To the Board of Directors and Plan Administrator
American Hardware Mutual 401(k) Plan
Columbus, Ohio

We were engaged to audit the accompanying statements of net assets available for benefits of the American Hardware Mutual 401(k) Plan (the Plan) as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedules of assets (held at end of year) as of December 31, 2009 and reportable transactions for the year ended December 31, 2009. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. As disclosed in Note 3, the Plan Administrator has obtained certifications from the trustee regarding the completeness and accuracy of the investment information provided to the Plan Administrator by the trustee as of and for the years ended December 31, 2009 and 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Independent Auditor's Report

To the Board of Directors and Plan Administrator
American Hardware Mutual 401(k) Plan
Columbus, Ohio

We were engaged to audit the accompanying statements of net assets available for benefits of the American Hardware Mutual 401(k) Plan (the Plan) as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedules of assets (held at end of year) as of December 31, 2009 and reportable transactions for the year ended December 31, 2009. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. As disclosed in Note 3, the Plan Administrator has obtained certifications from the trustee regarding the completeness and accuracy of the investment information provided to the Plan Administrator by the trustee as of and for the years ended December 31, 2009 and 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

American Hardware Mutual 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the American Hardware Mutual 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, a defined contribution plan, was established for the purpose of providing a savings plan for the benefit of substantially all employees of American Hardware Mutual Insurance Company (the Company) and its subsidiaries. Employees are immediately eligible to participate after their employment date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each eligible employee (participant), as defined in the Plan, may elect to contribute, through payroll deduction, from 1% to 50% of their pre-tax annual compensation. Eligible employees hired on or after January 1, 2008 are automatically enrolled in the Plan with an elective deferral rate of three percent of compensation, increasing each year by one percent until such elective deferral rate is six percent of compensation, unless the participant affirmatively elects out of the automatic deferral feature or elects a different deferral rate. The contributions of highly compensated employees, as defined by the Internal Revenue Service, may be further limited. Participants may increase or decrease their contribution amount at any time. Participants may also make Roth deferral contributions. Participants may be eligible to contribute rollover amounts received as a lump-sum distribution from a qualified retirement plan of another employer if transferred to this Plan directly, or by the participant within 60 days of receipt of the distribution from the previous plan. Such amount shall have no effect on the limits for maximum benefits and contributions as defined by the Plan. Company matching contributions are made in an amount equal to 35% of the first 6% of employee contributions. Additional discretionary amounts may be contributed by the Company at the option of the Company's board of directors; however, no discretionary amounts were contributed in 2009 or 2008. All contributions are invested in the investment options at the direction of the participant. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and is charged with an allocation of administration expenses, if applicable. The allocation of the Company's contribution follows the participant's directed investment options. Plan earnings are allocated based upon the participant's shares in each investment account.

Vesting and forfeitures: Participants are immediately vested in their contributions and the Company matching contributions, plus actual earnings thereon. Generally, participants are fully vested in additional discretionary amounts contributed by the Company, plus actual earnings thereon, after five years of service. Participants who have attained normal retirement age or have terminated as a result of death or disability are immediately fully vested in additional discretionary amounts contributed by the Company, plus actual earnings thereon.

At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$0. Forfeitures of nonvested Company contributions are used to reduce future Company contributions. In 2009 and 2008, Company contributions were reduced by \$0 from forfeited nonvested accounts.

American Hardware Mutual 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Investment options: The Fidelity Management Trust Company (Fidelity) serves as the trustee and recordkeeper of the Plan. Participants may elect to allocate contributions between the fund options available under the Plan in increments of 1%. Earnings on all funds, including appreciation and depreciation in the fair value of investments, are determined daily by using the quoted market value of shares in each investment account. Participants may transfer account contributions on a daily basis, and may transfer account balances in 1% increments on a daily basis. Through the self-directed brokerage account option, participants may invest in most listed stocks, options (if approved for options trading), corporate bonds, zero-coupon bonds, U.S. Treasury securities, mortgage securities, U.S. Government agency bonds, certificates of deposit, unit investment trusts, foreign securities, and other mutual funds (subject to the limitations of the Plan).

Change in trustee: On December 31, 2009, the Plan transferred all assets to a new trustee, State Street Bank and Trust Company. Certain assets were transferred in-kind, and are reported as investments on the statement of net assets available for benefits at December 31, 2009. The remainder of the assets were liquidated and are reported as cash on the statement of net assets available for benefits. All assets were received by the new trustee and invested on January 4, 2010.

Participant loans: Participants may borrow from their fund accounts once each calendar year with a maximum of two outstanding loans at any one time. The minimum loan is \$500 with the maximum loan not to exceed the lesser of \$50,000 or 50% of the vested account value. The loan amount will process as a reduction of the elected investment funds on a pro-rated basis. Loan terms may extend to a maximum of five years or up to fifteen years for the purchase of a primary residence. The loans have a fixed interest rate established by the American Hardware Mutual 401(k) Plan Committee. The loan interest rate is determined at the beginning of each quarter. Principal and interest is paid ratably through payroll deduction.

