Independent Auditors' Report

To the Plan Administrator and Participants of
First Bankers Trustshares, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of First Bankers Trustshares, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of First Bankers Trustshares, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Newport Trust Company and Ascensus Trust Company, the trustees as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate. Ascensus Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2025, and from April 19, 2024, to December 31, 2024, and Newport Trust Company held the Plan's investment assets and executed transactions for the period January 1, 2024 to April 18, 2024.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of First Bankers Trustshares, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about First Bankers Trustshares, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of First Bankers Trustshares, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about First Bankers Trustshares, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. Description of Plan

The following description of First Bankers Trustshares, Inc. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering eligible employees of First Bankers Trustshares, Inc. (the Plan Sponsor) and its participating employer, First Bankers Trust Company, N.A., provided they are not excluded employees. Employees will be eligible to participate in the Plan once they satisfy the age and service requirements. For salary reduction contributions, voluntary after-tax contributions, and matching contributions, employees will be eligible to participate in the Plan if they have attained age 21. For discretionary profit-sharing contributions, employees will be eligible to participate in the Plan if they have completed one (1) year of service and have also attained age 21. Employees enter the Plan for salary reduction and matching contribution purposes on the first day of the calendar quarter, and for profit-sharing purposes on the first day of the Plan Year or the seventh month of the Plan Year, coinciding with or next following the date the requirements are met. Effective for Plan Years beginning after December 31, 2024, part-time employees who have completed at least 500 hours of service in each of two consecutive twelve-month periods and have attained age 21 are eligible to make salary reduction contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has been operating in accordance with the mandatory provisions of the SECURE Act, the CARES Act and the SECURE 2.0 Act as they became effective. In June 2026, the Plan's pre-approved document provider adopted an interim amendment on behalf of the Plan Sponsor incorporating those provisions into the Plan document. Because the Plan was established before December 29, 2022, it is not subject to the mandatory automatic enrollment requirements of the SECURE 2.0 Act. These provisions have not had a material effect on the Plan's financial statements.

2. Excluded Employees

If an employee is a member of a class of employees identified below, they are an excluded employee for purposes of the Plan. The excluded employees are:

- Union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining.
- Certain non-resident aliens who have no earned income from sources within the United States.

3. Contributions to the Plan

Employee Contributions

Eligible employees may defer up to 100% of their gross wages into the Plan on a pre-tax basis to a regular 401(k) account or on an after-tax basis to a Roth 401(k), however the maximum salary reduction for the 2025 and 2024 calendar years was $23,500 and $23,000, respectively. For 2024, $7,500 maximum catch-up contributions are available to participants 50 years and older. For 2025, $7,500 maximum catch-up contributions are available to participants aged 50 years to 59 and participants aged 64 years and older. Under SECURE 2.0 participants aged 60 years to 63 have an elevated maximum catch up contribution limit of $11,250 for 2025. These catch-up contributions are not counted toward any other limits imposed on other Plan contributions. These levels are set by the IRS and are subject to change each year. Total deferrals for the Plan Years ended December 31, 2025 and 2024, were $961,601 and $866,791, respectively.

The Plan also permits after-tax voluntary employee contributions, which are 100% vested and may be withdrawn at any time. No after-tax voluntary contributions were made during 2025 or 2024.

A. Description of Plan (continued)

3. Contributions to the Plan (concluded)

Employer Contributions

The Plan Sponsor may contribute to the Plan discretionary matching contributions and discretionary profit-sharing contributions.

Discretionary Contributions

The Plan Sponsor may make a matching contribution equal to a uniform percentage of salary deferrals; the Plan Sponsor will determine the percentage each year.

In applying this matching percentage, however, the Plan Sponsor has the option to disregard salary deferrals made each year that exceed a certain dollar amount or a certain percentage of compensation for such period. Participants share in the matching contribution regardless of the amount of service completed during the Plan year.

For the years ended December 31, 2025 and 2024, the Plan Sponsor elected to match 50% of participant deferrals up to 4% of eligible compensation (a maximum matching contribution of 2% of eligible compensation). Matching contributions allocated to participants totaled $213,265 and $200,735 for the years ended December 31, 2025 and 2024, respectively. For 2025, $35,027 of this amount was funded from forfeitures (see Note A.9), resulting in employer matching contributions of $178,238.

The Plan Sponsor may make a discretionary profit-sharing contribution.

In order to share in the discretionary profit-sharing contribution, an employee must satisfy the following:

- If the employee is actively employed on the last day of the Plan Year, the employee will share in the discretionary profit-sharing contribution if they have completed at least 1,000 hours of service during the Plan Year.

- If the employee terminates employment (not actively employed on the last day of the Plan Year), they will not receive a discretionary profit-sharing contribution regardless of the number of hours of service credited for the Plan Year.

