(formerly Abel Leasing Multi 401(k) and Savings Plan)

We were engaged to audit the accompanying statements of net assets available for benefits of Abel PEO Services Multi 401(k) and Savings Plan (formerly Abel Leasing Multi 401(k) and Savings Plan) (the "Plan") as of December 31, 2009 and 2008 and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's Administrator.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 which was certified by Metlife Life and Annuity Company of Connecticut, the Custodian of the Plan, except for comparing the information with related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Custodian as of December 31, 2009 and 2008 and for the years then ended that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. NOTES TO FINANCIAL STATEMENTS

(See auditors' report)

Note 1 - Description of the Plan:

The following description of Abel PEO Services Multi 401(k) and Savings Plan (formerly Abel Leasing Multi 401(k) and Savings Plan) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution multiple employer plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees of Abel PEO Services, Inc. (the "Company") and all employer organizations are eligible to participate in their respective plan based on the particular company's requirements listed in that company's plan agreement. Employees may be eligible to participate immediately or up to the first day of the month following completion of one year of service in which at least 1,000 hours of work was completed and attainment of up to 21 years of age. Employees must not be represented for collective bargaining purposes by any bargaining unit.

Contributions - Eligible participants may elect to contribute from 1% to 75% of their compensation to the Plan, subject to the Internal Revenue Code limitations for 401(k) plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Some employer organizations have elected to make a safe harbor matching contribution to the Plan, discretionary contribution, or a match of the employee's salary deferral.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested immediately or after up to 6 years of credited service depending on the participating plan.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings, losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested amount.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum, or in annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If death occurs prior to retirement, the participant's account is paid to the designated beneficiary.

Self Directed Brokerage Account - Effective June 1, 2009 the Plan was amended to allow consenting participants, of electing work site employers, to direct the investment of their individual account.

Forfeitures - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are used to reduce employer's matching contributions to the Plan.

NOTES TO FINANCIAL STATEMENTS

(See auditors' report)

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Expenses - Professional fees are paid by the Company. Loan origination fees are paid by each participant upon loan approval.

Estimates and Uncertainties - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Abel PEO Services, Inc. "Plan Administrator" to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions in net assets available for benefits during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

Investment contracts held by defined-contribution plans are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Participant contributions are made through voluntary payroll deductions elected by each participant.

Benefit Payments - Benefits are recorded when paid.

Risks and Uncertainties - Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

NOTES TO FINANCIAL STATEMENTS

(See auditors' report)

Subsequent Events - The Plan trustee has evaluated subsequent events through October 8, 2010, the date the financial statements were available to be issued. The effect of those events and transaction that provide additional pertinent information about conditions that existed at the statement of net assets available for benefits date have been recognized in the accompanying financial statements.

Note 3 - Information Certified by the Custodian:

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the custodian has certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

- a) Investments, as shown in the statements of net assets available for benefits as of December 31, 2009 and 2008, excluding self directed investments of \$861,299 at December 31, 2009.
- b) Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2009 excluding \$5,294 of self directed investment income.
- c) Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year), December 31, 2009.

The Plan's independent auditors' did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures FASB ASC 820, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**ABEL PEO SERVICES MULTI 401(k) AND SAVINGS PLAN
(FORMERLY ABEL LEASING MULTI 401(k) AND SAVINGS PLAN)**

NOTES TO FINANCIAL STATEMENTS

(See auditors' report)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled separate accounts: Valued on a participation-unit or variable-unit basis

Common stock: Valued at the closing price reported on the active market in which the stock is traded.

Mutual funds: Valued at the closing price reported on the active market in which the mutual fund is traded.

Cash and equivalents: Valued at the net asset value (NAV) at year end

Participant loans: Valued at amortized cost, which approximates fair value

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

Assets at Fair Value as of December 31, 2009

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>

Level 3 Gains and Losses:

The following table sets forth a summary of changes in the fair value of the plan's level 3 assets for the year ended December 31, 2009:

	<u>Participant Loans</u>	<u>Investment in Metlife Fixed Account</u>
Balance, beginning of year	\$ 261,926	\$ 896,490
Additional loans, net of repayments	<u>(7,279)</u>	<u>(362,408)</u>
Balance, end of year	<u>\$ 254,647</u>	<u>\$ 534,082</u>

Note 5 - Pooled Insurance Contract with Insurance Company:

In 2007, the Plan entered into a group annuity insurance contract with Metlife Life and Annuity Company of Connecticut ("Metlife"). Metlife maintains the contributions in a pooled account. The pooled account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Metlife. At December 31, 2009 and 2008, the contract value approximated the fair market value and no adjustment was necessary.

Note 6 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Internal Revenue Code. In the event of Plan termination, participants' contributions remain fully vested and Company contributions become fully vested. Under no circumstances may the Company take ownership of any of the Plan's assets as a result of such termination.

Note 7 - Participant Loans:

Participants may obtain loans from the Plan up to 50% of their vested account balance or \$50,000, whichever is less, with a minimum of \$1,000. Loans bear a reasonable interest rate as reflected by local banks and are collateralized by the participant's account balance. Loans are generally payable through payroll deductions and only one loan per participant may be outstanding in a twelve month period.

Note 8 - Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated January 21, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
