INDEPENDENT AUDITORS' REPORT

TO THE PLAN ADMINISTRATOR AND PARTICIPANTS
OF GOLDEN STATE OVERNIGHT DELIVERY SERVICE, INC. 401(k) PROFIT SHARING PLAN

We were engaged to audit the accompanying statement of net assets available for benefits of GOLDEN STATE OVERNIGHT DELIVERY SERVICE, INC. 401(k) PROFIT SHARING PLAN (the "Plan") as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the 2009 financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2009 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2009 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2009. The form and content of the information included in the 2009 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2009

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Golden State Overnight Delivery Service, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on April 1, 1998 to provide retirement benefits for employees of Golden State Overnight Delivery Service, Inc. (the "Company"). The Plan is a defined contribution plan covering all employees who have attained age 21, have completed one year of service, and are not nonresident aliens or members of a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participants may voluntarily contribute up to 100% of their annual compensation, limited to $16,500 of pretax compensation for the year ended December 31, 2009. Participants age 50 or older may elect to defer additional "catch-up contributions," limited to $5,500 for the year ended December 31, 2009.

Employer Contributions – The Company matches participant contributions at a rate of 33.33% up to a maximum employer contribution of $3,000 per participant. The Company may also make an annual profit sharing contribution at the option of the Company's board of directors, subject to limitations imposed by applicable provisions of the IRC.

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant's contributions, the Company's matching contributions and allocations of (a) the Company's profit sharing contribution, if any, and (b) Plan investment earnings. Allocations are based on participant compensation or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into various mutual funds or a collective trust fund available through The Hartford Financial Services Group, Inc. ("The Hartford"), the recordkeeper of the Plan. During the year ended December 31, 2008, the Plan's prior custodian, MFS Heritage Trust Company, was replaced with Reliance Trust Company ("Reliance").

Vesting – Participants are immediately vested in their contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing and matching contributions is based on years of continuous service according to the following schedule:

Years of Service	Vested Percentage
Less than 1 year	0%
1	33.33%
2	66.66%
3	100%

Participant Loans – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. The duration of the loan is not to exceed five years except where the proceeds are used for the purchase of a principal residence, in which case the repayment period may be longer. The loans are secured by the balance in the participant's account, bear interest at rates based on the prime rate of interest charged by a national commercial bank plus 1%, unless determined otherwise by the trustee, and remain fixed throughout the life of the loan. At December 31, 2009, the interest rates charged on outstanding participant loans ranged from 6.75% to 6.95%. Principal and interest are paid ratably, either directly by the participant or through payroll deductions, and loans are due immediately upon termination of employment.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Upon termination of service due to death, disability, retirement, or termination of employment, a participant may receive a lump-sum distribution or a direct rollover distribution into a qualified plan. At the time of retirement or termination of employment, if a participant's account balance is in excess of $5,000, the participant may delay the receipt of distributions. If a terminated participant's balance is between $1,000 and $5,000 and no instructions have been received from such participant, the amount may be rolled over to an individual retirement account plan as designated by the Plan administrator. A balance less than $1,000 will be distributed directly to the participant as a lump-sum payment. The Plan allows for hardship distributions as defined in the Plan agreement. For all participants, minimum required distributions must be made by April 1st following the year the participant retires or reaches the age 70½. A participant who has reached 55 years of age may also elect to receive certain pre-retirement distributions if the participant has completed at least five years of participation in the Plan or the amount has been in the participant's account for at least two years.

Forfeited Accounts – The non-vested portion of a terminated participant's account balance is forfeited. Forfeited accounts are applied first to reduce administrative expenses and then to reduce employer contributions. As of December 31, 2009 and 2008, the balance of unapplied forfeitures in the Plan was $9,354 and $8,666, respectively. No forfeitures were used during the year ended December 31, 2009 to reduce employer contributions or administrative expenses.

Administrative Expenses – The Company has elected to fund all administrative costs other than investment expenses and those associated with certain participant directed transactions, such as participant loan processing and maintenance fees.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements under the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued) – On June 30, 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (as amended).* This standard established the FASB Accounting Standards Codification ("FASB ASC") as the single source of authoritative accounting principles generally accepted in the United States of America recognized by the FASB to be applied by nongovernmental entities. Substantially all previous United States generally accepted accounting principle standards issued by a standard setter are superseded and are codified into the FASB ASC. The FASB ASC is effective for financial statements issued for periods ending after September 15, 2009. Adoption of the FASB ASC had no impact on the Plan's financial statements.

In May 2009, the FASB issued guidance regarding subsequent events, now codified into the *Subsequent Events* topic of the FASB ASC. This guidance establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. The Plan has adopted this standard in 2009 and the Plan has evaluated subsequent events through October 4, 2010, the date the financial statements were available to be issued.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For further discussion of fair value measurements, see Note 3. See below for discussion of fair value measurements specific to fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net unrealized appreciation or depreciation in the value of investments for each year is reflected in the Statement of Changes in Net Assets Available for Benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting for Fully Benefit-Responsive Investment Contracts – As described in the *Plan Accounting – Defined Contribution Pension Plans* topic of the FASB ASC, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in fully benefit-responsive investment contracts through a collective trust.

The Statements of Net Assets Available for Benefits present the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Payments of Benefits – Benefits are recorded when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* topic of the FASB ASC establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Collective Trust Fund: Stated at fair value based on quoted market prices of the underlying assets, which represent the net asset value of shares held by the Plan at year-end.

Participant Loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

NOTE 6 – INCOME TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. A favorable opinion letter from the Internal Revenue Service was received on September 18, 2001 regarding the qualified status of the prototype plan on which the terms of the Plan are based. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes has been recognized in these financial statements.

NOTE 7 – RELATED PARTY TRANSACTIONS

The President of the Company has been elected by the Board of Directors as the Plan's Trustee.

NOTE 8 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds sponsored by The Hartford. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 9 – RISKS AND UNCERTAINTIES (Continued)

The underlying securities of the Plan's investments could include securities with contractual cash flows, such as, but not limited to, asset-backed securities, collateralized mortgage obligations, commercial mortgages backed securities and real estate. The value, liquidity and related income of these securities may be particularly sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by real or perceived difficulties of the issuers, changes in interest rates and conditions in financial markets.
