Independent Auditors' Report

To the Plan Administrator of
WSGR 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of WSGR 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of WSGR 401(k) and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of WSGR 401(k) and Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about WSGR 401(k) and Profit Sharing Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WSGR 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about WSGR 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. The Plan, Participation, and Benefits

The following description of the WSGR 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established in 1987 by Wilson Sonsini Goodrich & Rosati, Professional Corporation (WSGR or the Firm), the Plan administrator, to provide benefits to eligible employees. The Plan generally covers all employees, excluding non-resident aliens and individuals who are not on the United States payroll of the Firm, leased employees and individuals that are party to an agreement that provides that he or she shall not be eligible to participate in the Plan, independent contractors, individuals who are classified by the Firm as a summer associates, employees covered by a collective bargaining agreement, and individuals who are employees of an affiliate that is not considered part of the Firm, as defined by the Plan document.

Generally, all 401(k) eligible employees are also eligible for profit sharing contributions except certain excluded groups, including employees based outside the U.S., most associates and attorneys in specified non-member roles, contract or temporary attorneys, consultants, practicing attorneys who are not Firm members, and summer associates or law clerks, unless they meet specific grandfathering or membership exceptions. The entry dates for employer contributions are the January 1st or July 1st immediately following the date in which a participant satisfies eligibility conditions during the Plan year. The Plan requires a participant to be employed as of year end to be eligible to receive employer contributions.

SixFifty, a subsidiary of the Firm, employees were initially eligible to participate in the Plan as part of a control group. Effective January 16, 2024, SixFifty employees were no longer eligible to participate in the Plan and spun-off into a new and separate qualified plan. Plan assets of $1,573,609 were transferred out of the Plan to the SixFifty 401(k) Plan in November 2024.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The WSGR Retirement Benefits Committee (the Committee) is responsible for oversight of the Plan. The Plan contracted T. Rowe Price Trust Company (T. Rowe Price) to act as the trustee and custodian and an affiliate of T. Rowe Price to act as a recordkeeper for the Plan.

Participant Contributions

Each year, participants may contribute up to seventy-five percent (75%) of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants aged 60-63 are eligible to make additional catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan also provides for the automatic enrollment of eligible employees in the Plan with a pre-tax contribution of three percent (3%) of eligible compensation, unless the employee timely elects otherwise. Certain participants who are automatically enrolled in the Plan are also subject to an automatic increase in pre-tax deferrals each year by one percent (1%) up to six percent (6%) of eligible compensation, unless the employee timely elects otherwise. Participants who elect to have the Firm contribute a portion of their eligible compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant’s direction and the Plan’s provisions.

Firm Contributions

The Firm may elect to make discretionary profit sharing contributions in amounts and at such times as determined by the Firm. WSGR determines the amount to be allocated among each of two employee groups, as defined in the Plan. A profit sharing eligible participant must be employed by the Firm on the last day of the Plan year and be credited with one year of service (as defined in the Plan document) during that Plan year in order to receive a profit sharing contribution (unless the participant's termination of employment during the year was on or after reaching the Plan's normal retirement age, or due to death, or disability, as defined in the Plan). Eligible participants received profit sharing contributions of 13.2857% or 9.50% of their eligible compensation for the 2025 Plan year, according to their rate group, not to exceed $46,000 and $33,250, respectively. For the year ended December 31, 2025, the Firm approved a $22,693,395 profit sharing contribution to the Plan in line with these rates and limits.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Firm's contribution and an allocation of the Plan's earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Firm's contributions plus actual earnings thereon.

Notes Receivable From Participants

Participants who are employees of the Firm or its affiliates and other parties-in-interest to the Plan may borrow from their fund account a minimum of $1,000 up to the lesser of $50,000 or 50% of their account balance. The notes receivable are secured by the applicant's account balance. Such notes receivable bear interest at prevailing market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of the applicant's principal residence in which case the maximum repayment period may be extended to 15 years. The specific terms and conditions of such notes receivable are established by the Committee.

