INDEPENDENT AUDITORS' REPORT

Plan Administrator of the
Lahlouh, Inc. 401(k) Savings Plan

We have audited the accompanying statements of net assets available for benefits of the **Lahlouh, Inc. 401(k) Savings Plan** (the Plan) as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2009 and 2008, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets held at December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DECEMBER 31, 2009 AND 2008

1. DESCRIPTION OF THE PLAN

The following description of the **Lahlouh, Inc. 401(k) Savings Plan** (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan. The Plan covers all employees of Lahlouh, Inc., and Point Click N' Go, Inc. who have completed 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

b. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan Agreement. Pretax contributions were limited to $16,500 for participants under age 50, or $22,000 for participants age 50 and over in 2009 and $15,500 for participants under age 50, or $20,500 for participants age 50 and over in 2008. Participants may also make after-tax contributions and rollover contributions from other qualified plans. The Employer may make matching and/or discretionary contributions. No Employer contributions were made during the years ended December 31, 2009 and 2008.

c. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) any Employers' contribution and (b) investment earnings. Allocations are based on the relationship of participant individual account balances to total Plan assets. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employers' contribution portion of their accounts plus actual earnings thereon is zero percent until participant has completed 3 years of service and shall then be 100%.

Participants will be fully vested in the Employers' contribution portion of their accounts plus actual earnings thereon upon death, or total and permanent disability.

1. DESCRIPTION OF THE PLAN - (Continued)

e. Participant Loans

Under a loan provision, participants may borrow from their accounts subject to certain limitations. The Plan has loans receivable from participants outstanding at December 31, 2009 and 2008 of $337,441 and $317,065, respectively, with interest rates from 4.25% to 9.25% and 5.50% to 9.25% per annum, respectively.

f. Investments

Participants may direct the investment of their funds in one or more of the following investment options: Prudential Guaranteed Income Fund, Dryden Government Income Fund, Jennison Value Fund, Dryden Stock Index Fund, Dryden Total Return Bond Fund, Jennison Growth Fund, George Putnam Fund of Boston, Templeton Foreign Fund, AllianceBernstein Large Cap Growth Fund, AllianceBernstein Global Technology Fund, AllianceBernstein Greater China 97 Fund, DWS Strategic Value Fund, MFS Core Growth Fund, American New Perspective Fund, Eaton Vance Worldwide Health Sciences Fund, Allianz RCM Global Technology Fund, Dreyfus Premier Greater China Fund, Goldman Sachs Small Cap Value Fund, and Prudential Small Cap World Fund.

g. Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum payment, or annual installments equal to the value of the participant's vested interest in his or her account.

h. Forfeited Accounts

Forfeitures, after first being reduced by the Plan's ordinary and necessary administrative expenses, are allocated as if the forfeiture were an additional nonelective contribution for that year.

i. Administrative Expenses

All expenses of administering the Plan are paid by the Plan except for certain expenses related to participant loans, which are paid by the participants requesting the loans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenues are recognized as earned. Benefits are recorded when paid. Expenses are recognized as incurred.

b. Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are stated at fair value. Shares of registered mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when earned.

d. Financial Accounting Standards Board Codification

During 2009, the Financial Accounting Standards Board (FASB) issued the FASB Accounting Standards Codification (ASC or Codification), which established the Codification as the single source of authoritative accounting guidance in conformity with GAAP. The Codification was effective July 1, 2009. The adoption of the Codification required revisions for references to previous authoritative guidance, but did not have any effect on either the Statement of Net Assets or the Statement of Changes in Net Assets.

e. Subsequent Events

The Plan's management has evaluated subsequent events, as defined by ASC Topic 855, "Subsequent Events", through the date that the financial statements were available to be issued on October 4, 2010.

3. INVESTMENTS

The following presents the fair values of investments that represent 5% or more of the Plan's net assets at December 31, 2009 and 2008:

	2009	2008
Dryden Stock Index Fund	$ 410,943	$ 348,820
Dryden Total Return Bond Fund	N/A	356,911
Templeton Foreign Fund	598,060	405,036
DWS Strategic Value Fund	647,509	574,858
Allianz RCM Global Technology Fund	537,131	315,845
Prudential Guaranteed Income Fund	1,791,187	1,757,215

NA – Investment was not 5% or more of the Plan's net assets at December 31.

