To the Benefits Committee of
Chevron Phillips Chemical Company LP
10001 Six Pines Drive
The Woodlands, Texas 77380

We have conducted an Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C) audit of the financial statements of the Chevron Phillips Chemical Company LP 401(k) Savings and Profit Sharing Plan (the Plan) as of and for the year ended December 31, 2025 and have issued our report thereon dated July 8, 2026. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated February 25, 2026, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (US GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of the system of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the system of internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplementary Information Required by ERISA

The supplementary information listed in the table of contents as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplementary information, other than the information in the supplementary information that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Plan Description

The following description of the Chevron Phillips Chemical Company LP 401(k) Savings and Profit-Sharing Plan (the Plan) is subject to and qualified by more complete information appearing in the Plan document.

The Plan, established on January 1, 2001, is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is available to eligible employees of Chevron Phillips Chemical Company LP (the Company), as defined in the Plan document. Upon hire, an eligible employee is automatically enrolled as a participant in the Plan at a pre-tax contribution rate of 6%, and shall have that rate increased annually by 1% on the first of the month following the participant's anniversary of employment, until the rate reaches 8%, unless the participant opts out of deferring to the Plan or otherwise enters his or her own deferral election.

Participants may contribute to the Plan through payroll deductions in whole percentages, pre-tax, Roth after-tax, and/or after-tax medical savings account (MSA) contributions in a combined amount of 1% to 40% of eligible earnings as defined in the Plan document, subject to federal limitations. Although earmarked to help pay medical expenses after participants' retirement, after-tax MSA contributions can be used for any purpose after retirement or termination.

Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans, or accounts from other allowable sources, into the Plan. In addition to pre-tax, Roth after-tax, and after-tax MSA contributions mentioned above, participants who are age 50 or older during a given plan year can make pre-tax and/or Roth after-tax "catch-up" contributions to the Plan, subject to federal limitations. Such catch-up contributions do not receive Company matching contributions and do not count towards the annual contribution limits.

The Company makes a matching contribution equal to 100% of a participant's pre-tax and/or Roth after-tax contributions dollar-for-dollar up to 8% of a participant's eligible earnings. Some employees of Performance Pipe (a division of the Company) are subject to different Company match terms. A participant's after-tax MSA contributions and any rollovers are not eligible for Company matching contributions.

Participants direct the investment allocation of all contributions into the various mutual funds and common collective trusts (CCT) options offered by the Plan. The Plan also offers a self-directed brokerage account for the investment of contributions. This self-directed brokerage account is comprised only of investments in mutual funds. Investments in the common stock of Chevron Corporation (Chevron), Phillips 66, and ConocoPhillips are frozen, and therefore may be reallocated to the mutual funds and/or CCTs, but are not offered as current investment options to participants.

The Plan includes only one core revenue sharing investment option. The revenue sharing for this fund is refunded to the participants holding the fund and is not retained by the Company or Trustee of the Plan, Fidelity Management Trust Company. All other revenue sharing activity derives from the self-directed brokerage account and related investment activity made at the direction of fund participants.

A participant's interest in his or her contributions and rollovers, and any associated earnings, is fully vested at all times. Vesting of a participant's interest in Company matching contributions occurs at the earliest of: (a) the date of completion of three years of vesting service; (b) the date of a participant's death occurring prior to termination of employment; (c) the date a participant is declared permanently and totally disabled; or (d) the date a participant reaches age 65. A participant is 100% vested in his or her interest in Company matching contributions if the participant is laid off for lack of work for a period of at least 365 days (or the Company expects such layoff to last at least 365 days).

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $402,887 and $508,768, respectively. These accounts are first used to restore participant accounts, then to reduce employer contributions or Plan expenses. During 2025, forfeited nonvested accounts were used to fund Company contributions of $501,638 and to pay Plan expenses of $474,196.

