INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Mosaic Community Health 401(k) PS Plan and Trust
Bend, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Mosaic Community Health 401(k) PS Plan and Trust (formerly Mosaic Medical 401(k) PS Plan and Trust), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Mosaic Community Health 401(k) PS Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mosaic Community Health 401(k) PS Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mosaic Community Health 401(k) PS Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mosaic Community Health 401(k) PS Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mosaic Community Health 401(k) PS Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents, as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of Mosaic Community Health 401(k) PS Plan and Trust (the Plan), formerly Mosaic Medical 401(k) PS Plan and Trust, provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. The Board of Directors oversees the governance of the Plan.

General

The Plan is a 401(k) profit sharing plan, originally effective on January 1, 2008, covering most full-time employees of Mosaic Community Health (the Employer, formerly Mosaic Medical), except for nonresident aliens, leased employees, interns, and students. The Plan's most recent restatement was effective January 1, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate after completing one month of service.

Contributions

Participants may contribute up to 96 percent of annual compensation, as defined in the Plan, not to exceed statutory limits. Roth deferrals and pre-tax deferrals are allowed. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. As permitted under SECURE 2.0, the Plan allows for super catch-up contributions for participants between the ages of 60-63 beginning in 2025. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Effective January 1, 2025, the Plan has a Qualified Automatic Contribution Arrangement (QACA). When eligible, a participant will automatically be enrolled to defer four percent of eligible compensation, unless the participant affirmatively declines to participate. After one year, deferrals automatically increase by one percent each year until a maximum of 10 percent has been reached under the arrangement. During the year ended December 31, 2024, the Plan included automatic enrollment; unless they otherwise elect out of the arrangement, newly eligible participants were enrolled with pre-tax deferrals at a rate of three percent of eligible compensation with an auto-escalation of one percent each year, up to a maximum rate of 10 percent. The default fund for auto enrollment is the Vanguard Target Retirement Fund that corresponds to the participant's year of expected retirement. Contributions are made to this fund until the participant makes alternate allocation elections.

For the year ended December 31, 2025, the Employer made QACA Safe Harbor matching contributions of 100 percent of participant deferrals with a maximum match of 4 percent of eligible compensation. Annually, the Employer decides whether to make a discretionary matching or profit-sharing contribution. The Board of Directors is responsible for annually approving the amount of match or profit share contribution. Profit share contributions are subject to determination and approval by the Board, and are allocated based on qualifying participant's compensation in relation to total compensation of all qualifying participants. For the year ended December 31, 2024, the Board of Directors approved a match of 100 percent of participant deferrals, with a maximum match of 4 percent of eligible compensation. There were no profit sharing contributions for the years ended December 31, 2025 or 2024.

1. Plan Description, continued

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of the Employer's contributions, Plan earnings (losses), and charged with an allocation of administrative expenses, when applicable. Allocations are based on participant earnings or account balances, as defined by the Plan documents. Participants may direct the investment of their accounts into various investments offered through the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Participants shall become 100 percent vested upon attainment of normal retirement age, death, or permanent disablement. Vesting in Employer discretionary matching and profit sharing is based on the number of years of credited service. To earn a year of service, participants must be credited with 1,000 hours during a Plan year. A participant is 100 percent vested after five years of credited service on a graded vesting schedule of 20 percent per year. Effective January 1, 2025, a participant is 20 percent vested after one year of service and 100 percent vested after two years of service for QACA Safe Harbor matching contributions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account, installments, or annuity contracts. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or roll it over to another qualified plan. For account balances under $5,000, Plan provisions allow for automatic force-out. Under SECURE 2.0 Act, this limit was increased to $7,000 in 2024. The Plan allows hardship distributions of elective deferrals and vested matching contributions, subject to the Plan's rules governing hardship distributions. In-service withdrawals are permitted on fully vested funds once the participant has reached 59½ years of age.