4. FAIR VALUE MEASUREMENTS

ASC Topic 820 (formerly SFAS 157) on fair value measurements establishes a framework for measuring fair value and requires disclosures about those fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2009.

- Mutual funds are valued at the net asset value of shares held by the Plan at year end.
- Participant loans are valued at amortized cost, which approximates fair value.
- The Guaranteed Income Fund is valued at cost, which approximates market value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total

Total assets at fair value	$ 3,168,860	$ -	$ 2,074,280	$ 5,243,140

4. FAIR VALUE MEASUREMENTS (Continued)

The tables below set forth a summary of the change in the fair value of the Plan's level 3 investments for the years ended December 31, 2009 and 2008:

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event that the Plan is terminated, the Employer shall direct the distribution of the Plan's assets to the participants, according to the provisions in the Plan Agreement.

6. TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (Code) and that any employer adopting this form of the Plan, will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan, as amended, is qualified and the related trust is tax exempt.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. PLAN OBLIGATIONS

In accordance with accounting principles generally accepted in the United States of America, benefits due to terminated participants are included in net assets available for benefits. There were no benefits due to terminated participants at December 31, 2009 and 2008.

9. RELATED PLAN TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Prudential. Prudential Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

INDEPENDENT AUDITORS' REPORT

Plan Administrator of the
Lahlouh, Inc. 401(k) Savings Plan

We have audited the accompanying statements of net assets available for benefits of the **Lahlouh, Inc. 401(k) Savings Plan** (the Plan) as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2009 and 2008, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets held at December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

i. Administrative Expenses

All expenses of administering the Plan are paid by the Plan except for certain expenses related to participant loans, which are paid by the participants requesting the loans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenues are recognized as earned. Benefits are recorded when paid. Expenses are recognized as incurred.

b. Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are stated at fair value. Shares of registered mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when earned.

d. Financial Accounting Standards Board Codification

During 2009, the Financial Accounting Standards Board (FASB) issued the FASB Accounting Standards Codification (ASC or Codification), which established the Codification as the single source of authoritative accounting guidance in conformity with GAAP. The Codification was effective July 1, 2009. The adoption of the Codification required revisions for references to previous authoritative guidance, but did not have any effect on either the Statement of Net Assets or the Statement of Changes in Net Assets.

e. Subsequent Events

The Plan's management has evaluated subsequent events, as defined by ASC Topic 855, "Subsequent Events", through the date that the financial statements were available to be issued on October 4, 2010.

3. INVESTMENTS

The following presents the fair values of investments that represent 5% or more of the Plan's net assets at December 31, 2009 and 2008:

	2009	2008
Dryden Stock Index Fund	$ 410,943	$ 348,820
Dryden Total Return Bond Fund	N/A	356,911
Templeton Foreign Fund	598,060	405,036
DWS Strategic Value Fund	647,509	574,858
Allianz RCM Global Technology Fund	537,131	315,845
Prudential Guaranteed Income Fund	1,791,187	1,757,215

NA – Investment was not 5% or more of the Plan's net assets at December 31.

4. FAIR VALUE MEASUREMENTS

ASC Topic 820 (formerly SFAS 157) on fair value measurements establishes a framework for measuring fair value and requires disclosures about those fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2009.

- Mutual funds are valued at the net asset value of shares held by the Plan at year end.
- Participant loans are valued at amortized cost, which approximates fair value.
- The Guaranteed Income Fund is valued at cost, which approximates market value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total

4. FAIR VALUE MEASUREMENTS (Continued)

In the event that the Plan is terminated, the Employer shall direct the distribution of the Plan's assets to the participants, according to the provisions in the Plan Agreement.

6. TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (Code) and that any employer adopting this form of the Plan, will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan, as amended, is qualified and the related trust is tax exempt.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. PLAN OBLIGATIONS

In accordance with accounting principles generally accepted in the United States of America, benefits due to terminated participants are included in net assets available for benefits. There were no benefits due to terminated participants at December 31, 2009 and 2008.

9. RELATED PLAN TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Prudential. Prudential Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.
