Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Haynes Mechanical Systems, Inc. 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established May 1, 1998, and most recently amended September 29, 2009. The Plan covers eligible employees of Haynes Mechanical Systems, Inc. and Haynes Mechanical Systems, LLC (the "Company"). The Plan is available to employees age 21 years or older and has no service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of the Company administers the Plan. Principal Financial Group ("Principal") serves as trustee, manages Plan assets, and maintains the Plan's records. Principal offers Plan participants a variety of investment options through various investment vehicles. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax contributions from 1% to 25% of their annual compensation, as limited by the Internal Revenue Service ("IRS"), which is adjusted annually by the Secretary of Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. All participants who have obtained age 50 by the end of the Plan year were eligible to make a catch-up contribution as limited by the IRS. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. The Company makes matching contributions equal to 100% of employee elective deferrals up to 3% of compensation. The Company contributed $190,039 for the year ended December 31, 2009.

The Plan calls for an automatic elective deferral contribution of 3% unless the participant affirmatively elects a different percentage or elects not to make elective deferral contributions.

Employees are eligible to defer on an after-tax basis through payroll deductions all or any portion of compensation as Roth 401(k) deductions. Provided requirements are met, withdrawals of contributions and any earnings are tax free. A participant's combined pre-tax and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

Participants' Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, Plan earnings or losses, administrative expenses, and an allocation of forfeitures. Allocations are based upon Plan earnings and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 62), retirement due to disability, or if the Plan is terminated.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 7.75%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator, and mature at various dates through 2014. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance or various installment options. For termination of service for other reasons, a participant may receive the value of the vested account balance as a lump-sum distribution. Accounts with balances less than $5,000 may be immediately distributed upon a distribution event. Benefits are recorded when paid.

Participant Termination and Forfeitures

If, at the time of termination of employment, the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account is forfeited and shall be placed in a separate account and will first be used to offset administrative expenses and then employer contributions, as directed by the Company. The balance of the forfeiture account at December 31, 2009 and 2008 was $29,498 and $23,776, respectively. During the year ended December 31, 2009, $28,394 in forfeitures were used to reduce employer contributions.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The assets for the Plan are comprised of pooled separate investment accounts and participant loans. The net realized and unrealized investments gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits, and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchase and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

Risk and Uncertainties

The Plan provides for various investments, which in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Additionally, some investments held in pooled separate accounts are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile then those of securities of comparable U.S. companies.

Subsequent Events

The Plan has evaluated all subsequent events through the report date, October 1, 2010, the date the financial statements were available to be issued.

Note 2 - Investments

Principal has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2009 and 2008 and the income earned on the investments for the year ended December 31, 2009, as reflected in the accompanying financial statements and the supplemental schedule, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

The fair value of investments greater than 5% of net assets was the following:

	December 31,			
	2009		2008	
Principal Lifetime 2020 Separate Account	$ 537,278		$ 225,389	
Diversified International Separate Account	$ 487,091		$ 365,286

Note 3 - Fair Value Accounting

Generally accepted accounting principles require disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under SFAS No. 157 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Note 3 - Fair Value Accounting (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured on a recurring basis at fair value as of December 31, 2009 and 2008.

Assets at fair value as of December 31, 2009 are as follows:

Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 4,441,217	$ 94,640	$ 4,535,857
Participant loans	-	-	131,784	131,784
Total	$ -	$ 4,441,217	$ 226,424	$ 4,667,641

Assets at fair value as of December 31, 2008 are as follows:

Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 3,028,774	$ 86,589	$ 3,115,363
Participant loans	-	-	76,954	76,954
Total	$ -	$ 3,028,774	$ 163,543	$ 3,192,317

Pooled separate accounts are valued by the trustee based upon the fair value of the investments comprising the separate funds.

The valuation technique used to measure fair value of the participant loans is based upon historical cost, which approximates fair value.

There were no changes to the valuation techniques used during the period.

The following is a reconciliation of the beginning and ending balances for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the period ended December 31, 2009:

	Pooled Separate Accounts	Participant Loans	Total
Beginning balance	$ 86,589	$ 76,954	$ 163,543
Purchases, issuances and settlements, net	8,051	54,830	62,881
Ending balance	$ 94,640	$ 131,784	$ 226,424

Note 4 - Income Taxes

The Plan did not obtain a Plan specific determination letter as it operates with the trustee's opinion letter, which was issued on the basic plan document on March 31, 2008. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or their beneficiary.

Note 7 - Related Party Transactions

Certain Plan investments are managed by Principal. Principal is the asset trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest. These transactions are exempt from the prohibited transaction rules.
