AMBERCARE CORPORATION, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009

NOTE 1. PLAN DESCRIPTION

The following description of the Ambercare Corporation, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General. The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Ambercare Corporation, Inc. (Company) and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Ambercare Corporation, Inc. is the Plan's sponsor and serves as Plan administrator.

Eligibility. Employees of the Company are eligible to participate in the Plan upon reaching age 21 and after completing one year of service in which at least 1,000 hours are worked.

Contributions. Contributions are subject to regulatory limitations. Participants may elect to contribute between 1% and 100% of eligible compensation to the Plan each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may elect to make discretionary matching and profit sharing contributions to the Plan. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any profit sharing contributions. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. The Company matches 100% of employee contributions, up to 3% of eligible compensation deferred to the Plan, plus 50% of salary deferral in excess of 3% of total compensation but not to exceed 5% of total compensation.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Vesting. Participants are fully vested in their salary deferrals plus actual earnings thereon. Vesting in Company contributions is based on years of service with increases in increments of 25% per year beginning at two years of employment until fully vested after five years of employment.

Participant loans. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the Plan administrator. The maximum loan term is five years unless the loan term qualifies as a home loan, in which case the term of the loan is not to exceed ten years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2009, the rates of interest on outstanding loans ranged from 4.25% - 8.75% with various maturities through December 2014.

Payment of Benefits. On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's account balance. If a participant's employment is terminated for any other reason, that participant is entitled to the portion of his or her Employer Accounts in which he or she is vested.

Forfeitures. Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay Plan administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2009 and 2008, forfeited non-vested accounts totaled \$4,410 and \$1,166, respectively.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accounting policies implemented by the Plan conform to accounting principles generally accepted in the United States of America as applicable to defined contribution pension plans and are on the accrual basis of accounting.

Use of Estimates. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

AMBERCARE CORPORATION, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FASB Codification. On July 1, 2009, the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) became the single authoritative source for nongovernmental U.S. generally accepted accounting principles (GAAP). The ASC supersedes all previous authoritative GAAP applicable to the Plan and is effective for interim and annual periods ended after September 15, 2009.

Investment Valuation. Investments are stated at fair value as certified by the Plan's custodian, American Funds Service Company.

Income Recognition. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of Benefits. Benefits are recorded when paid.

Expenses. Administrative expenses are paid by the Company. Certain transaction fees are paid by the Plan.

Subsequent Events. Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are issued.

The Plan has evaluated subsequent events through October 8, 2010, which is the date the financial statements were issued.

Reclassification. Certain amounts from the prior year statement of net assets available for benefits have been reclassified, in order to conform to the current year presentation.

NOTE 3. INVESTMENTS

The following presents investments that represent 5% or more of net assets available for benefits as of December 31,

	2009	2008
Fundamental Investors Fund	\$ 383,808	249,227
New Perspective Fund	239,594	138,995

U.S. Government Securities Fund	108,405	74,837
Participant Loans	101,258	54,134
Capital World Bond Fund	89,256	90,700

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value as follows:

Registered investment companies	<u>\$ 273,213</u>
---------------------------------	-------------------

NOTE 4. FAIR VALUE MEASUREMENTS

In accordance with authoritative guidance, the Plan classifies its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
Level 2	Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly;
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

AMBERCARE CORPORATION, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value:

The money market fund is a public investment vehicle valued using \$1 for the net asset value (NAV). The money market fund is classified within level 1 of the valuation hierarchy.

Shares of registered investment company funds are valued at the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within level 1 of the valuation hierarchy.

Participant loans are not actively traded and significant other observable inputs are not available. Participant loans are stated at amortized cost which approximates fair value and are classified within level 3 of the valuation hierarchy. Loans are secured by each respective participant's account balance.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses by level, the fair value hierarchy, of the Plan's assets at fair value as of December 31, 2009 and 2008:

NOTE 6. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American Funds Service Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008.
- Net appreciation in fair value of investments and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2009.
- Investments reflected on the supplemental schedule of assets (held at year end).

NOTE 7. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 18, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of registered investment company funds managed by American Funds Service Company. As custodian of the Plan, American Funds Service Company is an affiliate of Ambercare Corporation and, therefore, transactions with this entity qualify as exempt party-in-interest transactions.

NOTE 10. PROHIBITED TRANSACTIONS

During 2009, it was determined that the Company failed to remit to the Plan's custodian certain participant contributions and loan repayments to the Plan in a timely manner, as defined by ERISA, in the amount of \$23,085.