Payment of Benefits

Upon termination of employment with the Firm and its affiliates due to death, disability, retirement, or other reasons, participants may elect to leave their account balance in the Plan or receive their total account balance in a lump sum amount subject to the terms of the Plan. Notwithstanding the foregoing, effective February 12, 2025, the Plan allows for an automatic rollover into an Individual Retirement Account offered by Integrity IRA for account balances that do not exceed $7,000. Prior February 12, 2025, the Plan provided for an automatic rollover into an Individual Retirement Account for account balances that did not exceed $7,000 but were greater than $1,000, and an automatic lump-sum distribution of participant account balances that did not exceed $1,000.

Participants may elect to receive in-service withdrawals from their accounts if they incur a qualifying financial hardship, attain age 59 1/2 or get ordered or called to military active duty, subject to the terms of the Plan.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee, T. Rowe Price, certifies the fair value of all investments. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from participants are recorded in the year in which the related participant contributions are withheld from compensation.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

All reasonable expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. The funds held by the Plan are open-ended funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Units held in common/collective trusts (CCT) are valued using the NAV practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information. These investments have daily redemption frequencies and daily redemption notice periods to accommodate distributions to participants of the Plan. Investments are redeemable on a daily basis and there are no trading restrictions outside of restrictions placed due to market timing. There were no unfunded commitments as of December 31, 2025 or 2024.

Self-directed brokerage accounts comprised of U.S. government obligations, corporate obligations, real estate investment trusts, and unit investment trusts: Underlying securities are valued at the closing price reported on the active market on which the individual securities are traded and/or the NAV of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Self-directed brokerage accounts	$ 179,023,458	$ -	$ -	$ 179,023,458
Total assets in the fair value hierarchy	179,023,458	-	-	179,023,458
Investments measured at net asset value (a)	-	-	-	962,891,200
Total investments at fair value	$ 179,023,458	$ -	$ -	$1,141,914,658

Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 749,619,452	$ -	$ -	$ 749,619,452
Self-directed brokerage accounts	154,828,487	-	-	154,828,487
Total assets in the fair value hierarchy	904,447,939	-	-	904,447,939
Investments measured at net asset value (a)	-	-	-	71,210,382
Total investments at fair value	$ 904,447,939	$ -	$ -	$ 975,658,321

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

4. Related-Party and Party-In-Interest Transactions

Certain Plan investments are managed by T. Rowe Price, the Trustee, and therefore, these transactions qualify as party in interest transactions.

Fees incurred by the Plan for certain investment management services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Through December 17, 2025, the Trustee received revenue from investment fund service providers for services the Trustee provided to the fund. This revenue was used to offset certain amounts owed to the Trustee for its administrative services to the Plan. Revenue received by the Trustee from such investment fund service providers that exceeded the amount owed for its services was remitted to the Plan's trust on a quarterly basis. Effective December 17, 2025, this fund was removed from the Plan's investment options and the Plan no longer participates in a revenue sharing arrangement.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Firm. No such officer or employee receives compensation from the Plan.

5. Information Certified by Trustee

The Plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan’s financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by T. Rowe Price, the Plan's Trustee and a qualified institution. The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation, interest and dividends, and other investment income) and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

6. Plan Termination

Although the Firm intends to continue the Plan indefinitely for the benefit of its participants; it reserves the right to terminate the Plan by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, the trust assets will be distributed to participants, or their beneficiaries based on their vested account balances in accordance with Plan provisions and applicable law.

7. Reconciliation of Financial Statements to Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification in reporting earnings only and have no effect upon net assets available for benefits for either period.

8. Tax Status

The IRS has determined and informed the Firm by a letter dated November 6, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Delinquent Participant Contributions

During the year ended December 31, 2025, the Firm did not remit certain participant contributions, due to a recordkeeping system migration issue, to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled $514,850, have not been corrected as of December 31, 2025.

11. Subsequent Events

Subsequent events were evaluated through October 5, 2026, the date the financial statements were available to be issued.

On August 6, 2026, the Firm compensated participants for lost earnings resulting from the delay in contributions described in Note 10.
