INDEPENDENT AUDITORS' REPORT

To The Trustees
Drive Medical 401(k) Plan
(f/k/a Drive Devilbiss Healthcare 401(k) Plan)
Port Washington, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Drive Medical 401(k) Plan (formerly known as Drive Devilbiss Healthcare 401(k) Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Drive Medical 401(k) Plan (formerly known as Drive Devilbiss Healthcare 401(k) Plan) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Drive Medical 401(k) Plan's (formerly known as Drive Devilbiss Healthcare 401(k) Plan) ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Drive Medical 401(k) Plan's (formerly known as Drive Devilbiss Healthcare 401(k) Plan) internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Drive Medical 401(k) Plan's (formerly known as Drive Devilbiss Healthcare 401(k) Plan) ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE A – DESCRIPTION OF PLAN

The following description of the Drive Medical 401(k) Plan, formerly known as Drive Devilbiss Healthcare 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Medical Depot, Inc. d/b/a Drive Medical, formerly doing business as Drive Devilbiss Healthcare (the "Company"). The Company is an indirect wholly owned subsidiary of Drive TopCo, Inc. and Subsidiaries (formerly known as CD&R Reign TopCo, Inc.) ("TopCo"). Emerald Parent, LLC (the "Parent") is a limited liability company that was formed on October 5, 2025 for the purpose of acquiring TopCo from CD&R Reign Holdings, L.P. (the "Acquisition"). The Parent consummated the Acquisition on November 3, 2025. The Acquisition was executed pursuant to definitive agreements entered into on October 15, 2025, by investment funds affiliated with Kingswood Capital Management, L.P.

The Plan covers substantially all employees of the Company who have completed 90 consecutive days of service with the Company and have attained age 18. Residents of Puerto Rico, interns, and part-time, temporary, or seasonal employees regularly scheduled for fewer than 1,000 hours of service are excluded, except as required under the long-term part-time employee provisions of the Internal Revenue Code. An employee may enter the Plan on the first day of the month coinciding with or following the date on which the employee meets the eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Participants may contribute from 1% up to 100% of pretax annual compensation, as defined in the Plan, on a pre-tax or Roth basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Plan permits in-plan Roth rollovers.

NOTE A – DESCRIPTION OF PLAN – CONTINUED

Contributions (continued)

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate of 3% of eligible compensation unless they elect otherwise. The automatic deferral rate increases by 1% each June 1, beginning with the Plan year following the year the automatic deferrals first apply, up to a maximum of 10% of compensation. Participants may increase or decrease their contributions on a monthly basis. Participants may stop contributing at any time.

Participants direct the investment of their contributions, as well as Company contributions, into various investment options offered by the Plan. Contributions of participants who do not make an investment election are invested in the Plan's qualified default investment alternative.

The Company may make an annual matching contribution in a discretionary amount equal to a uniform percentage of the amount contributed by each participant. For the year ended December 31, 2025, participants that were not members of a union received a matching contribution equal to 50 percent of the first 5 percent of eligible compensation. Participants that were members of a union received a matching contribution equal to 100 percent of the first 3 percent of eligible compensation plus 50 percent of the next 2 percent of eligible compensation. For the year ended December 31, 2025, the total matching contribution was $1,565,691.

The Company may also make a discretionary nonelective (profit-sharing) contribution at the option of the Company's board of directors. There was no discretionary profit-sharing contribution for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution (if any) and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Company's profit-sharing contributions to the Plan are allocated among all of the participants who have completed a year of service, as defined within the Plan document, and are actively employed on the last day of the Plan year.

NOTE A – DESCRIPTION OF PLAN – CONTINUED

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching or profit-sharing contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. In addition, Union employees covered by a good faith bargaining agreement that provides for coverage in the Plan will continue to be 100% vested in Company matching contributions regardless of their date of entry into the Plan.

Participants also become 100% vested upon termination of employment due to death or disability.

Notes Receivable from Participants

A participant may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The maximum number of outstanding loans at any time is two per participant. The loans are secured by the balance in the participant's account and bear interest at prime plus one percent. Loans are generally repaid within five years of the date on which the loan's funds are disbursed. If the loan is for the purchase of a primary residence, the repayment can be longer than five years. Principal and interest is paid ratably through monthly payroll deductions. For the year ended December 31, 2025, loan interest rates ranged from 5.25% to 10.50%.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive the value of the participant's vested interest in his or her account as a lump-sum distribution. Participant's who are required to receive minimum distributions may elect partial distributions equal to or exceeding the required amount. The normal retirement age under the Plan is 65. Prior to termination of service, participants who have attained age 59-1/2 may withdraw all or any portion of the value of salary reduction contributions and vested Company contributions made on their behalf. Following severance of employment, the Company may distribute participant balances less than $5,000 as soon as administratively feasible.

Hardship Withdrawals

The Plan permits eligible participants to request hardship withdrawals from their vested account balances in accordance with the safe harbor hardship provisions of the Internal Revenue Code and applicable Treasury Regulations. Hardship withdrawals are permitted based on the participant's written (including electronic) self-certification that the withdrawal is on account of a

NOTE A – DESCRIPTION OF PLAN – CONTINUED

Hardship Withdrawals (continued)

safe harbor financial need and does not exceed the amount necessary to satisfy that need, in accordance with Section 312 of the SECURE 2.0 Act of 2022. Distributions may be made from the vested portion of participant's pre-tax elective deferral (plus earnings), Roth elective deferral (plus earnings), employer matching contribution, and employer nonelective contribution accounts.

Forfeited Accounts

The forfeiture account consists of the nonvested portion of the Company contributions of participants who have separated from service. Forfeitures may be used to reduce Company contributions or pay administrative expenses of the Plan. The forfeited nonvested accounts totaled $7 and $20,143 for the years ended December 31, 2025 and 2024, respectively. Employer contributions were reduced by $76,587 from forfeited nonvested accounts.

