Note 1- Description of Plan:

The following description of the Wirtz Corporation Union Employees ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all members of the collective bargaining units of the Company, who have six months of service and are age twenty and one-half or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Each year, eligible participants may contribute up to 100% of pretax annual compensation or $49,000, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a fixed income, a money market, five solution portfolios, and nineteen variable investment funds as investment options for participants. Company contributions to the Plan are allocated as stated in the individual collective bargaining agreements. Employer contributions are invested as directed by the individual participant.

Participant accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Participants are immediately vested in the Company's contribution, as applicable, plus actual earnings thereon.

Participant loans
Participants may borrow from their fund accounts a maximum of $50,000 reduced by the excess of the highest outstanding balance during the last year less the balance on the day of the loan. In no event can the loan exceed one half of the accrued benefit in their 401 (k) account. The minimum amount is $1,000 and the maximum number of loans outstanding per participant is one. The loans are secured by the balance in the participant's account and bears interest at a rate of prime plus 2% (5.25% to 10.25%) during the year ended December 31, 2009, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits
On termination of service due to death, disability, retirement or other reasons, a participant is entitled to a lump-sum distribution of their total interest. There are no undistributed termination of service benefits as of December 31, 2009 and 2008.

Note 2 - Summary of Significant Accounting Policies:

Expenses
Substantially all investment expenses are picked up by the Plan and allocated to the participants as shown in the change in value of investments. The Plan sponsor incurs expenses on behalf of the plan that are not reimbursed by the Plan.

Use of estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition
The Plan's investments are stated at fair value. Quoted market prices are used to value investments which are all valued at Level 1 inputs. Income is recognized when earned. The Plan is partially invested in general account insurance contracts. These contracts are shown at current market value less potential surrender charges. The certified report from the trustee does not contain the allocation between investment income and realized and unrealized gains and losses on investments, and accordingly the allocation is not presented in the statement of changes in net assets available for plan benefits.

Payment of benefits
Benefits are recorded when paid.

Forfeited accounts
Forfeited nonvested accounts totaled $592 and $1,229 at December 31, 2009 and 2008, respectively. These accounts will be used to reduce future employer contributions or refunded to the sponsor.

These transactions are considered exempt party-in-interest transactions.

Note 6 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 8 - Subsequent Events:

Management has evaluated subsequent events through October 7, 2010, the date which the financial statements were available to be issued. As a result of the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) enactment in 2001, the Plan was restated per the IRS requirement, and was adopted prior to the April 30, 2010 deadline.
