INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Auxo Investment Partners, LLC 401(k) Retirement Plan
Grand Rapids, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Auxo Investment Partners, LLC 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Auxo Investment Partners, LLC 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Auxo Investment Partners, LLC 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Auxo Investment Partners, LLC 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Auxo Investment Partners, LLC 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Auxo Investment Partners, LLC 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental *Schedule of Assets Held at End of Year* (as of December 31, 2025) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Auxo Investment Partners, LLC 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. The Plan was established January 1, 2022, is sponsored by Auxo Investment Partners, LLC ("the Plan sponsor"), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has been amended from time to time to comply with current legislation and management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan available to qualifying employees of the following entities (the "participating employers"):

- Auxo Investment Partners, LLC
- Altus Industries, Inc.
- Telos Global, LLC
- Avon Machining, LLC

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Eligibility

Eligibility varies by participating employer. Specifically:

- Employees of Auxo Investment Partners, LLC become eligible to participate in the Plan on the first day of the calendar month coincident with or following attainment of age 20 and completion of 2 months of service (as defined in the Plan document).

- Employees of Altus Industries, Inc. become eligible to participate in the Plan on the first day of the calendar month coincident with or following attainment of age 21 and completion of 2 months of service (as defined in the Plan document).

- Employees of Telos Global, LLC become eligible to participate in the Plan on the first day of the calendar month coincident with or following attainment of age 21 and completion of 30 days of service (as defined in the Plan document).

- Employees of Avon Machining, LLC become eligible to participate in the Plan on the first day of the calendar month coincident with or next following attainment of age 18 and completion of 2 months of service.

Contributions

Participants may make voluntary contributions to the Plan of up to 100% of their annual eligible compensation, but not in excess of the maximum amount permitted by the Internal Revenue Code.

The Plan sponsor has a safe harbor match of 100% of employee contributions up to 6% of employee compensation per payroll period (up to the annual IRS contribution limit). Further, the participating employers may elect to make an additional discretionary matching contribution and / or a profit-sharing contribution, determined each year by management.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Vesting

Each participant's account is credited with voluntary contributions and an allocation of Plan earnings based on the participant's account balance. Participants are immediately vested in their elective deferral (plus actual earnings).

Vesting of employer safe-harbor and discretionary matching contributions as well as profit-sharing contributions vary by participating employer - based on years of credited service (as defined in the Plan document). Specifically, participating employer safe-harbor, discretionary matching, and profit-sharing contributions vest as follows:

- Auxo Investment Partners, LLC – Participants vest ratably over a 5-year period (i.e. 20% per year)
- Altus Industries, Inc. – Participants vest over a 6-year graded schedule (i.e. 0% in the first year, 20% per year thereafter)
- Telos Global, LLC – Participants become 100% vested after completion of 1 year of service
- Avon Machining, LLC – Participants are immediately vested in their employer safe-harbor, discretionary matching, and profit-sharing contributions

A participant also becomes fully vested if they are employed at the time of early or normal retirement age; death; or disability.

Participant accounts

Upon enrollment in the Plan, or at any time subsequent, a participant may direct contributions into any of the available investment options. Each participant's account is credited with contributions in an amount equal to the salary reduction elected by that employee and any related matching or profit-sharing contribution. Earnings and administrative expenses are allocated based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeitures of non-vested safe-harbor and discretionary matching contributions and non-vested profit-sharing contributions from terminated participant accounts are used to pay expenses of Plan administration, as determined by Plan management, or to reduce future employer contributions.

Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Repayment of loan principal and interest are made through regular payroll deductions for a period of up to 5 years. If a participant's employment terminates for any reason and the loan balances are not paid in full within 90 days of termination, the loan balances will be deemed distributed and become taxable income to the participant. Participants may continue to make loan repayments after termination of employment under procedures established by the Plan administrator.

Benefit Payments

Generally, benefits are paid to participants at termination. When the service period ends as a result of death or retirement, the participant or beneficiary will receive a lump sum distribution equal to the value of their account. Participants may elect to defer receipt of benefits. The Plan had obligations to terminated employees totaling $1,272,525 and $2,858,148 at December 31, 2025 and 2024, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Options

All investments are participant directed among various *Transamerica Financial Life Insurance Company* investment options.

Administrative Expenses

Unless elected to be paid by the participating employers, administrative expenses incurred in connection with participant-initiated transactions are charged to the account of the participant.

Certain plan administrative fees are absorbed by the participating employers and certain administrative fees are paid by the Plan. Administrative fees paid by the Plan totaled $58,595 and $107,867 during 2025 and 2024, respectively.

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

All Plan investments were held by the custodian of Plan assets, *Transamerica Financial Life Insurance Company*, and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for further discussion and disclosure related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses on the Plan's investments are included in net appreciation in the fair value of investments in the statements of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – PLAN TERMINATION

Effective January 28, 2026, the Plan administrator terminated the Plan and transferred all net assets available for benefits to various individual plans sponsored by the participating employers of the Plan.

