INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Diversified Thermal 401 (k) Plan
Houston, Texas

I was engaged to audit the financial statements of Diversified Thermal 401 (k) Plan as of December 31, 2009, and for the year ended December 31, 2009, and the supplemental schedules as of and for the year ended December 31, 2009 as listed in the accompanying table of contents. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by The Guardian Insurance and Annuity Company, Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. I have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of, and for the year ended, December 31, 2009, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the Custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America, and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The December 31, 2008 Statement of Net Assets Available for Benefits has been compiled by us in accordance with Statements of Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants and is presented for comparison purposes only as required by Department of Labor's Rules and Regulations. A compilation is limited to presenting in the form of financial statements information that is the representation of management. I have not audited or reviewed the 2008 financial statement and, accordingly, I do not express and opinion or any other form of assurance on it.

DIVERSIFIED THERMAL 401 (k) PLAN
Houston, Texas

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

NOTE 1 - DESCRIPTION OF PLAN

The following description of Diversified Thermal 401 (k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company who completed six months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may make an elective deferral, for each Plan year, in an amount equal to the maximum amount allowable not to exceed the limits of Code Sections 401(k), 404 and 415. The Company will have the option of making a discretionary matching contribution to be determined by the Board of Directors each Plan year.

Participant Accounts: Each Participant's account is credited with the Participant's contribution and an allocation of the Company's contribution and Plan earnings. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Investment Options: Upon enrollment in the Plan, the Participant is given a summary of the various investment options available under the Plan. The Participant then directs their contributions and any matching Employer contribution, to the various investments of their choosing. Changes in investments in the Participant's account are made directly by the Participant with The Guardian Insurance and Annuity Company, the Custodian of the Plan.

Participant Notes Receivable: The Plan does not allow loans from the Participant accounts.

Vesting: Participants are immediately vested in their voluntary contributions, and Company matching contributions plus actual earnings thereon.

Payment of Benefits: On termination of service due to death, disability or retirement, a Participant will receive an amount equal to the value of the Participant's vested interest in his or her account in a lump-sum amount.

Forfeitures: All employer derived account balances are fully vested so the Plan has no forfeitures.

Administrative Expenses: Administrative expenses for the Plan are charged to and paid by the Employer.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Date of Management's Review: Subsequent events were evaluated through October 7, 2010, which is the date the financial statements were available to be issued.

Basis of Accounting: The financial statements are prepared using the accrual method of accounting.

Estimates: The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at contract value, which approximates fair value as reported to the Plan by The Guardian Insurance and Annuity Company (Note 4). Purchases and sales of securities are recorded on a trade-date basis.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - INVESTMENTS CONTRACTS WITH INSURANCE COMPANY

The Plan's investments are held by The Guardian Insurance and Annuity Company (Guardian), a registered insurance company. All Participant accounts are self-directed as to both Employer and Employee contributions. Guardian maintains the contributions in pooled separate accounts. The accounts are credited with actual earnings on the underlying investments and charged for Plan withdrawals.

NOTE 4 - INVESTMENTS CONTRACTS WITH INSURANCE COMPANY (CONTINUED

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been certified to as complete and accurate by Guardian. Investments representing 5% or more of the Plan's assets are separately identified.

During the year ended December 31, 2009, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $79,088.

Appreciation in pooled separate accounts	$ 79,088

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the Plans administrator by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100 percent vested in their accounts.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
