Employee Profit Sharing Plan
Notes to Financial Statements
December 31, 2009 and 2008**

Note 1: Description of the Plan

The following description of the Southern Indiana Tire Employee Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by Southern Indiana Tire, Inc. (Company) for the benefit of its employees who have at least one year of service and are age 21 or older. Related employers who also participate in the Plan include:

- Best One Tire & Service of Clinton County, Inc.
- Best One Tire & Service of Henderson, Inc.
- Best One Tire & Service of Paducah, Inc.
- Best One Tire & Service of Fairfield, Inc.
- Best One Tire & Service of Harrisburg, Inc.
- Best One Tire & Service of Marion, Inc.
- Best One Tire & Service of Mt. Vernon, Inc.
- Best One Tire & Service of Vincennes, Inc.
- Best One Tire & Service of Evansville, Inc.
- Best One Fleet Service of Evansville, Inc.
- Best One Tire & Service of Robinson, Inc.
- Best One Tire & Service of Princeton, Inc.
- Best One Tire & Service of Newburgh, Inc.
- Best One Tire & Service of Cape Girardeau, Inc.
- Best One Tire & Service of Hopkinsville, Inc.
- Hoosier Bandag, Inc.
- Premier Bandag #7, Inc.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). First Mercantile Trust Company is the trustee of the Plan and serves as Plan custodian.

Contributions

The Plan permits eligible employees, through a salary redirection election, to make annual contributions of up to 100% of eligible compensation. Employee rollover and catch-up contributions are also permitted. For the years ended December 31, 2009 and 2008, the Company

**Southern Indiana Tire
Employee Profit Sharing Plan
Notes to Financial Statements
December 31, 2009 and 2008**

made matching contributions of 50% of employees' salary redirection amounts up to 5% of employees' compensation. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after six years of continuous service. The nonvested balance is forfeited upon termination of service. For the year ended December 31, 2009, forfeitures were allocated among participants in proportion to each participant's compensation for the year relative to total participants' compensation for such year. For the year ended December 31, 2008, forfeitures were allocated among participants in proportion to each participant's elective deferrals for the year relative to total elective deferrals for such year.

Forfeited Accounts

At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$11,467 and \$2,523, respectively. These accounts are allocated to participant accounts based on compensation or deferrals for the years ended December 31, 2009 and 2008, respectively. Also, in 2009 participant accounts were increased by \$12,198 from forfeited nonvested accounts.

Payment of Benefits

Upon termination of service, an employee may elect to receive a lump-sum amount equal to the value of his or her account.

**Southern Indiana Tire
Employee Profit Sharing Plan
Notes to Financial Statements
December 31, 2009 and 2008**

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through an investment in a collective trust. The statements of net assets available for benefits presents the fair value of the Plan's interest in the collective trust, as well as the adjustment of the interest in the collective trust from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The Plan's interest in the collective trust is valued based on information reported by the trustee using the audited financial statements of the collective trust at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

December 31, 2009 and 2008

Plan Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter plan and trust sponsored by O'Sullivan Creel, LLP. The volume submitter document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax exempt as of the financial statement date. With a few exceptions, the Plan is no longer subject to U.S. federal, state or local or non-U.S. income tax examinations by tax authorities for years before 2006.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Note 3: Investments

The following table presents the Plan's investments. Investments that represent 5% or more of total Plan assets are separately identified.

	2009	2008

Note 6: Refund of Excess Contributions

Contributions received from participants for the years ended December 31, 2009 and 2008, are net of payments of \$9,431 and \$3,498 made in March 2010 and 2009, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

Note 7: Fair Value of Plan Assets and Liabilities

ASC Topic 820, *Fair Value Measurements* (Topic 820), defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. Level 1 investments include mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows and the related investments are classified as Level 2 of the valuation hierarchy. The inputs used to determine fair value may include one, or a combination of, observable inputs such as audited financial information, benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and refinance data market research and publications and the related investments are classified within Level 2 of the valuation hierarchy. Level 2 investments include a collective trust. In certain cases where Level 1 and Level 2 inputs are not available,

investments are classified within Level 3 of the hierarchy. The Plan holds no investments classified within Level 3 of the valuation hierarchy.

Note 8: Plan Amendment

Effective January 1, 2009, the Plan was amended and restated. In conjunction with this amendment and restatement, the Plan was changed from a prototype to a volume submitter arrangement. The following significant modifications were made to the Plan: (i) the matching feature of the Plan was changed from a fixed match to a discretionary match with no true-up, (ii) the elective deferral cap of compensation was removed, (iii) forfeiture allocation provisions were changed so that forfeitures will be allocated to participant accounts based on participant compensation, (iv) a discretionary nonelective contribution feature was added and (v) safe harbor hardship withdrawals features were added to the Plan.

Note 9: Significant Estimates and Concentrations

Current Economic Conditions

The current protracted economic decline continues to present employee benefit plans with difficult circumstances and challenges, which in some cases, have resulted in large and unanticipated declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11: Subsequent Events

Subsequent events have been evaluated through August 30, 2010, which is the date the financial statements were available to be issued.
