INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Diamond Healthcare 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed an audit of the accompanying financial statements of Diamond Healthcare 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined that it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information are prepared and certified by the bank, similar institution, or insurance carrier in accordance with 29 CFR 2520.103-5 (qualified institution).

Management obtained a certification from John Hancock Life Insurance Company (U.S.A.), a qualified institution, as of December 31, 2025, stating that the certified investment information described in Note 3 to the financial statements is complete and accurate.

Opinion

In my opinion, based on my audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; determining that the Plan's transactions presented and disclosed in the financial statements are in conformity with the Plan's provisions; and maintaining sufficient records with respect to each participant to determine the benefits due or which may become due to that participant.

Management is responsible for determining whether the ERISA Section 103(a)(3)(C) audit is permissible, whether the investment information is prepared and certified by a qualified institution, and whether the certification meets the requirements of 29 CFR 2520.103-5. Management is also responsible for providing me with a substantially complete draft of Form 5500 and its schedules before I date my report.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error because fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters identified during the audit. I am also required to communicate reportable findings, if any, in writing to those charged with governance on a timely basis.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than information agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or was derived from the certified investment information, I compared such information with the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- The form and content of the supplemental schedule, other than information in the supplemental schedule that agreed to or was derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DIAMOND HEALTHCARE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025

1. DESCRIPTION OF PLAN

The following description of Diamond Healthcare 401(k) Plan provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established effective January 1, 2025 and is subject to the provisions of ERISA. Diamond Healthcare Management LLC is the Plan sponsor and administrator. The Plan also covers eligible employees of participating members of the sponsor's controlled group. John Hancock Life Insurance Company (U.S.A.) serves as recordkeeper and holds Plan investments under group annuity contract number 169719. Plan assets were first deposited to the contract on March 18, 2025.

Eligibility. Employees generally become eligible to participate upon attaining age 21 and completing three months of service. Leased employees and nonresident aliens are excluded from participation for elective deferrals and employer matching contributions.

Participant contributions. Eligible participants may elect to defer a portion of compensation on a pre-tax or Roth basis, subject to limitations of the Internal Revenue Code. Catch-up contributions are permitted for eligible participants. The Plan includes an eligible automatic contribution arrangement under which participants without an existing affirmative election are automatically enrolled at 10% of compensation, subject to the participant's right to elect a different percentage or elect not to defer.

Employer contributions. The Plan permits discretionary employer matching contributions. The amount and allocation of any matching contribution are determined in accordance with the plan document and the Plan sponsor's election.

Vesting. Participants are immediately vested in their elective deferrals and related earnings. Employer matching contributions vest under a two-to-six-year graded schedule. Participants also become fully vested upon death or disability while employed, as provided by the plan document.

Participant accounts. Each participant's account is credited with participant and employer contributions, if any, and an allocation of Plan investment results and expenses. Allocations are based on participant account balances or other methods provided by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits. Benefits are generally payable upon retirement, termination of employment, disability, or death. The Plan also permits certain in-service and hardship withdrawals in accordance with the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting. The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition. Investments are stated at fair value. Purchases and sales of investments are recorded on a trade-date basis. Net appreciation in fair value of investments includes realized gains and losses on investments bought and sold and the change in unrealized appreciation or depreciation during the year. Interest and dividend income, when separately identifiable, are recorded on the accrual basis.

Contributions. Participant and employer contributions are recorded in the period in which the related participant compensation is earned. Rollovers and transfers into the Plan are recorded when received or receivable.

Benefit payments. Benefit payments are recorded when paid.

Administrative expenses. Certain administrative expenses are paid from Plan assets. Expenses paid directly by the Plan sponsor, if any, are excluded from these financial statements.

3. INFORMATION CERTIFIED BY THE QUALIFIED INSTITUTION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (U.S.A.), a qualified institution that holds the Plan's investments under group annuity contract number 169719, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2025 and for the year then ended:

Investments, at fair value	$652,106
Net appreciation in fair value of investments	$43,480

The certified investment information also includes the investment detail presented in Note 4 and in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year). The certification does not extend to cash, participant contributions receivable, contributions, benefit payments, administrative expenses, or other information not prepared and certified by the qualified institution.

4. FAIR VALUE MEASUREMENTS

Fair Value Measurements establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts - Valued at the unit value reported by John Hancock Life Insurance Company (U.S.A.), which is based on the fair value of the underlying investments, primarily registered mutual funds, held in each separate account. Unit values are calculated daily and are the prices at which participant transactions occur.

Because the unit values are derived from observable inputs but are not themselves quoted in an active market, these investments are classified within Level 2.

Stable Value Fund - Valued at the unit value reported by the contract issuer based on the value of the underlying investments and other observable inputs. This investment is classified within Level 2.

The Plan's investments are reported at fair value and are classified within the fair value hierarchy established by Accounting Standards Codification ("ASC") 820, Fair Value Measurement.

The following table presents the Plan's investments measured at fair value on a recurring basis as of December 31, 2025:

FAIR VALUE HIERARCHY - DECEMBER 31, 2025

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	—	$650,898	—	$650,898
Stable value fund	—	$1,208	—	$1,208
Total investments, at fair value	**—**	**$652,106**	**—**	**$652,106**

5. INVESTMENTS

At December 31, 2025, the Plan's investments consisted of interests in pooled separate accounts and a stable value fund available through John Hancock group annuity contract number 169719. The reported fair value of these investments was $652,106. Net appreciation in fair value of investments was $43,480 for the year ended December 31, 2025.

6. CONTRIBUTIONS AND TRANSFERS

Participant contributions for 2025 were $313,335, of which $21,292 was receivable at December 31, 2025. Employer contributions were $1,318. During the Plan's initial year, $348,882 was transferred or rolled into the Plan, including assets transferred from prior arrangements and participant rollover amounts reported in the Plan's annual filing.

7. RISKS AND UNCERTAINTIES

The Plan invests in investment accounts that hold securities exposed to market, interest-rate, credit, and other risks. Due to the level of risk associated with certain investments and the degree of uncertainty related to changes in their value, it is at least reasonably possible that changes in these risks could materially affect participants' account balances and the amounts reported in the financial statements.

8. TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing plan with a cash or deferred arrangement sponsored by CCH Incorporated (FTWilliam.com), for which the Internal Revenue Service issued a favorable opinion letter dated June 30, 2020. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset)

or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held and managed through a group annuity contract with John Hancock Life Insurance Company (U.S.A.), a party in interest to the Plan. Fees paid from Plan assets to John Hancock and other service providers for recordkeeping, contract administration, investment management, and related services qualify as party-in-interest transactions. Management believes these transactions are covered by applicable statutory or administrative exemptions under ERISA.

10. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to ERISA. In the event of Plan termination, participants become fully vested in their accounts to the extent required by the plan document and applicable law.

11. INITIAL AUDIT AND OPENING BALANCES

The financial statements for the year ended December 31, 2025 represent the first year for which the Plan's financial statements have been subject to an audit. Because the Plan was established effective January 1, 2025, net assets available for benefits at the beginning of the year were $0.

12. CONSISTENCY WITH FORM 5500

The financial statements have been prepared to be consistent with the financial information reported in the Plan's 2025 Form 5500 filing. Net assets available for benefits at December 31, 2025 were $673,949. Total additions were $707,566 and total deductions were $33,617.

13. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 25, 2026, the date the financial statements were available to be issued. Management is not aware of any subsequent events requiring recognition or disclosure in the accompanying financial statements.
