INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Keystone Custom Management, LLC 401(k) Plan
Lancaster, PA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Keystone Custom Management, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Keystone Custom Management, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Keystone Custom Management, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Keystone Custom Management, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Keystone Custom Management, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Keystone Custom Management, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of the Schedule of Assets Held for Investment Purposes as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Plan Description

The following description of the Keystone Custom Management, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan with a 401(k) provision covering substantially all employees of Keystone Custom Management, LLC and Penn Transfer, LLC, a related entity, (the "Companies") upon completion of one month of service and having attained the age of 21 years. Employees become participants on the first day of the month following the completion of the eligibility requirements. Employees are automatically enrolled under the provisions of a Qualified Automatic Contribution Arrangement (QACA), unless an election to opt out of the Plan is completed. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated in December 2024.

Contributions – Each year, participants may contribute up to the maximum amount allowable under the Internal Revenue Code. Eligible employees that do not affirmatively opt out of the Plan are enrolled under the QACA provisions at 3% of eligible compensation, as defined by the Plan. The initial automatic deferral amount will increase by 1% of compensation on the first day of each Plan year, up to a maximum of 10% of compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. In addition, at the end of the plan year, eligible participants may make catch-up contributions.

The Companies make QACA safe harbor matching contributions equal to the sum of 100% of a participant's elective deferrals that do not exceed 1% of total compensation, plus 50% of the next 5% of participant's elective deferrals of the participant's compensation. The QACA safe harbor matching contribution is applied each payroll period.

Additional profit sharing contributions may be made by the Companies at the discretion of their board of directors. For the years ended December 31, 2025 and 2024, there were no such profit sharing contributions.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) plan earnings. Each account is also charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on years of continuous service. For the Companies' QACA safe harbor matching contributions, participants are 100% vested upon completion of two years of credited service. For the Companies' profit sharing contributions, participants are vested based on a six year graded schedule and are 100% vested after six years of credited service.

Note 1 – Plan Description – Continued

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans must be repaid within five years, unless the proceeds are used to acquire a principal residence. Current maturity dates of the loans range from June 2026 to November 2046. A participant may not have more than two loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest between 4.50% and 10.50%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account as a lump sum distribution. Hardship distributions are not permitted in the Plan. In-service distributions are available to participants upon attaining the age of 59 ½. Automatic distributions will be made to terminated participants with vested balances less than $5,000. If the terminated participant's vested balance exceeds $5,000 a written request from the participant is required before distribution.

Forfeited Accounts – At December 31, 2025 and 2024, forfeited non-vested accounts totaled $15 and $24,849, respectively. These amounts can be used to reduce employer contributions and pay Plan expenses. Forfeitures used to reduce employer contributions totaled $36,244 and $0 for the years ended December 31, 2025 and 2024, respectively.

Note 2 – Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value as determined and certified by the Plan's trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The money market fund is valued at the quoted redemption value at year end. Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments included the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2 – Significant Accounting Policies – Continued

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – All administrative expenses will be charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events – Events that occurred subsequent to December 31, 2025 have been evaluated by the Plan's management through September 28, 2026, which is the date the financial statements were available to be issued.

Note 3 – New Accounting Standards

Pronouncements issued by the Financial Accounting Standards Board (FASB) with future effective dates are either not applicable or are not expected to be significant to the Plan's financial statements.

Note 4 – Investments

During the years ended December 31, 2025 and 2024, the Plan's investments, including gains and losses on investments bought, sold, and held, appreciated in value by $1,862,122 and $965,645, respectively.

Note 5 – Fair Value Measurements

Generally accepted accounting principles in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

Note 5 – Fair Value Measurements – Continued

- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market Fund: Valued at the quoted redemption price at year end.

Mutual Funds: Valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024, respectively:

2025

	Level 1	Level 2	Level 3	Total
	$	$	$	$
Money Market Fund	98,854	0	0	98,854
Mutual Funds	16,488,195	0	0	16,488,195
Total Assets at Fair Value	16,587,049	0	0	16,587,049

Note 5 – Fair Value Measurements – Continued

2024

	Level 1	Level 2	Level 3	Total
	$	$	$	$
Money Market Fund	28,732	0	0	28,732
Mutual Funds	12,812,099	0	0	12,812,099
Total Assets at Fair Value	12,840,831	0	0	12,840,831

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7 – Parties-in-Interest Transactions

Administrative expenses were paid to the Vanguard Group, Inc. The Vanguard Group, Inc. is the record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid to the Vanguard Group, Inc. totaled $23,295 and $21,714 for the years ended December 31, 2025 and 2024, respectively.

Additionally, the Plan had several investments managed by the Vanguard Group, Inc. The fair value of these investments totaled $16,587,049 and $12,840,831 at December 31, 2025 and 2024, respectively.

Simon Lever LLC provided auditing services to the Plan. Fees paid by the Plan for these services amounted to $9,750 and $9,250 for the years ended December 31, 2025 and 2024, respectively.

The Plan may issue notes receivable to participants that are secured by participant account balances. All of these transactions qualify as party-in-interest transactions.

Note 8 – Income Tax Status

The Companies adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA which received its latest opinion letter from the Internal Revenue Service (IRS) on June 30, 2020. The opinion letter stated that the Plan, as then designed, was in compliance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements. Required nondiscrimination testing, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.

Note 8 – Income Tax Status – Continued

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Ascensus, LLC, as an authorized representative of Ascensus Trust Company and Newport Trust Company, LLC; the custodian.

- Investments, at fair value
- Investment income
- Schedule of Assets Held for Investment Purposes
- Notes receivable from participants

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 – Plan Merger

On December 31, 2025, the Southern Property, LLC 401(k) Profit Sharing Plan & Trust merged into the Plan. Participant account balances are to be transferred to the Plan. Transferred-in net assets are recognized by the Plan as of the merger dates at the balances previously carried by the predecessor plan. As of December 31, 2025, the Plan recorded a transfer receivable of $3,619,391 for assets not yet received.
