INDEPENDENT AUDITOR'S REPORT

Administrative Committee
Future Foam, Inc. 401(k)
Profit Sharing Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of Future Foam, Inc. 401(k) Profit Sharing Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Future Foam, Inc. 401(k) Profit Sharing Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Matrix Trust Company as of December 31, 2024, and for the year ended December 31, 2024 and the period from January 1, 2025 to July 17, 2025, and Ascensus Trust Company as of December 31, 2025 and for the period from July 18, 2025 to December 31, 2025, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Future Foam, Inc. 401(k) Profit Sharing Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

A. General

The Plan is a defined contribution plan covering all non-union employees of the Plan Sponsor, Future Foam, Inc. (the Company), who have reached age 19 and have completed two months of service, as defined in the Plan agreement. The Plan's administrative committee is responsible for oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Participants may contribute a percentage of their annual compensation, as defined by the plan, provided the contribution does not exceed limitations set by the Internal Revenue Service, through either pre-tax or after-tax Roth contributions. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute rollover distributions from other qualified benefit plans. Participants direct the investment of all contributions into investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at six percent of eligible pre-tax compensation and their contributions invested in a target retirement date fund until changed by the participant. The Company determines the amount of matching and discretionary contributions. During the years ended December 31, 2025 and 2024, the Company matched 25% of participant contributions up to a maximum of $400 per participant. No discretionary contributions were made during each of the years ended December 31, 2025 and 2024.

C. Participants Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Plan participants may direct their contributions and employer matching contributions in any proportion within available investment funds.

1. Description of Plan – Continued

D. Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in Company contributions is based on years of service. A participant is credited with a year of service upon completing 1,000 hours of service during a year and becomes 25% vested after one year of service, and 25% for each additional year until 100% vested.

E. Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. Notes receivable are secured by the balance in the participant's account and bear interest based on The Wall Street Journal prime rate. As of December 31, 2025, outstanding notes receivable carry interest rates ranging from 3.25% to 8.50%. The terms of the notes receivable require principal and interest payments to be made via payroll deduction with a maximum repayment term of five years.

F. Payment of Benefits

Upon reaching age 59½, death, disability, or termination of employment a participant or beneficiary may elect to receive a distribution equal to the value of their vested account. In the absence of a participant election, vested balances of $1,000 or less are automatically paid in a lump sum and balances greater than $1,000 and up to $5,000 are automatically rolled over to an IRA. Balances exceeding $5,000 may be paid as a lump sum, partial distribution, or installments. Effective September 1, 2025, the Plan was amended to permit hardship distributions from participants' elective deferrals and vested employer contributions, and direct in-plan Roth rollovers of eligible non-Roth amounts.

G. Forfeited Accounts

Forfeited balances of non-vested accounts are used to either pay Plan administrative expenses or reduce future employer matching contributions. During the years ended December 31, 2025 and 2024, forfeitures of $22,119 and $24,008, respectively, were used to pay for administrative expenses of the Plan. There are $119 and $2,900 of unused forfeitures available as of December 31, 2025 and 2024, respectively.

2. Summary of Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Summary of Accounting Policies - Continued

B. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date. Interest and dividend income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

D. Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

E. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

F. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan either distributes or allocates under the catch-up provisions of the Plan the excess contributions to the applicable participants prior to March 15 in the subsequent year.

2. Summary of Accounting Policies - Continued

G. Administrative Expenses

Trustee fees and administrative costs are paid by the Plan, except the Company, at its discretion, may pay for certain administrative costs. Costs directly related to notes receivable from participants are charged to the participants' account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

H. Payment of Benefits

Benefits are recorded when paid.

I. Subsequent Events

The Plan's Administrative Committee evaluated transactions and events occurring subsequent to December 31, 2025, and through October 8, 2026, the date the financial statements were available to be issued, to determine whether any events should be recognized or disclosed in these statements.

3. Investments

The following information included in the financial statements and supplemental schedule at December 31, 2025 and 2024, was obtained or derived from information supplied by the plan administrator and certified as complete and accurate by Matrix Trust Company and Ascensus Trust Company.

	2025	2024
Investments at fair value	$ 63,100,349	56,910,846
Net appreciation in fair value of investments	8,291,625	6,376,856
Interest income on investments	71,069	124,825

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements - Continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment funds (CIF's): Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,779,211	--	--	$ 3,779,211
Collective investment funds at net asset value (1)				59,321,138
Total assets at fair value				**$ 63,100,349**

Continued

4. Fair Value Measurements - Continued

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,290,254	--	--	$ 3,290,254
Collective investment funds at net asset value (1)				53,620,592
Total assets at fair value				**$ 56,910,846**

(1) In accordance with ASC 820, the Plan's CIF's, which are measured at fair value using the net asset value per share or its equivalent practical expedient, have not been classified in the fair value hierarchy. The fair value amounts in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share:

December 31, 2025	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency (if currently eligible)*	*Redemption Notice Period*
Collective Investment Funds	$59,321,138	n/a	Daily	n/a

December 31, 2024	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency (if currently eligible)*	*Redemption Notice Period*
Collective Investment Funds	$53,620,592	n/a	Daily	n/a

5. Party-in-interest Transactions

Plan assets were managed in investment options issued by Mutual of Omaha. Effective July 2, 2024, Ascensus assumed full responsibility for managing investment options and performing responsibilities as recordkeeper as part of an agreement between Mutual of Omaha and Ascensus to transition Mutual's 401(k) recordkeeping business to Ascensus. Therefore, transactions with Ascensus and formerly Mutual of Omaha qualify as party-in-interest transactions. The Plan made direct payments of approximately $136,000 to Ascensus during 2025 and approximately $54,000 to Ascensus and Mutual of Omaha during 2024. These transactions, therefore, are party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will immediately become 100% vested in their participant account.

7. Tax Status

The Plan is a preapproved non-standardized plan created by Ascensus and adopted by the Company on September 1, 2025. On July 1, 2024, the Internal Revenue Service in an opinion letter stated the preapproved provisions adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes the Plan is qualified, and the related trust is tax-exempt. The Plan has not received a determination letter specific to the Plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by tax authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Excess Contributions Payable

Excess contributions payable represents amounts to be refunded to participants for the Plan to comply with applicable IRC nondiscrimination requirements. At December 31, 2025 and 2024, liabilities of $187,985 and $134,463 were recorded and refunded to participants in the subsequent year, respectively.

10. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 64,301,701	$ 57,958,620
Add back: Excess contributions payable	187,985	134,463
Net assets available for benefits per Form 5500	**$ 64,489,686**	**$ 58,093,083**

The following is a reconciliation of participant contributions per the financial statements to the Form 5500 for the year ended December 31, 2025 and 2024:

	2025
Total participant contributions per the financial statements	$ 4,643,677
Excess contributions classified as corrective distributions per the Form 5500, but as a reduction of contributions per the financial statements	121,534
