# Independent Auditor's Report

To the Plan Administrator and Participants
Poyner Spruill LLP Savings and Retirement Plan
Raleigh, North Carolina

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Poyner Spruill LLP Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion on the Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Poyner Spruill LLP Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Poyner Spruill LLP Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Poyner Spruill LLP Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Poyner Spruill LLP Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Description of Plan

The following description of the Poyner Spruill LLP Savings and Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan Documents for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan immediately covers all employees of Poyner Spruill LLP ("the Firm") who are 21 years of age or older upon hire, except for leased employees, temporary employees, and summer interns who work less than 1,000 hours during the plan year. Under the SECURE Act of 2019, any employees who are age 21 and complete 500-999 hours in three consecutive 12-month periods, became eligible to make employee deferrals effective January 1, 2024. Secure 2.0 Act of 2022 shortened that period to two consecutive 12-month periods effective January 1, 2025.

On December 29, 2022, the SECURE 2.0 Act of 2022 (the "Act") was signed into law, introducing major changes to the rules governing retirement plans. The provisions of the Act have staggered effective dates through 2026 and beyond. The Plan Sponsor is operating the Plan in good faith compliance with all required provisions from their respective statutory effective dates. Management is currently reviewing the operational and financial impact of the remaining provisions. The Plan Sponsor intends to formally adopt all required plan document amendments within the remedial amendment period provided by the Internal Revenue Service.

During 2025, the Plan signed a retroactive amendment effective February 1, 2021, permitting terminated employees to take required minimum distributions in installments.

### *Administration*

The Plan is administered by the Firm which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The Firm has designated the Retirement Plan Committee, appointed by the Management Committee of the Firm, to administer the Plan. Charles Schwab Trust Bank serves as the Plan Trustee.

### *Contributions*

Employees hired on or after January 1, 2014 are automatically enrolled into the Plan at a rate of 4% of the employee's compensation. Employees may opt out of Plan participation at any time. Participants may elect to make pre-tax, Roth or after-tax contributions and may contribute up to 85% of their eligible compensation, as defined by the Plan. Employees who have attained the age 50 before the close of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified plans. The Firm provides a safe-harbor match of 100% up to 4% of participant's eligible compensation. The Firm may also contribute a discretionary non-elective contribution. No discretionary non-elective contributions were made during the year ended December 31, 2025. All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

***Participant Accounts***

Each participant's account is credited with the participant's contributions, Company safe harbor matching contributions, Company discretionary non-elective employer contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, collective investment trust funds, and an interest-bearing money market fund as investment options for participants.

***Vesting***

Participants are vested immediately in their contributions, Company safe harbor matching contributions and Company discretionary non-elective employer contribution portions of their accounts, plus actual earnings thereon.

***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Repayment occurs over a period not to exceed five years, unless the loan is for the purchase of a principal residence of the participant, in which case the repayment period may extend to 15 years. Participants can have no more than two loans outstanding at a time.

***Payment of Benefits***

On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or installments, as defined. Participants may take in-service withdrawals from all accounts after attaining age 59 ½ or at any time from their elective deferral and rollover contribution accounts. In-service distributions are also permitted after attaining age 55 with 10 years of service. Hardship distributions are permitted from employee pre-tax and Roth elective deferral accounts and employer non-elective contribution accounts upon demonstration of a financial hardship, as defined by the Plan. Vested balances less than $1,000 can be distributed from the trust upon proper notification to the participant.

## 2. Summary of Accounting Policies

***Basis of Accounting***

The financial statements are prepared on the accrual basis of accounting.

***Use of Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

The Plan's investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No loans were deemed to be in default in 2025.

***Payment of Benefits***

Benefits are recorded when paid. As of December 31, 2025 and 2024, there were no benefit payments requested but not yet paid.

***Administrative Expenses***

In accordance with the provisions of the Plan, certain administrative expenses such as trustee, recordkeeping, investment management, and investment advisory fees are paid by the Plan and included in the accompanying financial statements. Any administrative expenses not meeting the Plan provisions are paid by the Firm and excluded from the accompanying financial statements. Administrative expenses paid by the Firm are not reimbursed by the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments. Investment expense reimbursements of $21,382 are included in other income.

***Forfeited Accounts***

At December 31, 2025 and 2024, forfeited accounts totaled $758 and $345, respectively. Forfeitures may be used to reduce future administrative expenses or employer contributions. Forfeitures of $15,120 were utilized during 2025 to offset employer contributions.

## 3. Information Prepared and Certified by the Qualified Institution (unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank ("Schwab") has certified that the following data included in the accompanying financial statements is complete and accurate.

| *December 31,* | **2025** | 2024 |
|---|---|---|
| Investments at fair value | **$ 81,829,139** | $ 71,752,691 |
| Notes receivable from participants | **$ 215,548** | $ 281,626 |

| *Year Ended December 31,* | **2025** |
|---|---|
| Interest and dividend income | **$ 2,393,387** |
| Net appreciation in fair value of investments | **$ 9,973,886** |
| Interest income on notes receivable from participants | **$ 18,704** |

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to related information in the financial statements and supplemental schedule.

## 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

***Level 1:*** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

***Level 2:*** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

***Level 3:*** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2025 and 2024.

*Mutual Funds:* Valued at the quoted net asset value ("NAV") of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Money Market Fund:* The investment is a public investment vehicle valued using the net asset value ("NAV") provided by the administrator of the fund. The underlying assets are generally comprised of short-term securities representing high quality, liquid debt, and monetary assets. The Trustee establishes the market and quotes the price, on a daily basis, that is available to market participants, which is a market approach to valuation. The money market account is classified within Level 2 of the valuation hierarchy.

*Collective Investment Trust Funds:* Funds are specifically targeting multi-asset target-date strategies and large-cap growth equities. The fair value of these CITs is determined using the Net Asset Value (NAV) per unit provided by the trustee. Because the underlying assets consist of liquid, publicly traded securities or funds with observable market inputs, and the units can be redeemed at the NAV on the measurement date without restriction, these investments are classified within Level 2 of the Fair Value Hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

**Investments at Fair Value as of December 31, 2025**

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| **Investments subject to the fair value hierarchy:** | | | | |
| Money market fund | $ - | $ 3,259,380 | $ - | $ 3,259,380 |

| Mutual funds | 54,604,085 | - | - | 54,604,085 |
| **Total investments,** at fair value | $ 54,604,085 | $ 27,225,054 | $ - | $ 81,829,139 |

**Investments at Fair Value as of December 31, 2024**

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| **Investments subject to the fair value hierarchy:** | | | | |
| Money market fund | $ - | $ 2,796,262 | $ - | $ 2,796,262 |
| Mutual funds | 68,446,909 | - | - | 68,446,909 |
| **Total investments,** at fair value | $ 68,446,909 | $ 2,796,262 | $ - | $ 71,243,171 |

## 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants are 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

## 6. Tax Status

The Plan has received an opinion letter dated September 21, 2020, that the Plan Document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan may be amended periodically. The Plan Administrator and the Plan's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe the Plan is qualified and the related trust is tax-exempt.

## 7. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit volatility. Market risks include U.S. and global events that could impact the value of Plan investments. Such events may include public health emergencies, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 8. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments were managed by Schwab, the trustee as defined by the Plan. Cook Street Consulting provides advisory services. Plan transactions with these parties qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

## 9. Subsequent Events

The Plan has evaluated subsequent events through September 29, 2026, the date the financial statements were available to be issued.
