Pinnacle Fertility Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of **Pinnacle Fertility Inc. 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Pinnacle Fertility Inc. 401(k) Plan's (the "Plan") financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Revenue Recognition

The Plan's mutual fund investments are stated at fair value. The Plan's common collective fund investments are stated at net asset value. For common collective funds, net asset value (NAV) is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The Plan's pooled separate accounts are stated at contract value. See Note 7 for additional information about how this investment is valued.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividend income is accrued on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

In general, these securities are exposed to various risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

Operating Expenses

The Plan and Plan Sponsor pay a portion of the costs of administering the Plan.

Contributions Receivable and Allowance for Expected Credit Losses

Employee contributions which are withheld through payroll deductions, including the corresponding employer matching contributions, and have not been credited to the participant accounts as of the end of the Plan year are recorded as contributions receivable. An allowance for expected credit losses is not considered necessary because these amounts are all considered to be fully collectible.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassification

Certain amounts in the 2024 financial statements have been reclassified to conform to the current year presentation. The reclassifications did not result in any changes to net assets available for benefits.

Notes Receivable from Participants

The notes receivable from participants are valued at their outstanding balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon terms of the Plan document.

2. DESCRIPTION OF THE PLAN

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Pinnacle Fertility Inc., and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Pinnacle Fertility Inc. (the Company) is the Plan's sponsor and serves as Plan administrator.

Eligibility

Employees of the Company are eligible to participate in the Plan upon reaching age 21 and after completing three months of service.

Contributions

Participant contributions – Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer discretionary matching contributions – The Company can elect to make matching contributions equal to 100% of the first 1% of the participant elective contributions and 50% of the next 5% of the participant elective contributions.

Employer profit sharing contributions – The Company may elect to make profit sharing contributions to the Plan. There were no profit sharing contributions made for the year ended December 31, 2025.

Contributions are subject to regulatory limitations.

2. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, employer safe harbor contributions, Company's discretionary matching, as well as allocations of profit sharing contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions. Vesting in the Company's match or profit sharing portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	100%

Investment Options

Upon enrollment in the Plan, a participant may direct deferrals and Employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time, not to exceed fifteen years. Under the terms of the Plan Agreement, plan loans will bear an interest rate similar to other commercial loans by people or institutions in the business of lending money in the same geographic area as the Company. Principal and interest is paid ratably through equal installments made each pay period.

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful accounts has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

On termination of service, or upon death, disability, or retirement, a participant (or their beneficiary) may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Partial withdrawals or installments are only allowed for participants who must receive minimum required distributions due to reaching the required age under current regulations.

2. DESCRIPTION OF THE PLAN (Continued)

Forfeitures

As of December 31, 2025 and 2024, the values of forfeited non-vested accounts were **$239,737** and $0, respectively. These accounts can be used to reduce future employer contributions or pay Plan expenses. During the year ended December 31, 2025, there were forfeitures of $440,144 and there were $200,408 of forfeited non-vested accounts that were used to reduce employer contributions.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would be 100% vested in their employer contributions.

3. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by an opinion letter dated September 21, 2020, that the Plan was designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). Subsequent to this issuance of the opinion letter, the Plan was amended. However, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2022.

4. UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee, has certified that the following data included in the accompanying financial statements are complete and accurate with respect to investments:

- Investments at fair value
- Interest and dividend income
- Net appreciation/(depreciation) in fair value of investments
- Schedule of assets (held at end of year)

4. UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE (Continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

5. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value methods used by the Plan may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

5. FAIR VALUE MEASUREMENTS (Continued)

Fair values of investments measured on a recurring basis at December 31, 2025 and 2024 are as follows:

		Fair Value Measurements at Reporting Date Using:		
	Total	Level 1	Level 2	Level 3
December 31, 2025				
Common collective funds (a)	**$ 56,542,660**	**$ -**	**$ -**	**$ -**
Mutual funds	**29,258,177**	**29,258,177**	**-**	**-**
Total	**$ 85,800,837**	**$ 29,258,177**	**$ -**	**$ -**
December 31, 2024				
Common collective funds (a)	$ 46,820,477	$ -	$ -	$ -
Mutual funds	23,978,183	23,978,183	-	-
Total	$ 70,798,660	$ 23,978,183	$ -	$ -

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Plan management evaluated the transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2025 and 2024, there were no transfers in or out of levels 1, 2, or 3.

6. NET ASSET VALUE PER SHARE

The following table sets forth disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value as of December 31, 2025.

	Fair Value Estimated Using Net Asset Value per Share				
	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
December 31, 2025					
Common collective funds	**$ 56,542,660**	**$ -**	**Daily**	**None**	**Daily**
Total	**$ 56,542,660**	**$ -**			
December 31, 2024					
Common collective funds	$ 46,820,477	$ -	Daily	None	Daily
Total	$ 46,820,477	$ -			

7. INVESTMENTS AT CONTRACT VALUE

The pooled separate accounts consist of an investment in The Standard's Stable Asset Fund, which is a group annuity contract issued by The Standard Insurance Company. This is a fully benefit-responsive traditional investment contract that is reported at contract value, which represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made to the contracts, plus earnings, less participant withdrawals and administrative expenses. The contract value as of December 31, 2025 and 2024 was **$39,986** and $47,407, respectively.

The net crediting interest rates for this contract is based on the performance of the underlying investments and are reset periodically by the issuer, with a 1% contractual minimum interest floor. Realized and unrealized gains and losses on the underlying investments are amortized over the duration of the contracts through adjustments to future interest crediting rates.

Transaction payouts at contract value may be limited or subject to a Market Value Adjustment (MVA) if triggered by: complete plan termination or corporate mergers/spin-offs; structural early retirement windows or employer-initiated mass layoffs; or plan design changes that create a competing investment option (violating equity wash provisions).

The structural guarantees of principal and interest rely on the long-term financial strength and claims-paying capacity of The Standard Insurance Company. Currently, the likelihood of a credit default event that would cause a permanent restriction on participant benefit payments is deemed remote by Plan management.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company provides administrative services to the Plan. A portion of administrative expenses, including audit fees, were paid by the Company for the year ended December 31, 2025. The Plan Sponsor is a party-in-interest. Participant loans are also party-in-interest transactions.

9. MANAGEMENT'S EVALUATION OF SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

10. DELINQUENT PARTICIPANT CONTRIBUTIONS

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company has calculated delinquent contributions and is in the process of calculating lost earnings to be remitted to the affected participants' accounts.

11. RECONCILIATION TO FORM 5500

As of December 31, 2025 and 2024, certain differences existed between the Form 5500 and the audited financial statements, the table below is a reconciliation of those differences.

	2025			
	Amount per Form 5500	**Amount per Financials**	**Difference**	**Explanation for Variance**
