Independent Auditor's Report

To the Plan Administrator of
Landon School Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Landon School Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Landon School Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Landon School Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Landon School Retirement Plan's ability to continue as a going concern for one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Landon School Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Landon School Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Landon School Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective July 1, 1971, as restated January 1, 2020. The Plan covers all full-time employees who are age 21 or older, excluding employees who normally work less than 20 hours per week, until they complete a year of service at Landon School Corporation (the "School" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Management Oversight Committee is responsible for oversight of the Plan. The Plan's Management Oversight Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute up to 100% percent of pre-tax annual compensation, as definedin the Plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants alsomay designate all or a portion of their deferral contributions as after-tax contributions into a Rothaccount. Participants who have attained age 50 before the end of the Plan year , as well as participantswho have worked for the Organization for at least 15 years, are eligible to make catch-up contributionsand subject to the limitations of Treasury Regulation Section 1.403(b)-4(c)(3). Participants also maycontribute amounts representing distributions from other qualified defined benefit or defined contributionplans ("rollover"). Participants direct the investment of their contributions into various investmentoptions offered by the Plan . The Plan includes an automatic enrollment provision whereby all newlyeligible employees are automatically enrolled in the Plan unless they affirmatively elect not toparticipate in the Plan. Automatically enrolled participants have their deferral rate set at 5% percent ofeligible compensation and their contributions invested in a designated balanced fund until changed bythe participant. The School contributes a discretionary match of 6% percent of the eligiblecompensation up to the amount that a participant contributes to the Plan. The School requires theparticipant to be age 21 and complete one year of service.

The Plan requires a participant to beemployed as of year end to be eligible to receive employer contributions. Contributions are subjectto certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, School matching contributions and an allocation of the Plan's earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Participants hired before July 1, 2012 are vested immediately in Organization matching contributions plus actual earnings thereon. Effective July 1, 2012, the Organization contributions for all participants hired on or after July 1, 2012 are subject to a three-year cliff vesting schedule.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined annually, is set by the Plan administrator based on 1% plus the prime rate, as defined in the Plan document. Interest rates range from 5.25% to 9.50% on loans outstanding at December 31, 2025. Principal and interest are paid ratably through payroll deductions. Terms range up to 15 years for the purchase of a primary residence.

Payment of benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the Plan document. In-service withdrawals are permitted for certain financial hardships or when a participant attains age 59½.

Forfeited accounts
At December 31, 2025 and 2024, forfeited nonvested accounts totaled $20,681 and $16,084, respectively. These accounts will be used to reduce future employer contributions or to pay plan administrative expenses. During 2025, employer contributions were reduced by $12,551, from forfeited nonvested accounts, in accordance with plan provisions.

2. Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Management Oversight Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

The Plan’s investments in fully benefit-responsive investment contracts are reported at contract value.Contract value is the relevant measure for the portion of the net assets available for benefits of adefined contribution plan attributable to fully benefit-responsive investment contracts because contractvalue is the amount participants normally would receive if they were to initiate permitted transactionsunder the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Restricted assets
Certain participant investment transactions are restricted by Teachers Insurance and Annuity Association - College Retirement Equity Fund ("TIAA-CREF"). Transfers from the TIAA Traditional Annuity are required to be made in the form of a TIAA Transfer Payout Annuity, paying out 10 equal installments plus interest over a 10-year period. Transfers from the TIAA Real Estate Account are limited to one per calendar quarter. Other TIAA-CREF investment options provide for a lockout period of 90 days if participants make a purchase, sale or repurchase within a 60-day period. All restricted assets are included with investments on the accompanying statements of net assets available for benefits.