Basis of Accounting

The financial statements of the Plan have been prepared on an accrual basis of accounting.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies using information provided by the investment advisers, custodians, and insurance company. See Note C for discussion of fair value measurements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition (continued)

The Plan's investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note D for further details.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Deemed distributions from notes receivable from participants are recorded when a participant defaults on a loan repayment according to the Plan provisions. In accordance with Financial Accounting Standards Board ("FASB") ASC Topic 326 (*Financial Instruments – Credit Losses*), notes receivable from participants in defined contribution plans are explicitly excluded from the scope of the expected credit loss model; therefore, no allowance for credit losses has been recognized as of December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, including administrative, professional, and advisory fees, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Subsequent Events

On January 27, 2026, an affiliate of the Company entered into a UCC Sale Asset Purchase Agreement with NXT Capital, LLC to acquire Compass Health Brands, a diversified supplier of branded and private label consumer medical products. The acquisition closed on February 9, 2026. In connection with this acquisition, participants in the Compass Health Brands 401(k) Retirement Plan were given the option to roll over their account balances into the Plan. Subsequent to the acquisition, 62 participants elected to roll over net assets of approximately $6,900,000 into the Plan.

Effective July 1, 2026, the Plan was amended to change the Plan's name from the Drive Devilbiss Healthcare 401(k) Plan to the Drive Medical 401(k) Plan and to reflect the change in the Plan Sponsor's trade name from Drive Devilbiss Healthcare to Drive Medical.

The Plan has evaluated all events that occurred after December 31, 2025 but before the financial statements were available to be issued, October 5, 2026, to determine if they must be reported. Except as disclosed above, there were no events requiring recognition or disclosure in the financial statements.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE C – FAIR VALUE MEASUREMENTS – CONTINUED

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds – Valued at the NAV as the practical expedient of underlying investments of participant units held by the Plan as of the last trading day of the period as reported by the managers of the trust. Investments that use NAV as a practical expedient to measure fair value have not been classified in the fair value hierarchy in accordance with FASB ASC 820-10.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025		
	Level 1	Investment at NAV	Total
Mutual Funds	$ 28,232,415	$ -	$ 28,232,415
Collective Trust Funds	-	59,211,934	59,211,934
Total Investments Measured at Fair Value	$ 28,232,415	$ 59,211,934	$ 87,444,349

	Investments at Fair Value as of December 31, 2024		
	Level 1	Investment at NAV	Total
Mutual Funds	$ 71,675,116	$ -	$ 71,675,116
Collective Trust Funds	-	1,719,420	1,719,420
Total Investments Measured at Fair Value	$ 71,675,116	$ 1,719,420	$ 73,394,536

The Plan did not have any investments in Level 2 or Level 3 as of December 31, 2025 and 2024.

NOTE D – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan maintains a fully benefit-responsive investment contract with Empower, the Plan's custodian and trustee; the Guarantee Income Fund ("GIF"). Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The contract does not permit the issuer to terminate the agreement prior to its scheduled maturity date at an amount other than contract value.

NOTE E – PLAN EXPENSE ACCOUNT

Empower is a party in interest to the Plan as defined by ERISA, serving as the Plan's recordkeeper. Empower receives revenue sharing payments (including 12b-1 fees, sub-transfer agency fees, and other shareholder servicing payments) from certain investment funds held by the Plan. Pursuant to the terms of the recordkeeping agreement between the Plan and Empower, amounts received in excess of the agreed-upon recordkeeping fee are credited to a plan expense

NOTE E – PLAN EXPENSE ACCOUNT – CONTINUED

account maintained on behalf of the Plan. Fees paid to Empower, including amounts received through revenue sharing, are considered exempt party-in-interest transactions under ERISA Section 408(b)(2).

The balance of the plan expense account at December 31, 2025 and 2024 was $11,842 and $10,388, respectively, which is included within the guaranteed income fund balance in the Statement of Net Assets Available for Benefits. These amounts are available to pay reasonable Plan administrative expenses, at the direction of the Plan Administrator.

NOTE F – RELATED-PARTY AND PARTY-IN-INTERST TRANSACTIONS

The guaranteed income fund is managed by Empower, and Empower Trust Company, LLC is the trustee of the Plan. Therefore, transactions with Empower qualify as party-in-interest transactions under ERISA.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

The Company performs certain administrative functions on behalf of the Plan, for which no fees are charged.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE H – INFORMATION CERTIFIED BY THE TRUSTEE

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation or depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower, a qualified institution. The contract value of the guaranteed investment contract was certified by Empower.

NOTE I – TAX STATUS

The Plan operates under a non-standardized pre-approved plan document sponsored by Empower that has received an opinion letter dated November 14, 2022 from the IRS as to the plan's qualified status. The opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter, however, the Plan Administrator believes the Plan is designed and is operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely that not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2022.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

NOTE K – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2023 and 2024, the Company identified various Plan administration and calculation errors occurring between 2021 and 2024. These errors include incorrect employer matching calculations, improper automatic enrollments or automatic increases, and incorrect participant withholding percentages.

During 2024, the Company fully finalized corrective actions outside of the Department of Labor Voluntary Fiduciary Correction Program. Total corrections, including late participant contributions, insufficient matching contributions, and restored lost earnings, totaled $34,420. Additionally, $20,045 in excess matching contributions and associated earnings were withdrawn from the Plan.

All corrections were completed in 2024, and no delinquent contributions or corrective balances are outstanding as of December 31, 2025. No new administrative errors were identified during the year ended December 31, 2025.
