants Accounts:

Each participant's account is credited with the participant's elective contributions, allocations of the Zoo's contributions and Plan earnings and administration fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary and employer contributions plus actual earnings thereon.

Forfeitures:

Due to the immediate vesting of all contributions, there are no forfeitures in the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at market rates on the date the loans were initiated. Principal and interest is paid through payroll deduction over a period set forth in the promissory note.

Payment of Benefits:

On termination of service due to death, disability, retirement, or other reasons, a participant receives an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, through annuity options, or, if the benefits qualify as eligible rollovers, all or a portion of the benefits may be rolled over to another qualified plan or IRA.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value as discussed in Note 6). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits:

Benefits are recorded when paid.

Plan Expenses:

Plan expenses are allocated ratably to the participant's accounts.

Subsequent Events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 16, 2026, the date the financial statements were available to be issued.

Note 3. Investments

During the year ended December 31, 2025, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,498,182.

Note 4. Fair Value Measurements

The Plan applies generally accepted accounting principles for fair value measurements of financial assets and liabilities. These accounting principles define fair value and establish a hierarchy that prioritizes fair value measurements based on the types of inputs used for the various valuation techniques. The three levels of inputs used to measure fair value are as follows:

Level 1 - Values measured using quoted prices in active markets for identical investments.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds: reported at fair values based on unadjusted quoted prices in active markets for identical assets or liabilities.

Separate accounts: valued, as a practical expedient, at the net asset value of units held by the Plan at year end. The net asset value of these accounts is based on the market value of the underlying investments. The net asset value is not a publicly quoted price in an active market.

Note 4. Fair Value Measurements (Continued)

Insurance company - general accounts: The Lincoln fixed income are reported based upon unobservable inputs, including the Plan's assumptions as to what market participants would use in pricing such instruments, based on the best information available in the circumstances.

The following is a summary of the levels within the fair value hierarchy for the Plan's assets and liabilities measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	Fair Value Measurements on a Recurring Basis as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 10,898,394	$ -	$ -	$ 10,898,394
Insurance company - general accounts			40,227	40,227
Investments measured at net asset value*				364,258
Investments at fair value	$ 10,898,394	$ -	$ 40,227	$ 11,302,879

	Fair Value Measurements on a Recurring Basis as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 10,690,775	$ -	$ -	$ 10,690,775
Insurance company - general accounts			40,688	40,688
Investments measured at net asset value*				512,007
Total	$ 10,690,775	$ -	$ 40,688	$ 11,243,470

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) and contract value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

During fiscal year 2025, the fair value of investments classified as Level 3 in the fair value hierarchy changed as follows:

	Fair Value Measurements on Using Significant Unobservable Inputs
December 31, 2025	Annuity Contracts
Beginning balance	$ 40,688
Earnings	1,390
Settlements	(1,851)
Ending Balance	$ 40,227

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2025 are reported in net appreciation in fair value of investments.

Note 5. Fair Value of Investments in Entities that Use NAV Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

Investments	Fair Value as of December 31, 2025	2024	Redemption frequency (if currently eligible)	Redemption notice period
Separate Accounts	$ 364,258	$ 512,007	Daily	N/A

Note 6. Guaranteed Investment Contract with Insurance Company

The Plan has assets invested in the Principal Fixed Income Guaranteed Option (the "Fund"), a fully benefit-responsive guaranteed investment contract. Principal maintains the contributions in a general account that is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2025 and 2024 was $77,695 and $39,274, respectively.

Note 6. Guaranteed Investment Contract with Insurance Company (Continued)

The contract has certain restrictions that impact the ability to collect the full contract value for non-benefit responsive events. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Principal may not terminate the Fund at any amount less than contract value.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Zoo has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

Note 8. Tax Status

The Internal Revenue Service has determined and informed the Custodian of record by a letter dated March 31, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Note 10. Information Prepared and Certified by Custodians

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Principal Trust Company, a member of the Principal Financial Group and Lincoln National Life Insurance Company, a member of Lincoln Financial Group for 2025 and 2024.

Note 10. Information Prepared and Certified by Custodians (Continued)

	2025	2024
Investments:		
Mutual funds	$ 10,898,394	$ 10,690,775

Note 11. Party-in-Interest Transactions

Certain investments of the Plan are shares of funds managed by members of Lincoln Financial Group and members of Principal Trust Company. All are considered custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid administrative expenses to Lincoln Financial Group and Principal Trust Company of $77,706 for the year ended December 31, 2025.