Participants of the Plan are permitted to withdraw a loan collateralized by their account but do so exclusively with TIAA-CREF where the Plan is not a party to the arrangement. A participant must transfer sufficient funds within their participant account to TIAA-CREF as collateral for the loan and the funds are restricted to withdrawal or transfer while the loan remains due to TIAA-CREF. Under this arrangement, TIAA-CREF has the right to collect the collateral in the event of a default. Plan management has concluded that these loans are not Plan assets and that such arrangements are exempt transactions. As of December 31, 2025 and 2024, the dollar value of restricted funds held by TIAA-CREF and included with investments for loans outstanding with Plan participants is $236 and $225, respectively, of which $236 and $225, respectively, have been defaulted.

Contributions
Contributions from participants and the matching contributions from the employer are recorded in the year in which the related participant contributions are withheld from compensation.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the School. Expenses that are paid by the School are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events
Subsequent events were evaluated through October 7, 2026, the date the financial statements were available to be issued.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification topic 820, *Fair Value Measurement*, are described as follows:

- Level 1: Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation technique include:

  - Quoted prices for similar assets or liabilities in active markets;

  - Quoted prices for identical or similar assets or liabilities in inactive markets;

  - Inputs other than quoted prices that are observable for the asset or liability; and

  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Registered investment companies (Mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuities: Valued using the unit value by that account. The unit value of the TIAA-CREF accounts is listed on the National Association of Securities Dealers Automated Quotations ("NASDAQ") website and updated overnight for each day that NASDAQ is open.

Pooled separate accounts: Valued using the net unit value, which is based on the fair value of the underlying assets of the account.

Guaranteed Investment contracts (nonfully benefit-responsive): Valued at contract value, which approximates fair value. Guaranteed interest contracts are calculated by discounting the related cash flows based on the current yields of similar instruments with comparable durations.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at fair value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Registered investment companies (mutual funds)	$ 43,592,420	$ -	$ -	$ 43,592,419
Variable annuities	5,418,296	-	-	5,418,296
Pooled Separate account	150,327	-	-	150,327
Guaranteed Interest contracts (nonfully benefit-responsive)	-	-	2,743,516	2,743,516
Total assets in the fair value hierarchy	49,161,043	-	2,743,516	51,904,558
Investments measured at NAV (a)	-	-	-	2,797,177
Total investments at fair value	$ 49,161,043	$ -	$ 2,743,516	$ 54,701,735

Assets at fair value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Registered investment companies (mutual funds)	$ 36,251,439	$ -	$ -	$ 36,251,439
Variable annuities	5,555,314	-	-	5,555,314
Pooled separate account	189,491	-	-	189,491
Guaranteed interest contracts (nonfully benefit-responsive)	-	-	2,737,711	2,737,711
Total assets in the fair value hierarchy	41,996,244	-	2,737,711	44,733,955
Investments measured at NAV (a)	-	-	-	2,465,979
Total investments at fair value	$ 41,996,244	$ -	$ 2,737,711	$ 47,199,934

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the years ended December 31, 2025 and 2024, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025:

Balance, beginning of year	$ 2,743,516
Investment return	123,989
Purchases	923,488
Sales	(1,041,672)
Balance, end of year	$ 2,749,321

The amount of total gains or losses for the period attributable to the change in unrealized gains or losses relating to assets still held at the reporting date is $21,120.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements
The following table presents the Plan’s Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2025 and 2024, the significant unobservable inputs and the quantitative information about those inputs:

Instrument	Fair value December 31, 2025	Fair value December 31, 2024	Principal valuation technique	Unobservable inputs	Range of significant input values
TIAA Guaranteed interest contract	$ 2,743,516	$ 2,737,711	Discounted Cash flow	Risk-adjusted discount rate applied	RA Contracts - 3.55% - 6.50%

Fair value of investments that calculate net asset value

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Variable contract accounts (b)	$ 2,797,177	$ -	Daily	None

December 31, 2024	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Variable contract accounts (b)	$ 2,465,979	$ -	Daily	None

(b) Empower Medley PSF PGIM Government Income Portfolio seeks a high level of income over the long-term, consistent with the preservation of capital by investing primarily in intermediate and long-term U.S. government securities, including U.S. treasuries, government agency and mortgage-related securities

Empower Medley PSF PGIM Total Return Bond Portfolio has the investment objective of a high level of income over a longer term while providing reasonable safety of capital. The types of debt obligations in which the portfolio can invest include mortgage-related securities and asset-backed securities, including collateralized debt obligations, collateralized loan obligations and other credit-related asset-backed securities.

