Changes in Net Assets Available for Benefits for
the Year Ended December 31, 2009, Supplemental
Schedule for the Year Ended December 31, 2009
and Independent Auditors' Report

INDEPENDENT AUDITORS' REPORT

ProHEALTH Corp. 401(k) Savings Plan :

We were engaged to audit the accompanying statements of net assets available for benefits of ProHEALTH Corp. 401(k) Savings Plan (the "Plan") as of December 31, 2009 and 2008, the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedule of assets (held at end of year) - December 31, 2009. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by AXA Equitable Life Insurance Company, the custodian of the Plan except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PROHEALTH CORP. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

Background - The ProHEALTH Corp. 401(k) Savings Plan (the "Plan"), is a defined contribution plan as described in the Internal Revenue Code ("IRC") section 401(k) sponsored and administered by ProHEALTH Corp. (the "Company"). The Plan was adopted on January 1, 1998 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The investment custodian, which also provides recordkeeping services, is AXA Equitable Life Insurance Company ("AXA Equitable") and the third-party administrator is The Heritage Group, LLC. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

Amendments and Restated Plan Documents - The prototype Plan documents, which were amended and restated during 2008 to incorporate numerous regulatory and statutory changes, were adopted by the Company effective as of the beginning of the 2009 Plan year.

Eligibility - The Plan is available to all employees of the Company, as well as the following related companies: ProHEALTH Care Associates, LLP, ProHEALTH Ambulatory Surgery Center, Inc., and Mobile Medical Services, P.C., excluding collective bargaining employees and leased employees, who have attained age 21 and completed six months of service. Eligibility credit may be given when the Company acquires an established medical practice. An employee may elect participation in the Plan on the first day of the month following completion of such eligibility requirement.

Contributions and Vesting - Participants in the Plan may make regular 401(k) deferral contributions, specified as a percentage of their eligible compensation, on a pre-tax basis. In addition, Plan participants may make Roth 401(k) deferral contributions, specified as a percentage of their eligible compensation. The Plan allows for such combined contributions up to 100 percent of eligible compensation, subject to Section 401(k) maximum limitations (\$16,500 for the year ended December 31, 2009). Additionally, those participants who are age 50 or above may make catch-up contributions of up to \$5,500.

An eligible employee may make a transfer to the Plan of a benefit from a qualified retirement plan of another employer, referred to as rollover contributions, with certain restrictions.

Contributions from participants consisted of the following during 2009:

Regular 401(k) (including catch-up) contributions	\$ 2,269,355
Roth 401(k) contributions	32,461
Rollover contributions	130,882
Total	<u>\$ 2,432,698</u>

Participants are fully and immediately vested in their own contributions and earnings thereon.

Distributions to Participants - Distributions to participants are available upon the following events: retirement, termination of employment, the attainment of age 59 1/2, or death. A participant's benefit, consisting of his/her entire account balance, is paid in the form of a single lump sum payment or direct rollover to an individual retirement account or another retirement plan. Payment shall be made as soon as administratively feasible following the event, provided, however, that the participant's consent is obtained for distributions of amounts in excess of \$5,000. A participant with an account balance in excess of \$5,000 may elect to defer payment until minimum distribution rules apply under the IRC. Participant account balances of less than \$1,000 will be paid automatically in a lump sum payment.

The Plan also provides for hardship withdrawals to participants meeting certain requirements as described in the Plan agreement. Upon written request, participants may withdraw all or a portion of their rollover contributions.

Participant Loans - The Plan provides for loans to participants subject to rules described in the Plan agreement. Loans to participants bear interest at the rate of 3.25 percent to 10.25 percent per annum and are payable in various biweekly installments over periods of 1 to 5 years.

Administrative Costs - Certain Plan expenses are deducted from participant accounts or investment income. Administrative costs paid by the Plan in 2009 consist of asset-based fees and benefit payment and participant loan transaction fees charged by the custodian. The Company pays the remainder of administrative costs on behalf of the Plan. In accordance with Plan provisions, the Company may, at any time, elect to have all of such expenses paid by the Plan.