Forfeited Accounts

Amounts that are not fully vested when participants terminate from the Plan are forfeited. These amounts are used to pay Plan administrative expenses or offset future Employer contributions. The Plan's forfeiture activity for the years ended December 31, was as follows:

	2025	2024
Beginning forfeitures available	$ -	$ 40,687
Amounts forfeited	137,582	120,656
Earnings	1,919	916
Forfeitures used to offset Employer contributions	(111,988)	(162,259)
Ending forfeitures available	$ 27,513	$ -

1. Plan Description, continued

Notes Receivable from Participants

Participants may borrow from their accounts up to one-half of the vested balance, not to exceed $50,000. No loans will be issued for less than $1,000. A participant is allowed only one loan outstanding at any time. The loans are secured by the remaining balance in the participant's account and bear interest at the prime rate plus 1 percent. Principal and interest are paid ratably through payroll deductions for a period generally not to exceed five years.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. The participant's account balance is payable as soon as administratively feasible after the date of the event if the account is $5,000 or under. Under SECURE 2.0 Act, this limit was increased to $7,000 in 2024.

2. Summary of Significant Accounting Policies, continued

Administrative Expenses

Expenses of maintaining the Plan, including third-party administration and audit fees, are paid by the Employer and are therefore excluded from these financial statements. Administrative expenses may be paid from participant accounts at the Employer's election. Investment related expenses are included in net change in fair value of investments or as a reduction from investment income. Fees for the administration of notes receivable from participants and certain distributions are included in administrative expenses and charged directly to the participant's account.

Contributions

Participant contributions are recorded in the year withheld from participant compensation. Employer contributions are recorded in the year in which underlying compensation was paid to participants.

3. Information Certified by Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations of Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	2025	2024
Investments, at fair value:		
Registered investment companies	$ 38,151,520	$ 29,584,492
Common/collective trusts	550,098	502,701
Cash equivalents	294	13
Notes receivable from participants	409,562	374,837
Investment income:		
Net change in fair value of investments	$ 4,985,563	$ 2,829,659
Dividends and other income	809,114	643,207
Interest income on notes receivable from participants	31,553	26,998

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing the information with the information included in the financial statements and supplemental schedule. The trustee's annual reports were prepared primarily on a cash basis for the years ended December 31, 2025 and 2024. The accompanying financial statements were prepared on an accrual basis. Accordingly, certain accrual adjustments were made to the information provided by the trustee.

4. Tax Status

The Internal Revenue Service (IRS) has informed Ascensus LLC, by a letter dated June 30, 2020, that the prototype adopted by the Plan, as then designed, is qualified under Internal Revenue Code (IRC) Section 401. The Plan has not received a determination letter specific to the Plan itself. Although the Plan has been amended since its adoption of the prototype plan for subsequent changes in applicable tax laws and regulations, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial Plan termination, affected participants would become 100 percent vested in their accounts.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

7. Fair Value Measurements, continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2025 and 2024.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. All mutual funds held by the Plan are open-ended funds registered with the SEC and are deemed to be actively traded and have a readily determinable fair value. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Common/collective trusts: Units held in the common/collective trust are valued using the NAV of the fund, which is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily at NAV. The common/collective trust fund measured at NAV has not been classified in the fair value hierarchy. All common/collective trust investments held by the Plan have no unfunded commitments, and the investments may be redeemed by participants on a daily basis with no required notice period.

Cash equivalents: Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total

Investments measured at NAV practical expedient:				
Common/collective trusts				502,701
Total investments, at fair value				$ 30,087,206

8. Related Party Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Employer. Fees paid during the year to the third-party administrator or trustee for services rendered by parties in interest were based on customary and reasonable rates for such services and were paid by the Employer, other than a fixed percentage advisory fee that is paid directly from participant accounts. These party in interest transactions are exempt from the prohibited transaction rules of ERISA.

9. Nonexempt Transactions

During the year ended December 31, 2024, participant contributions of $3,791 were not remitted to the Plan within the appropriate time period by the Employer. These transactions constitute prohibited transactions as defined by ERISA. These contributions were fully corrected with lost earnings in 2025. The Employer has taken the appropriate steps to correct the situation by reimbursing employees for lost earnings and interest and has further implemented a procedure to ensure all future remittances are made within the prescribed time period. There were no delinquent remittances for the year ended December 31, 2025.

10. Subsequent Events

Management evaluates events and transactions that occur after the statement of net assets available for benefits date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor’s report.
