Notes to Financial Statements

December 31, 2009

1. Significant Accounting Policies

Basis of Accounting

The accounting records of the St. Mary's Health System, Inc. Union 403(b) Retirement Plan (the "Plan") are maintained on an accrual basis. Annual returns filed under applicable provisions of the Employee Retirement Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC") are on the cash basis.

Multiple Employer Plan

St. Mary's Health System, Inc. ("Plan Sponsor") is responsible for the administration of the Plan. The Plan is a multiple employer Plan, which was originally effective January 1, 1980, and included employees of Baptist Health System of East Tennessee, Inc., The Baptist Health System Foundation, Inc., Baptist Hospital of Cocke County, Inc., Baptist Hospital of East Tennessee, Inc., Baptist Hospital West, Inc. and Baptist Hospital for Women, Inc. (collectively, the "Employers"). Effective January 1, 2008, the Plan Sponsor acquired The Baptist Health System.

Plan Termination

Effective December 31, 2009, the Plan Sponsor terminated the Plan, and all existing assets of the Plan were transferred to the St. Mary's Health System, Inc. Non-Union 403(b) Retirement Plan (the "Non-Union Plan"). All then existing participants became 100% vested in their accounts and commenced as participants of the Non-Union Plan. The following table summarizes the assets transferred to the Non-Union Plan at December 31, 2009:

Investment funds parties-in-interest:	
Money market funds	\$ 213,704
Mutual funds	1,005,105
Guaranteed pooled fund	64,143
Stable fund	3,841
Total investment funds of parties-in-interest	1,286,793
Other mutual funds	537,828
Participant loans	31,733
Net assets available for benefits	1,856,354

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes to Financial Statements (continued)

1. Significant Accounting Policies (continued)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses (primarily investment fees) are paid by the Plan. Remaining fees for legal, accounting and other administration are paid by the Plan Sponsor.

Subsequent Events

In preparation of the accompanying financial statements, subsequent events that have occurred since the balance sheet date have been evaluated through October 7, 2010, the date the financial statements were available for issuance.

2. Description of the Plan

General

The Plan is a 403(b) Tax Deferred Annuity Plan. The Plan was available to all employees subject to collective bargaining agreements of the Employers. Participation in the Plan was voluntary and employees were permitted to enter the Plan immediately for purposes of making salary deferral contributions. Employees were eligible to receive employer contributions after completing one year of service (minimum of 1,000 hours) and attaining the age of 21; however, participants were not eligible to receive an employer contribution if they were an excluded employee, as defined in the Summary Plan Description. The Plan is subject to the provisions of ERISA.

Contributions

Participating employees could contribute a percentage of their salary up to the maximum amount allowed by the Internal Revenue Service ("IRS"). For 2009, the IRS limitation is \$16,500. The Employers make matching contributions of 50% of the first 4% of earnings. The Employers may also choose to make a nonelective contribution equal to 2% of the employee's salary and a special employer contribution at the option of the Employers' Board of Directors. Receivables from the Employers and employees for contributions are unsecured. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans. There were no participant rollovers to the Plan in 2009.

Employee contributions, if any, to the Plan are made through payroll deductions. The employee contributions and employer matching contributions are remitted to the Trustee after each payroll.

St. Mary's Health System, Inc. Union 403(b) Retirement Plan

Notes to Financial Statements (continued)

2. Description of the Plan (continued)

Investments

The Plan's primary trustee is State Street Bank and Trust Company ("SSBT"). Each investment fund with SSBT (including certain investment options of Transamerica Financial Life Insurance Company ("Transamerica"), an affiliate of DIA) is a collective investment trust in which the Plan has an undivided interest with other employee benefit plans that participate in the investment funds. The Plan does not require these investment funds to be insured or collateralized. The maximum loss, if any, that would be incurred by the Plan if the counterparties to the Plan's investments failed to perform, is the recorded amount of such investments. SSBT has delegated its administrative duties to DIA.

