INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants
American Rivers, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of American Rivers, Inc. 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules.

AMERICAN RIVERS, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of American Rivers, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete and accurate description of the Plan's provisions.

General: The Plan is a 403(b) defined contribution plan covering the employees of American Rivers, Inc. (the Sponsor). The Plan's Retirement Plan Committee is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants are also permitted to contribute Roth after-tax deferrals to the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

Employees who normally work 20 hours or more per week and have completed a year of service are eligible for employer contributions. The Sponsor makes a nonelective employer contribution equal to 3% of compensation for all eligible employees, as defined by the Plan. The Sponsor may also make discretionary matching contributions to the Plan. There were no discretionary matching contributions made for the year ended December 31, 2022.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the employer contributions and net earnings, and charged with an allocation, if any, of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in all contributions plus actual earnings thereon.

Payment of benefits: Upon termination of service, participants may elect to receive an amount equal to the value of the invested interest in their accounts in the form of lump sum or installment payments. Participants may elect to receive an early withdrawal while employed at the age of 59½ as specified, in the Plan document. The employer may authorize certain withdrawals from a participant's account in the event of a proven financial hardship. Hardship withdrawals are subject to specific statutory and regulatory requirements.

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their account balance or $50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. The rate was 6% on the loan outstanding at December 31, 2022, and the loan matures in 2030. Principal and interest are paid ratably through semi-monthly payroll deductions.

Plan loans: Participants may borrow directly from Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) using a portion of their Plan account as security for the loan. The minimum loan is $1,000 and may be up to the lesser of $50,000 or 45% of their account balance. The loans bear interest at rates that range from 4% to 6.85%, which are commensurate with local prevailing rates as determined periodically by TIAA and CREF. Principal and interest are paid ratably through quarterly or monthly ACH transfers by the participant to TIAA and CREF. The Plan Administrator has concluded that these loans are not Plan assets. The balance as of December 31, 2022 was $20,449. Under the borrowing terms, the loans are collateralized by 110% of the loan balance. In the event of default, such loans are reportable to Plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the Plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. As of December 31, 2022, loans in default totaled $20,449.

Transfers from TIAA accounts: Participants are permitted to transfer funds between their CREF accounts into their TIAA Retirement Annuity at any time. However, transfers out of the TIAA Annuity into any CREF account by an active participant can only be made through a Transfer Payout Annuity, which provides for the transfer of funds in substantially equal installments over a period of ten years.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition (continued): Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2022) through July 21, 2026, the date the financial statements were available to be issued.

Subsequent to December 31, 2022, effective January 1, 2026, the Plan's assets were transferred from OneAmerica to Principal Trust Company and reinvested in comparable funds.

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified or Provided by Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA and CREF), American United Life Insurance Company (OneAmerica) and Voya Retirement Insurance and Annuity Company (Voya)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by OneAmerica and Voya, custodians of the Plan, and TIAA and CREF, issuers of certain investments of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the issuers and custodians that information provided to the Plan Administrator by the issuers and custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedules related to the following assets:

	December 31	
	2022	2021
Investments, at fair value:		
Variable annuities	**$ 3,070,060**	$ 4,047,037
Pooled separate accounts	**6,982,949**	7,499,359
Guaranteed investment contract (nonbenefit-responsive)	**823,261**	812,404
Access annuities	**246,777**	401,175
	$ 11,123,047	$ 12,759,975
Investment, at contract value:		
Guaranteed investment contracts (benefit-responsive)	**$ 393,391**	$ 479,121
Notes Receivable from Participants	**$ 11,833**	$ 13,080

TIAA and CREF certified to the completeness and accuracy of $794,376 of net depreciation in fair value of investments related to the aforementioned Plan assets for the year ended December 31, 2022. OneAmerica certified to the completeness and accuracy of $1,241,468 of net depreciation in fair value of investments and $749 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2022. Voya certified to the completeness and accuracy of $166,560 of net depreciation in fair value of investments related to the aforementioned Plan assets for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Access annuities: Valued at the net asset value (NAV) of shares in each account held by the Plan at year end. The net asset value is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value. Subaccount unit values are calculated daily and are available on the TIAA and CREF website, tiaa-cref.org.