The full value of a participant's vested account is available for distribution, either as full or partial cash or rollover lump sum or in periodic cash installments, upon retirement or termination of employment from the Company, permanent and total disability, or death of the participant.

A participant may make regular withdrawals from his or her vested account once every 30 days. Hardship withdrawals are also permitted under certain circumstances.

Participants may borrow from their accounts (participant loans) at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from six months to five years or up to thirty years in the case of loans for the purpose of purchasing a principal residence. Loans are secured by the balance in the participant's account and bear interest at the Prime rate plus 1%.

The Plan is administered by a committee (the Plan Administrator) that makes all decisions with respect to the Plan's operations. Determinations by the Plan Administrator are final and conclusive. Any committee member may participate in the Plan if he or she is otherwise eligible. The Company pays certain administrative expenses of the Plan. The Plan Administrator conducted a fee benchmarking study in 2025 to help fulfill its duty to periodically monitor fees paid by the Plan.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of

ERISA. In the event of Plan termination, participants would become fully vested in their account.

Note 2 – Summary of Accounting Policies

Basis of Accounting. The accompanying financial statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Benefit payments are recorded when paid.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions. Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Investment Valuation and Income Recognition. Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

Following is a description of the valuation methodologies used for the Plan's investments measured at fair value:

- Common stock values are based on their quoted market prices.
- Mutual funds are valued using quoted market prices, which represent the net asset values (NAV) of shares held by the Plan at year-end.
- Participant-directed brokerage accounts consist of mutual funds that are valued on the basis of readily determinable market prices.
- CCTs are valued at the NAV, as reported by the issuer of the fund, as a practical expedient to estimate fair value.

Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Participant Loans. Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan

repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced to zero and a benefit payment is recorded.

Risks and Uncertainties. The Plan provides for various investment choices. In general, investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Note 3 – Certified Investments

All investment information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, investments at fair value, notes receivable from participants at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan.

Note 4 – Income Tax Status

The Plan received a determination letter from the Internal Revenue Service (IRS) dated September 16, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (Code), subject to timely adoption of the proposed restated Plan and amendments. The restated Plan and amendments were executed by the Company on December 12, 2014. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since the IRS determination. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions. All investment fund

earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Note 6 – Fair Value Measurements

Accounting standards require disclosures that categorize assets and liabilities measured at fair value into one of three different levels, depending on the observability of the inputs employed in the measurement. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are observable inputs other than quoted prices included within Level 1 for the asset or liability, either directly or indirectly through market-corroborated inputs. Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or management's assumptions about pricing by market participants.

The following sets forth the fair value of the Plan's assets by level within the fair value hierarchy:

	Fair Value of Assets at December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 219,443,144	-	-	219,443,144
Common stocks	22,071,356	-	-	22,071,356
Participant-directed brokerage accounts	117,281,921	-	-	117,281,921
Total assets in the fair value hierarchy	$ 358,796,421	-	-	358,796,421
CCT measured at NAV[1]				1,730,177,358
Total investments at fair value				$ 2,088,973,779

	Fair Value of Assets at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 209,897,013	-	-	209,897,013
Common stocks	28,020,331	-	-	28,020,331
Participant-directed brokerage accounts	101,297,439	-	-	101,297,439
Total assets in the fair value hierarchy	$ 339,214,783	-	-	339,214,783
CCT measured at NAV[1]				1,559,564,439
Total investments at fair value				$ 1,898,779,222

[1] Certain investments measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy, but are presented to allow for reconciliation between the fair value hierarchy table and investments presented on the Statement of Net Assets Available for Benefits. At December 31, 2025 and 2024, there were no redemption restrictions on these funds other than an advanced notice requirement.

Note 7 – Subsequent Events

Subsequent events have been evaluated through July 8, 2026, the date the financial statements were available to be issued.

On December 17, 2025, the Company executed Amendment No. 12 to the Plan, effective January 1, 2026, which eliminates true-up matching contributions for plan years beginning on or after January 1, 2026.