Termination - The Company intends to continue the Plan indefinitely, but reserves the right to modify or discontinue it at its discretion, subject to applicable provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The Plan's policy is to prepare financial statements on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the

amounts reported in the accompanying financial statements and notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Net investment gain (loss) on pooled separate accounts represents the earnings (loss) on the underlying investments in such accounts, in which purchases and sales of securities are recorded on a trade-date basis, interest income is recorded on the accrual basis, dividends are recorded on the ex-dividend date, and net appreciation (depreciation) in fair value includes the accounts' gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan provides for various investment options, including pooled separate investment accounts with underlying investments in any combination of stocks, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to interest rate, market and credit risk. As a result of the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events - The plan has evaluated subsequent events through October 4, 2010, the date the financial statements were available to be issued.

3. INCOME TAX STATUS

In March 2008, the Internal Revenue Service stated in an opinion letter that the prototype plan adopted by the Plan administrator was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and accordingly, they believe that the Plan is qualified and the related trust is tax-exempt.

* Such individual investments represent 5 percent or more of net assets available for benefits.

The following information included in the accompanying statement of changes in net assets available for benefits was obtained from data that has been prepared and certified to as complete and accurate by AXA Equitable:

	Year Ended December 31, 2009
Interest income on guaranteed interest fund	\$ 10,907
Net investment gain from pooled separate accounts	\$ 1,406,515
Interest income on participant loans	\$ 3,199

AXA Equitable Guaranteed Interest Option - Contributions to the AXA Equitable Guaranteed Interest Option ("AXA GIO") become part of AXA Equitable's general account. At the beginning of each quarter, AXA Equitable will set a minimum guaranteed interest rate for that quarter. The Guaranteed Interest Option rate as of December 31, 2009 was 3.10 percent. The AXA GIO is not considered fully benefit-responsive and accordingly, fair value, as reported to the Plan by AXA Equitable, is the relevant measurement attribute for that portion of the net assets available for benefits attributable to this investment. Transfer restrictions apply, such that the maximum amount that participants may transfer from the AXA GIO during a calendar quarter to AXA Equitable pooled separate accounts is the maximum of 25 percent of their investment in the AXA GIO or the total amount they transferred out of the AXA GIO during the preceding 12 months.

Pooled Separate Accounts - These funds are maintained in accounts separate from the insurance company general accounts. They offer various investment options ranging from conservative funds which principally seek to preserve capital and provide fixed income to aggressive funds invested principally in common stocks which seek growth of capital over the long term.

5. FAIR VALUE MEASUREMENTS

The Financial Statement Accounting Board Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Value of interest in insurance company general account - The fair value of the AXA Equitable Guaranteed Interest Option, which is a general obligation of AXA Equitable, is equal to the contract value available for benefit-related withdrawals and is classified as Level 2 in the fair value hierarchy, as per information provided by AXA Equitable.

Pooled separate accounts - Investments in pooled separate accounts are stated at fair value, which have been determined based on the unit values of the accounts. Unit values are determined by AXA Equitable by dividing the account's net assets at fair value by its units outstanding at the valuation date.

Participant loans - Participant loans are valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Assets at Fair Value as of December 31, 2009				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Guaranteed interest account	\$ 0	\$646,816	\$ 0	\$646,816
Pooled separate accounts	2,730,142	7,902,921	0	10,633,063
Participant loans	0	0	53,768	53,768
Total assets at fair value	<u>\$2,730,142</u>	<u>\$8,549,737</u>	<u>\$53,768</u>	<u>\$11,333,647</u>

Assets at Fair Value as of December 31, 2008				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Guaranteed interest account	\$ 0	\$225,778	\$ 0	\$225,778
Pooled separate accounts	0	7,619,001	0	7,619,001
Participant loans	0	0	70,318	70,318
Total assets at fair value	<u>\$ 0</u>	<u>\$7,844,779</u>	<u>\$70,318</u>	<u>\$7,915,097</u>

The change in the fair value of participant loans, a level 3 asset, from \$70,318 as of December 31, 2008 to \$53,768 as of December 31, 2009 resulted from loan issuances net of loan repayments.