Payment of benefits: Upon termination of service due to retirement, death or disability, participants may receive the vested value of their account in a lump-sum or partial distribution. Regular installments over a period not to exceed twenty years may also be elected. If service terminates for other reasons and the vested account balance exceeds \$1,000, a participant must consent to receive a lump-sum or partial distribution. Benefit payments may be deferred until age 70-1/2 or retirement, if later.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. Contract value for this common/collective trust is based on the net asset value of the fund as reported by the trustee. The statements of net assets available for benefits present the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for benefits are prepared on a contract value basis.

American Hardware Mutual 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Participant contributions and Company matching contributions are recognized when the participant contributions are withheld from the participant's earnings. Additional discretionary contributions approved by the Company's board of directors are recognized in the year of service.

Payments of benefits: Distributions are recognized when paid.

Administrative expenses: Fidelity charges an administrative fee for certain services including loan withdrawals and overnight processing, that is deducted directly from the participants' accounts quarterly. All remaining administrative expenses are paid by the Company.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

Recently issued accounting pronouncement: In September 2010, FASB issued an amendment, *Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment was effective for periods ending after December 15, 2010, with early adoption permitted. This amendment requires retrospective application to all periods presented. This amendment has not yet been adopted. Adoption of this amendment is not expected to have a material impact on the net assets available for benefits.

Subsequent events: The Company has evaluated subsequent events for potential recognition and/or disclosure through October 7, 2010, the date the financial statements were available to be issued.

Note 3. Investments and Information Certified and Provided by Fidelity

The following is a summary of the investment information as of December 31, 2009 and 2008, and for the years then ended, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following investments.

The following table presents the fair value of the Plan's investments as certified by the trustee as of December 31. The fair value of individual investments that represent 5% or more of the Plan's net assets are separately identified:

Note 3. Investments and Information Certified and Provided by Fidelity (Continued)

Fidelity also certified to the completeness and accuracy of net appreciation (depreciation) in the fair value of investments, and of interest and dividend income for the years ended December 31, which included the following:

	2009	2008
Net appreciation (depreciation) in fair value of investments:

Interest and dividends	<u>\$ 261,486</u>	<u>\$ 586,152</u>

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Shares of registered investment companies: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

American Hardware Mutual 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Shares of common/collective trust: Valued at the total of the NAV of the underlying debt, short-term securities and wrap contracts held by the account at year-end. The Plan's interest in the common/collective trust is valued based on the information reported by the investment advisor.

Participant loans: Valued at amortized cost, which approximates fair value.

Common stock and money market fund: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2009 and 2008:

Assets at Fair Value as of December 31, 2009				
	Level 1	Level 2	Level 3	Total

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2009 and 2008.

	Participant Loans	
	2009	2008
Balance, beginning of year	\$ 217,978	\$ 257,211
Issuances and settlements (net)	11,889	(39,233)
Balance, end of year	<u>\$ 229,867</u>	<u>\$ 217,978</u>

In September 2009, FASB issued an amendment which provides guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of this guidance can now be determined using NAV per share as a practical expedient, when the fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. It also requires disclosure of certain attributes by major category of alternative investments, regardless of whether the practical expedient was used. This amendment was effective for periods ending after December 15, 2009, with early adoption permitted.

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2009:

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust	\$ 2,961,534	\$ -	Daily	None

This common/collective trust is a stable value trust whose objective is to preserve capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the trust invests principally in fixed income securities and also wrap contracts and other short-term investments. Investments in this fund can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. The fair value of the investments in this fund has been estimated using the NAV per share of the underlying investments.

In January 2010, FASB issued an amendment which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both Level 2 and Level 3 measurements. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes.

With respect to the matters other than Level 3 measurements, the amendment was effective and not yet adopted for periods beginning on or after December 15, 2009. The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010 and has not yet been adopted. We are currently evaluating the impact of the guidance related to Level 3 measurements on our disclosures.

Note 5. Tax Status

The IRS has determined and informed the Company by a letter dated May 13, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

The FASB issued new guidance on accounting for uncertain tax positions. The Plan adopted this new guidance for the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2006.

Note 6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2009	2008
Net assets available for benefits per the financial statements	\$ 18,343,002	\$ 14,288,315

American Hardware Mutual 401(k) Plan

Notes to Financial Statements

Note 6. Reconciliation of Financial Statements to Form 5500 (Continued)

Reconciliations between the financial statements and the Form 5500 are required because the financial statements are prepared on the accrual basis of accounting, whereas the Form 5500 is prepared on the modified cash basis of accounting. The common/collective trust is reported at contract value on the financial statements, whereas the Form 5500 is required to report the common/collective trust at fair value.

Note 7. Related Party Transactions

Certain plan investments are shares of registered investment companies and a common/collective trust managed by Fidelity Investments Institutional Services Company, Inc., an affiliate of Fidelity. Fidelity is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for administrative services provided by Fidelity amounted to \$2,180 and \$2,018 for the years ended December 31, 2009 and 2008, respectively.