The investment funds are stated at fair value based on the last reported sales price for the year. In accordance with the policy of stating investments at fair value, net appreciation or depreciation in the fair value of investments is reflected in the Statement of Changes in Net Assets Available for Benefits. This includes all investments bought or sold, as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan. Fully benefit-responsive investment contracts held by the Plan are as follows:

Guaranteed Pooled Fund

The Plan invested in an investment contract held in the Guaranteed Pooled Fund of Transamerica. The Statement of Net Assets Available for Benefits presents the fair value of these investment contracts, which approximates contract value. Participants should refer to the Transamerica Financial Life Insurance Company Guaranteed Pooled Fund financial statements for more information.

Stable Fund (General Account)

The Plan also invested in an investment contract held in the Stable Fund (General Account) of Transamerica. SSBT maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Stable Fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

St. Mary's Health System, Inc. Union 403(b) Retirement Plan
Notes to Financial Statements (continued)

2. Description of the Plan (continued)

Investments (continued)

Stable Fund (General Account) (continued)

Because the Stable Fund is fully benefit-responsive, contract value, which approximates fair value, is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the Stable Fund. Contract value, as reported to the Plan by SSBT, represents contributions under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of SSBT or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.1%. Such interest rates are reviewed on an annual basis for resetting.

The Stable Fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity.

Average yields were 1.1% in 2009 and 3.3% in 2008. The average yield credited to Plan participants approximates the average yield based on actual earnings.

Participant Accounts

Participants were permitted to allocate contributions among various investment options. Participants have the opportunity to change the investment options previously elected at any time. Each participant's account is credited with the participant's contribution, the respective Employer's matching contribution, an allocation of the Employer's nonelective contribution, special employer contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

St. Mary's Health System, Inc. Union 403(b) Retirement Plan

Notes to Financial Statements (continued)

2. Description of the Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings on these contributions and special employer contributions. Vesting in the employer's matching and nonelective contribution portion of their accounts plus related earnings is based on years of service, defined as 1,000 hours in a calendar year, as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

On termination of service, a participant may elect to receive a lump sum amount equal to the vested value of his or her account. If a participant has a vested account balance of \$1,000 or less, the participant will automatically be paid in one lump sum payment.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may be used to reduce future Employers' contributions or pay Plan expenses. Unallocated forfeitures of \$3,841 were included in the transfer of Plan assets (*Note 1*).

Participant Loans

Participants were permitted to borrow from their account under certain plan conditions. The maximum amount of participant's borrowing could not exceed \$50,000 and was limited to 50% of the participants vested account balance. No borrowings were permitted on amounts under \$1,000. The loan is fully secured by the participant's account and payable through payroll deductions over a five-year period, or longer if for the acquisition or renovation of a principal residence, including interest at the prevailing market interest rate.

Summary Plan Description

The foregoing description of the Plan provides only general information. Participants should refer to the St. Mary's Health System, Inc. Union 403(b) Retirement Plan Summary Plan Description for a more complete description of the Plan's provisions. Copies of this publication are available from the Plan Sponsor.

Notes to Financial Statements (continued)

3. Income Tax Status

The Plan Sponsor has not filed for a determination letter from the IRS for the Plan. The Plan Sponsor is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualification status, and believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. Financial Information (Unaudited)

4. Financial Information (Unaudited) (continued)

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	December 31	
	2009	2008
*Transamerica Money Market Fund	\$—	\$265,112
*Transamerica Intermediate Horizon Fund	—	752,414
American Funds Europacific Fund	—	321,590

**Denotes a party-in-interest to the Plan*

Certain Plan investments represent investment contracts with the Trustee, and therefore, these transactions qualify as party-in-interest transactions. The Trustee does not provide amounts of total purchases and redemptions for these investment funds.

The balance in the forfeitures account is invested in the Transamerica stable fund as directed by the Plan Sponsor. Activity in this nonparticipant-directed investment during 2009 is as follows:

	2009
Balance at beginning of year	\$ 1,668
Appreciation in fair value	37

5. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Quoted prices in active markets for identical assets.
- Level 2 Significant other observable inputs.
- Level 3 Significant unobservable inputs.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value:

St. Mary's Health System, Inc. Union 403(b) Retirement Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

Money market funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Guaranteed pooled fund and stable fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 265,112	\$ —	\$ —	\$ 265,112
Mutual funds	1,392,318	—	—	1,392,318
Guaranteed pooled account	—	34,390	—	34,390
Stable fund	—	1,668	—	1,668
Participant loans	—	—	24,795	24,795