Variable annuities: All of the CREF variable annuities and TIAA-CREF funds are valued at the daily unit value published on NASDAQ. The funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the funds.

Pooled separate accounts: Except for the TIAA Real Estate Account, valued at the NAV of shares in each account held by the Plan at year end, the net asset value is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value. The TIAA Real Estate Account is a pooled separate account for which daily unit values are published on NASDAQ. The account is not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the account.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

Guaranteed investment contract (nonbenefit-responsive): Discounted cash flows are used to determine the fair value of the TIAA Traditional Annuity as it is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable. While transactions involving the purchases/sales of individual TIAA Traditional contracts are not observable in a public marketplace, contract value may provide a good approximation of fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022

Investments, measured at NAV (a)				7,571,274
Investments, at fair value				$ 12,759,975

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes the investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2022 and 2021:

Investment	Fair Value December 31 2022	Fair Value December 31 2021	Unfunded Commitment	Redemption Frequency	Redemption Notice Period

Total investments measured at NAV	**$ 6,885,035**	$ 7,571,274			

(b) TIAA Access products are variable annuities, which are funded through TIAA Separate Account VA-3 (VA-3), a separate investment account of TIAA registered under the Investment Company Act of 1940. VA-3 invests in proprietary and non-proprietary mutual funds through sub-accounts. Audited financial statements for VA-3 are available.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table presents changes in assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3 assets) attributable to purchases and issuances of Level 3 of the fair value hierarchy, for the years ended December 31, 2022 and 2021, respectively:

	2022	2021
Purchases	**$ 265**	$ 165,875

The following table presents quantitative information about significant unobservable inputs used in Level 3 fair value measurements as of December 31, 2022 and 2021, respectively:

	Fair Value		Principal Valuation	Significant Unobservable	Range of Significant
Instrument	**2022**	2021	Technique	Inputs	Input Value
Guaranteed investment contract (nonbenefit-responsive)	**$ 823,261**	$ 812,404	Discounted cash flow	Risk-adjusted discount rate applied	Variable

Note 5. Fully Benefit-Responsive Investment Contracts

The Plan has traditional fully benefit-responsive guaranteed investment contracts with TIAA, OneAmerica and Voya. The contract issuers maintain the contributions in general accounts. The accounts are credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

As described in Note 2, investment contracts held by the Plan that are fully benefit-responsive are reported at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5. Fully Benefit-Responsive Investment Contracts (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probably of occurring that might limit the ability of the Plan to transact at contract value with contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

Note 6. Related Party and Party-in-Interest Transactions

TIAA and CREF, OneAmerica and Voya, issue certain investments and provide custodial services to the Plan; therefore, transactions with these entities qualify as party-in-interest transactions.

The Plan has a revenue sharing agreement with OneAmerica which resulted in other income of $17,980 for the year ended December 31, 2022.

Fees paid by the Plan to OneAmerica and other bundled service providers totaled $18,624 for the year ended December 31, 2022. The Sponsor also paid certain administrative expenses of the Plan.

Note 7. Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 8. Tax Status

The Plan has adopted a volume submitter 403(b) plan sponsored by OneAmerica Financial Partners, Inc. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	December 31	
	2022	2021
Net assets available for benefits per the financial statements	**$ 11,577,803**	$ 13,295,122
Difference in:		
Employer contribution receivable	**(49,532)**	(42,946)
Net assets per the Form 5500	**$ 11,528,271**	$ 13,252,176

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements to net loss per the Form 5500:

Net decrease in net assets available for benefits per the financial statements	**$ (1,717,319)**
Difference in employer contributions	**(6,586)**
Net loss per the Form 5500	**$ (1,723,905)**

Note 10. Nonexempt Transactions

During 2022 and 2021 the Sponsor inadvertently failed to deposit $24,595 and $65,775, respectively, of participant deferrals within the required timeframe as stated by the DOL regulations. The Sponsor intends to reimburse the Plan for lost interest, file Form 5330 and pay the applicable excise taxes in 2026. The excise tax payments will be made from the Sponsor's assets and not from assets of the Plan