Empower Medley PSF Flexible Managed Portfolio seeks total return consistent with an aggressively managed diversified portfolio by investing in a mix of equity and equity-related securities, debt obligations and money market instruments.

Empower Stock Index Account seeks to achieve investment results that generally correspond to the performance of the S&P 500 Index by investing primarily in stocks in the S&P 500 Index.

Empower Medley Prudential Capital Growth Account seeks long-term growth of capital. The fund invests primarily in common stocks, preferred stocks, warrants or convertibles that the advisor judges to have prospects for price appreciation greater than broadly-based stock indices. The portfolio may also purchase American depositary receipts.

Empower Medley PSF PGIM 50/50 Balanced Portfolio has the investment objective to seek total investment return consistent with a conservatively managed diversified portfolio. The Portfolio invests in a mix of equity and equity-related securities, debt obligations and money market instruments.

Empower Medley PSF Global Account seeks long-term capital growth by investing primarily in equity and equity related securities of foreign and U.S. companies.

Empower Medley PSF PGIM Jennison Blend Portfolio has the investment objective of long-term growth of capital. The Portfolio normally invests at least 80% of its assets (net assets plus any borrowings made for investment purposes) in common stock of major established companies as well as smaller companies. The Portfolio considers major established companies to be those companies with market capitalizations within the market capitalization range of the Russell 1000 Index (measured at the time of purchase).

4. Fully benefit-responsive investment contracts

The Plan has a traditional, guaranteed investment contract with TIAA-CREF, Empower Retirement, LLC ("Empower") and Annuity Company of America ("Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"). TIAA-CREF, Empower, and Principal maintain the contributions in their general accounts. These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The accounts are credited with contributions, earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 4%. Such interest rates are reviewed on a quarterly basis for resetting. The contracts cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include:

1. Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);

2. Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;

3. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;

4. The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or

5. Premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include:

1. An uncured violation of the Plan's investment guidelines;

2. A breach of material obligation under the contract;

3. A material misrepresentation; or

4. A material amendment to the agreement without the consent of the issuer.

5. Related-party and party-in-interest transactions

Certain Plan investments are managed by Principal, TIAA-CREF, and Empower, and therefore, these transactions qualify as party in interest transactions. As defined by the Plan, Principal, TIAA-CREF and Empower are custodians or issuer of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodians and issuer totaled $117,875 for the year ended December 31, 2025. The School also paid certain administrative expenses of the Plan.

6. Plan termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 % vested in their employer contributions.

7. Tax status

The School has adopted a volume submitter plan document offered by Landon School Corporation that has received an Opinion (Advisory) Letter dated March 31, 2017, stating that the form of the volume submitter plan document was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the Opinion (Advisory) Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified and to maintain the tax-exempt status for Plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Information certified by Trustee

The plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedules was agreed to or derived from information certified as complete and accurate by Principal, TIAA-CREF, and Empower, collectively, the custodians of the Plan. The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the accompanying supplemental schedules as of December 31, 2025, and the related investment activity (including net appreciation/depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

10. Delinquent participant contributions

For the years ended December 31, 2025 and 2024, the School did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled $23, were corrected outside of the Department of Labor Voluntary Fiduciary Correction Program in 2025. Untimely remittances of $202 were identified on the Schedule of Delinquent Participant Contributions in a prior year and were not corrected prior to January 1, 2025. The prior year untimely remittances were corrected outside of the Department of Labor Voluntary Fiduciary Correction Program in 2025. Additionally, the School has compensated participants for lost earnings resulting from the delay in contributions.
