Independent Auditors' Report

To the Plan Administrator
Infinity Medical of WNY PC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Infinity Medical of WNY PC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and for the year the ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Infinity Medical of WNY PC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditors' Report (Continued)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Infinity Medical of WNY PC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Infinity Medical of WNY PC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Infinity Medical of WNY PC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2024 Financial Statement

The accompanying statement of net assets available for benefits of the Plan as of December 31, 2024, was not audited, reviewed or compiled by us and, accordingly, we do no express an opinion or any other form of assurance on it.

INFINITY MEDICAL OF WNY PC 401(k) PLAN

Notes to Financial Statements
December 31, 2025 and 2024 (Unaudited) and for the Year Ended December 31, 2025

1. PLAN DESCRIPTION

The following is a description of the Infinity Medical of WNY PC 401(k) Plan (the Plan) provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Infinity Medical of WNY PC (the Company) upon attaining age 21 and obtaining six months of service as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has been amended and restated effective January 1, 2022. The Plan's assets are held with Capital Bank and Trust Company. The Plan has been adopted by two affiliated companies Infinity Palliative Medicine, PC and Infinity Medical Group, PC.

Contributions – Participants are permitted to make elective deferrals to the Plan on a pre-tax or Roth basis, subject to limitations under the Internal Revenue Code and the provisions of the Plan. The Plan also permits participants to make rollover contributions from other eligible retirement plans. The Plan provides for a safe harbor nonelective contribution by the Employer equal to 3% of eligible compensation for each eligible participant. The safe harbor contribution is intended to satisfy the applicable nondiscrimination requirements under Sections 401(k) and 401(m) of the Internal Revenue Code. In addition, the Employer may make discretionary profit-sharing contributions to the Plan. The amount of any such contribution is determined by the Employer and is allocated among eligible participants in accordance with the allocation provisions of the Plan. The Company made profit-sharing contributions of $28,847 for the year ended December 31, 2025. Participants direct the investment of their contributions into various mutual fund investment options available under the Plan. Contributions are recorded in the period in which the related compensation is earned.

Participant Accounts – Each participant's account is credited with his or her deferrals, the Company's contributions, and earnings thereon. Each participant's account is reduced by the amount of benefits paid on his or her behalf, investment losses and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their contributions and employer safe harbor contributions and earnings thereon. Vesting in the Company's profit-sharing contributions is based on years of continuous service as follows:

Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

On April 20, 2025, more than 20% of plan participants were terminated and all employees affected became 100% vested.

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 reduced by the highest outstanding loan balance within the past 12 months or 50% of their vested account balance, as defined. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate of interest. Loan terms are to be repaid over a period not to exceed five years, or longer for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

1. PLAN DESCRIPTION (*Continued*)

Forfeitures – In accordance with the Plan document, forfeitures of non-vested discretionary employer contributions may be used to pay plan expenses or applied to reduce employer contributions. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $4,673 and $12,829, respectively. Forfeitures were used to reduce the 2025 and 2024 employer contribution to the plan.

Payment of Benefits – The Plan provides for normal retirement benefits upon reaching the later of age 62 or the fifth anniversary of the first day of the plan year in which participation in the Plan commenced. The Plan has provisions for disability, in-service, death and termination benefits for those participants who are eligible to receive such benefits. Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account.

Administrative Expenses – The Plan's administrative expenses are paid by either the Plan or the Company as defined in the Plan document.

Plan Termination – The Company expects to dissolve its operations and merge the Plan with an affiliated plan in the near future. The Company intends to take the necessary steps to terminate the Plan in accordance with the terms of the Plan and applicable provisions of ERISA and the Internal Revenue Code. Upon termination of the Plan, participants will become fully vested in their Company contributions, to the extent not already vested. The Plan's assets will be distributed to participants in accordance with the terms of the Plan and applicable law.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes both realized and unrealized gains and losses incurred during the year.

Contributions – Contributions from Plan participants and the Company contributions are recorded in the year in which the participants compensation is earned.

Benefit Payments – Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

Administrative Expenses – Certain costs of administering the Plan are paid by the Company and are excluded from the accompanying financial statements. Fees related to the administration of notes receivable are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent Events – The Plan has evaluated events and transactions that occurred between January 1, 2026 and October 7, 2026, which is the date these financial statements were available to be issued, for possible disclosure and recognition in the financial statements (See Note 8).

3. FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- *Level 1* – Inputs to the valuation methodology that consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2* – Inputs to the valuation methodology that include: (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived from or corroborated by observable market data by correlation or other means.

- *Level 3* – Inputs to the valuation methodology that are unobservable and are significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

- *Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

3. FAIR VALUE MEASUREMENTS (*Continued*)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,065,847	$ -	$ -	$ 10,065,847

	2024 (Unaudited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,869,963	$ -	$ -	$ 9,869,963

4. INCOME TAX STATUS

The Plan has adopted a non-standardized form of a prototype plan sponsored by Rimkus, Marciano & Associates, Inc.. The prototype plan provider has received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan has been amended since the prototype plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

5. SUMMARY OF CERTIFIED UNAUDITED INFORMATION

The following information was provided by Capital Bank and Trust and was certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certifications and has not been audited by independent auditors.

	2025	(Unaudited) 2024
Investments, at fair value at December 31:		
Mutual funds	$ 10,065,847	$ 9,869,963
Investment and interest income for the year ended December 31:		
Net appreciation in fair value of investments	$ 589,336	
Interest and dividends	$ 1,117,708	
Schedule of assets (held at end of year)	Refer to supplemental schedule (Page 11)	

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan utilizes a number of service providers which qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for the investment management and other services amounted to $34,718 for the year ended December 31, 2025.

7. RISKS AND UNCERTAINTIES

The Plan invests in multiple investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

8. SUBSEQUENT EVENT

The Company plans to dissolve in December 2026, and the Plan will be merged with an affiliated company.