- The employee will share in the discretionary profit-sharing contribution for the year regardless of the number of hours of service credited in the year of the employee's death, disability, or termination of employment after normal retirement age (age 65).

Any discretionary profit-sharing contribution will be "allocated" or divided among participants eligible to share in the contribution for the Plan Year in amounts determined by the Plan Sponsor for each participant, each participant constituting a separate allocation group under the Plan document.

Total discretionary profit-sharing contributions for the years ended December 31, 2025 and 2024, were $442,506 and $413,817, respectively.

4. Year of Service and Hour of Service

An employee will have completed one year of service if, at the end of their first twelve consecutive months of employment they have been credited with at least 1,000 hours of service. If an employee has not been credited with 1,000 hours of service by the end of their first twelve consecutive months of employment, they will have completed one year of service at the end of any following Plan Year during which they were credited with 1,000 hours of service.

A. Description of Plan (continued)

5. Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Plan Sponsor's contributions, Plan earnings, and charged with an allocation of investment gains or losses, withdrawals, and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Investment Options

Participants have a choice of investments to elect from which to contribute. The allocation can be changed by participants at any time on the website of its investment provider. An enrollment kit explaining these choices is available to all participants. Contributions of participants who do not make an investment election are invested in the Plan's qualified default investment alternative, a Vanguard Target Retirement fund based on the participant's expected retirement date. The Plan no longer permits the purchase of life insurance; premiums on one whole life policy acquired under prior Plan provisions continue to be paid from the participant's account as a protected benefit (see Note C).

7. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of the participants' accounts is based on years of continuous service. Employees vest 20 percent per year after completing two years of service until becoming 100 percent vested after six years of credited service in accordance with the Plan document, or immediately if employment is terminated due to death, disability, or retirement upon attainment of the age of 65.

8. Payment of Benefits

On termination of service due to death, disability, or retirement, a participant can elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as provided in the Plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Vested balances of $7,000 or less are distributed without the participant's consent and, absent a participant election, are automatically rolled over to an individual retirement account. Participants required to take minimum distributions may elect partial withdrawals or installments. Amounts attributable to assets transferred from a prior pension plan are subject to annuity and spousal consent requirements.

While employed, participants who have attained age 48 may withdraw all or a portion of their fully vested accounts (age 62 for amounts attributable to transferred pension assets), subject to a $1,000 minimum. Rollover and after-tax voluntary contribution accounts may be withdrawn at any time. Hardship withdrawals are available from fully vested pre-tax deferral, matching and profit-sharing accounts, subject to the conditions in the Plan document.

A. Description of Plan (concluded)

9. Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Under the Plan document, forfeitures of matching contributions are added to the employer matching contribution and allocated as an additional matching contribution, and forfeitures of other employer contributions are added to the employer profit-sharing contribution and allocated in the same manner. The Plan administrator may also direct that forfeitures be used to pay Plan expenses. During 2025, forfeitures were used to pay Plan expenses and to fund a portion of the matching contribution allocated to participants.

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $0 and $30,470, respectively. During the year ended December 31, 2025, non-vested balances of $23,963 were forfeited. During the years ended December 31, 2025 and 2024, forfeitures of $19,871 and $12,138, respectively, were used to pay Plan expenses, and $35,027 was used to reduce employer matching contributions during the year ended December 31, 2025. No forfeitures were used to reduce employer contributions during the year ended December 31, 2024.

10. Transfers from Qualified Plans (Rollovers)

At the discretion of the Administrator, employees may be permitted to deposit into the Plan distributions employees have received from other plans.

Rollovers will be placed in a separate account called the participant's rollover account.

Employees will always be 100% vested in their rollover account.

Participant rollovers of $45,111 were received during the year ended December 31, 2025. There were no rollovers for the Plan year ended December 31, 2024.

11. Loans

Loan provisions do not apply to this Plan.

B. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments purchased and sold as well as held during the year.

B. Summary of Accounting Policies (concluded)

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses incurred to maintain the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Expenses paid by the Plan are recorded when incurred and are reported as administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Fair Value Measurements

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: a) Quoted prices for similar assets or liabilities in active markets, b) Quoted prices for identical or similar assets or liabilities in inactive markets, c) Inputs other than quoted prices that are observable for the asset or liability, d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the NAV. Participant transactions (purchase and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

C. Fair Value Measurements (concluded)

	Fair Value Measurements at Reporting Date			
	Total	**Level 1**	**Level 2**	**Level 3**
December 31, 2025:				
Mutual funds	$ 22,863,192	$ 22,863,192	$ -	$ -
Money market	154,842	154,842	-	-
Collective Trust Fund measured at NAV	499,555			
	$ 23,517,589	$ 23,018,034	$ -	$ -
December 31, 2024:				
Mutual funds	$ 21,872,333	$ 21,872,333	$ -	$ -
Money market	27,095	27,095	-	-
Collective Trust Fund measured at NAV	582,728			
	$ 22,482,156	$ 21,899,428	$ -	$ -

For the years ended December 31, 2025 and 2024, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. The portfolio's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The portfolio invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into "wrap contracts" issued by third parties and invests in cash equivalents represented by shares in money market funds. There are no unfunded commitments on December 31, 2025 and 2024. Participant-directed redemptions may occur daily with no notice period. A full withdrawal initiated by the Plan requires 12 months' advance written notice.

