1. DESCRIPTION OF PLAN

The following description of the Country-Wide Insurance Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all eligible employees of the Company who have thirty (30) days of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

i) Participants may elect to defer a portion of their compensation each year under the 401(k) provisions of the Plan, subject to statutory limitations prescribed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 27 pooled separated accounts and a guaranteed interest account, with a minimum rate of 3% for year ended December 31, 2009 as investment options for participants.

ii) Company contributions are a discretionary amount, up to 2% of compensation for those participants who have completed one year of service. This determination is made each year by the Company, subject to limitations prescribed by law. For the Plan year ending December 31, 2009, the Plan Sponsor has suspended the Employer Matching Contribution.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participant salary deferral contributions plus the actual earnings thereon and participant rollovers are immediately vested. Vesting in the company's contribution portion of their account is based on years of service. A participant is 100 % vested after six years of credited service.

1. DESCRIPTION OF PLAN (CONTINUED)

(e) Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants can have a maximum of three loans outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through monthly payroll deductions.

(f) Forfeited Accounts

At December 31, 2009 and 2008, forfeited non-vested accounts totaled $36,849 and $34,219, respectively. These accounts will be used to reduce future employer contributions.

(g) Payment of Benefits

At the participant's option, the benefits described below will be paid either as a lump-sum amount equal to the value of the participant's vested interest in his or her account, a life annuity, or in equal annual installments over a period of not more than the participant's assumed life expectancy (or the participant's and his beneficiary's life expectancy) at the time of distribution.

(i) Retirement Benefits:

Employees are entitled to annual retirement benefits beginning at normal retirement age (65), based upon the full value of their account at the normal retirement date. Employees will normally receive payment of their benefits, as soon as practicable, following their retirement date.

(ii) Death Benefits:

Death benefits, equal to 100% of the Participant's account balance, are payable to the Participant's beneficiary on or before the anniversary date following the date of death.

(iii) Disability Benefits:

Disability benefits, prior to retirement, equal to 100% of the Participant's account balance, are paid to the employee on or before the first day of any calendar month following their disability. An employee is considered disabled if entitled to disability benefits under the Federal Social Security Act.

(iv) Termination Benefits:

Participants, whose employment is terminated for reasons other than those listed above, are entitled to the vested portion of their account balance. The remainder in the account will be forfeited.

2. SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

(a) Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

(d) Operating expenses

All expenses of maintaining the Plan are paid by the Company.

(e) Payment of Benefits

Benefits are recorded when paid.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

In 2008, the Company changed plan administrators from MetLife to ING. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee, ING. All investments are participant-directed

The following investments represent 5% or more of the Plan's net assets of December 31:

	2009	2008
ING VP Money Market Portfolio	$ 700,320	$ 860,232
ING Fixed Account	2,145,416	1,728,826
ING Solution 2015 Portfolio	596,041	465,551
ING Solution 2025 Portfolio	1,319,231	1,009,776
ING Solution 2035 Portfolio	1,822,201	1,419,120

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (CONTINUED)

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,579,685.

4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:	
	Fair Value	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2009			
Pooled separate accounts	$ 7,808,829	$ 7,808,829	$ -
Guaranteed interest account	2,145,416	-	2,145,416
Participant loans	223,758	-	223,758
Total	$ 10,178,003	$ 7,808,829	$ 2,369,174
December 31, 2008			
Pooled separate accounts	$ 6,090,177	$ 6,090,177	$ -
Guaranteed interest account	1,728,826	-	1,728,826
Participant loans	251,151	-	251,151
Total	$ 8,070,154	$ 6,090,177	$ 1,979,977

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable assets that have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. However, no Level 1 inputs were available to the Plan and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Fair Value Measurements

The fair value of pooled separate accounts is the calculated unit value based on the net assets of the underlying pool of securities.

Level 3 Fair Value Measurements

The guaranteed interest account and participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed interest account is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations. The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Guaranteed Interest Account	Participant Loans	Total
December 31, 2009			
Beginning balance	$ 1,728,826	$251,151	$ 1,979,977
Total gains and losses (realized and unrealized) included in change in net assets available for benefits	416,590	-	416,590
Purchases, sales, issuances, and settlements (net)	-	(27,393)	(27,393)
Ending balance	$ 2,145,416	$ 223,758	$ 2,369,174
December 31, 2008			
Beginning balance	$ -	$ 257,365	$ 257,365
Purchase, sales, issuances, and settlements (net)	1,728,826	(6,214)	1,722,612
Ending balance	$ 1,728,826	$ 251,151	$ 1,979,977

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in net appreciation in fair value of investments.

5. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of pooled separate accounts, managed by ING. ING is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions.

6. SUBSEQUENT EVENTS

Subsequent events were evaluated through September 14, 2010, which is the date of the financial statements were available to be issued.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. TAX STATUS

The plan obtained its latest determnation letter on November 27, 2001, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