As of the termination date, the account balances of the eligible participants / employees of *Auxo Investment Partners, LLC*; *Altus Industries, Inc.*; *Telos Global, LLC*; and *Avon Machining, LLC* were transferred to successor plans as follows:

Eligible participants / employees of:	Successor Plan	Employer Identification Number (EIN)	Plan Number
Auxo Investment Partners, LLC	Auxo Investment Partners, LLC 401(k) Retirement Plan	81-3994795	002
Altus Industries, Inc.	Altus Industries II, Inc. 401(k) Plan	86-3528021	002
Telos Global, LLC	Telos Global, LLC 401(k) Retirement Plan	86-2695237	002
Avon Machining, LLC	Avon Machining, L.L.C. 401(k) Plan	82-1036287	003

As a result, all future benefits will be provided under the successor plans.

As of the final distribution, the multiple-employer Plan (i.e. Auxo Investment Partners, LLC 401(k) Retirement Plan; Plan Number 001) ceased to exist as an entity.

NOTE 4 – TAX STATUS

The Plan sponsor's Board of Directors adopted the Volume Submitter Profit Sharing 401(k) Plan document. The Plan document has received an opinion letter dated June 30, 2020 from the Internal Revenue Service stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain qualification.

Although the Plan has been amended since receiving the determination letter, management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

The Plan has adopted the provisions of ASC Topic 740, *Income Taxes*, relating to uncertain tax positions. ASC Topic 740 provides a consistent framework to determine the appropriate level of tax reserves to maintain for uncertain tax positions. Specifically, the Plan must recognize a tax liability (or asset) if the Plan has taken an uncertain position that *more likely than not* would not be sustained upon examination by applicable taxing authorities.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 (or 2024), there were no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The participating employers provides certain accounting, recordkeeping, and administrative services for the Plan for which no compensation is received. Certain administrative expenses for legal, accounting and other services are rendered by parties-in-interest and are paid by the participating employers.

Certain plan assets are held in investment funds managed by *Transamerica Financial Life Insurance Company*, the custodian of Plan assets. Therefore, transactions with *Transamerica Financial Life Insurance Company* qualify as party-in-interest transactions.

NOTE 6 – INVESTMENTS - UNAUDITED

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Auxo Investment Partners, LLC 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Transamerica Financial Life Insurance Company, the custodian of Plan assets, has certified the completeness and accuracy of all investment information reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the 2025 schedule of assets held at end of year, and the related investment activity reflected in the statements of changes in net assets available for benefits for 2025 and 2024.

NOTE 7 – FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). ASC Topic 820 requires fair value measurements to be separately disclosed by level within the fair value hierarchy.

The three levels of fair value hierarchy under ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for *identical* assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted market prices for *similar* assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Valuation is generated from model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect the estimates of assumptions that market participants would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 7 – FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Pooled separate accounts include a portfolio of financial instruments that include U.S. equities, international equities, and short and intermediate term investment funds. These are valued based on a quoted market price for identical assets in active markets that the Plan has the ability to access. Pooled separate accounts are included as Level 1 assets in the fair value hierarchy.

Insurance company general account assets consist of conservative, capital-preservation investments designed to protect principal while offering steady, predictable returns. Insurance company general account assets are included as Level 2 assets in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Further, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value:

	Investments at fair value - December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 9,225,448	$ -	$ -	$ 9,225,448
Insurance company general account	-	77,276	-	77,276
Total investments at fair value	**$ 9,225,448**	**$ 77,276**	**$ -**	**$ 9,302,724**

	Investments at fair value - December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 20,254,668	$ -	$ -	$ 20,254,668
Insurance company general account	-	817,698	-	817,698
Total investments at fair value	**$ 20,254,668**	**$ 817,698**	**$ -**	**$ 21,072,366**

NOTE 7 – FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

The Plan held no Level 3 investments at December 31, 2025 or 2024. As a result, there are no changes in the fair value of Level 3 assets to report for either year.

NOTE 8 – EXCESS CONTRIBUTIONS PAYABLE TO PARTICIPANTS

The Plan is subject to certain non-discrimination rules under ERISA and the Code. For the year ended December 31, 2025, the Plan failed certain non-discrimination tests under the Code due to lower contribution percentages by non-highly compensated eligible employees relative to the contribution percentages of highly compensated eligible employees. In order to meet the requirements of the non-discrimination rules, the Plan refunded a portion of the contributions made by highly compensated participants, in accordance with applicable provisions of the Code. The refund attributable to 2025 totaled $7,663.

NOTE 9 – PLAN SPIN-OFF

Effective January 1, 2025, the Plan administrator transferred a portion of the Plan's assets to the *Grand River Navigation Shoreside 401(k) Plan*, sponsored by Rand Logistics, Inc., in connection with the spin-off of Andrie, LLC.

The spin-off was executed in accordance with the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA). The transfer was based on the account balances of eligible participants of Andrie, LLC who became employees of Rand Logistics, Inc. as of the spin-off date.

Net assets with a fair value totaling $14,961,433 were transferred from the Auxo Investment Partners, LLC 401(k) Retirement Plan.

Participants whose accounts were transferred to the *Grand River Navigation Shoreside 401(k) Plan* are no longer eligible to make contributions to or receive benefits from the Auxo Investment Partners, LLC 401(k) Retirement Plan. Auxo Investment Partners, LLC, the Plan sponsor, has provided the affected participants with the required notices and information statements detailing the changes.

NOTE 10 – SUBSEQUENT EVENTS

In accordance with ASC Topic 855, *Subsequent Events*, Plan management has evaluated subsequent events through September 30, 2026, the date these financial statements were available to be issued. With the exception of the Plan termination matters described in Note 3, there were no additional material subsequent events that required recognition or additional disclosure in these financial statements.