The value of the life insurance policy is determined by the cash surrender value provided by the insurance company for one MassMutual whole life policy, allocated to a participant, held outside the trust, dividends applied to paid-up additions. The following table sets forth a summary of changes in the cash surrender value for the years ended December 31, 2025 and 2024. Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024 are reported in net appreciation (depreciation) in fair value of investments. The annual premium of $131 on the policy is reported within net appreciation in fair value of investments.

	Life Insurance Contract	
	2025	**2024**
Beginning balance	$ 7,710	$ 7,294
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	451	416
Ending balance	$ 8,161	$ 7,710

D. Certified Investment Information

The Plan's investments were held in trust and administered by the trustee, Newport Trust Company for the period January 1, 2024, to April 18, 2024. Ascensus Trust Company held in trust and administered the Plan's investments for the year ended December 31, 2025, and for the period April 19, 2024, to December 31, 2024. All investment information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, other than the life insurance policy described in Note C, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee. The life insurance policy is held outside the trust and is not covered by the trustee certifications.

- Investments at fair value of $23,517,589 as of December 31, 2025, and $22,482,156 as of December 31, 2024, as shown in the accompanying statements of net assets available for benefits.

- Dividend and interest income reported by the trustee totaled $451,268 and $405,235 for the years ending December 31, 2025 and 2024, respectively.

- During 2025 and 2024, the Plan's investments (including investments bought, sold, and held during the year), as reported by the trustee, appreciated (depreciated) in current value by $2,957,139 and $2,279,915, respectively.

- All investment-related information in the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) other than the life insurance policy is as of December 31, 2025 and was certified by the trustee.

E. Related-Party Transactions and Party in Interest Transactions

Plan investments were managed by Newport Trust Company for the period January 1, 2024, to April 18, 2024. Plan investments were managed by Ascensus Trust Company for the year ended December 31, 2025, and for the period April 19, 2024, to December 31, 2024. Ascensus Trust Company is the directed trustee of the Plan, and Newport Group, Inc. (an Ascensus company) is the recordkeeper; therefore, transactions with these parties qualify as party in interest transactions. Fees paid by the Plan to Newport Group, Inc. for recordkeeping, trust and custody, and distribution processing services totaled $31,396 and $30,608 for the years ended December 31, 2025 and 2024, respectively. Revenue sharing of $2,557 received from the Plan's investments was credited to the Plan in 2025 and applied against these fees. The Plan Sponsor is also a party in interest and pays certain Plan expenses as described in Note G.

F. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

G. Administrative Expenses

Certain administrative expenses, including audit fees, Form 5500 extension and compliance testing charges, and participant mailing costs, are paid directly by the Plan Sponsor. Administrative expenses paid by the Plan of $31,396 and $30,608 for the years ended December 31, 2025 and 2024, respectively, consist of fees for recordkeeping, trustee and distribution processing services charged to participant accounts and, to the extent described in Note A.9, paid from forfeitures.

Other costs such as brokerage commissions in association with security buys and sells are added to the cost of the security when purchased or used to reduce the gain or increase the loss when the asset is sold.

H. Commitments and Contingencies

The Plan Sponsor is not aware of commitments or contingencies concerning the Plan. In addition, the Plan Sponsor is not aware that any transactions have occurred that are prohibited by ERISA.

I. Tax Status

The Plan Sponsor has adopted a non-standardized plan pre-approved by the Internal Revenue Service (IRS). The IRS issued an opinion letter dated June 30, 2020, that the form of the pre-approved Plan is acceptable under section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable authorities. The Plan is subject to routine audits by tax jurisdictions: however, there are currently no audits for any tax periods in progress.

J. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

K. Subsequent Events

The Plan administrator has evaluated events and transactions subsequent to the statement of net assets available for benefits through the date of the independent auditors' report (the date the financial statements were available to be issued) for potential recognition or disclosure in the financial statements. Effective July 1, 2026, the recordkeeper's asset-based trust and custody fee increased by 0.02% of Plan assets and the distribution processing fee increased to $90 per distribution. The Plan administrator has not identified any other items requiring recognition or disclosure in the financial statements.
