INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
NNPP Contractor Savings Plan

Opinion

We have audited the financial statements of the NNPP Contractor Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the years ended December 31, 2025 and 2024, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NNPP CONTRACTOR SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the NNPP Contractor Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - In 2018, Fluor Marine Propulsion, LLC (FMP or Company) was awarded the contract for the Naval Nuclear Laboratory (NNL) that was previously held by Bechtel Marine Propulsion Corporation (BMPC). All employees of BMPC were transitioned to FMP, and the Plan, along with a new master trust, was established solely for FMP employees. FMP has established the Plan to assist employees in saving for their retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a defined contribution plan covering all salaried and bargained employees of FMP. Eligible employees are able to participate in the Plan on date of hire. Employees retained previous service credited while employed with BMPC.

The designated trustee of the Plan is Northern Trust Corporation (Northern Trust); Fidelity Management Trust Company (Fidelity) provides recordkeeping and administrative services.

Contributions - A participant may make contributions on a pretax, after-tax or Roth 401(k) basis, or a combination of all three, through payroll deductions of between 2% and 25% of eligible compensation, in increments of 1%, subject to limitations of the Internal Revenue Code (IRC). The Plan incorporates an automatic enrollment provision. Employees who are automatically enrolled will have 4% deducted from their compensation unless they affirmatively elect not to participate in the Plan. If no affirmative election has been made, contributions are invested in an aged-based State Street Target Retirement Fund. Participants direct their contributions into various investment options offered by the Plan. Each pay period, the Company provides a matching contribution, up to a certain limit as defined by the Plan. Participants may also contribute amounts representing distributions (rollovers) from other qualified plans maintained by their previous employers, subject to the language of the Plan document or approval of the Plan administrator. In addition, all participants who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with and subject to the limitations of the IRC.

Participant Accounts - Each participant's account is credited with the participant's contributions, Company matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. Participants pay a recordkeeping fee taken from their accounts on a quarterly basis. If an employee files a Qualified Domestic Relations Order, the participant is required to pay a fee in order to have it be qualified. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and Company matching contributions plus earnings thereon.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Notes Receivable From Participants - Subject to the terms of the Plan, participants may borrow up to 50% of their account balance, with a minimum of $1,000 up to a maximum of $50,000. Notes receivable are secured by the balance in the participant's account. Repayment of a note receivable must be made over a period not to exceed five years (or 15 years in the case of a home loan) and, in the case of active employees, are generally made by payroll deduction. The notes receivable bear interest at the prime rate as published by Reuters that is in effect on the last business day of the previous calendar month, plus 1%.

Payment of Benefits - On retirement, termination of employment, death or attainment of age 59-1/2, a participant is entitled to the full value of his or her vested account balance. Distributions may be made in cash, a systematic withdrawal or a rollover. Distributions of account balances of less than $1,000 are made upon termination of service. Participants may also request a hardship distribution from his or her participant-funded account balance if certain criteria are met.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying statements of net assets available for benefits and related statements of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan holds an interest in the net assets of the NNPP Contractor DC Master Trust (Master Trust) as of December 31, 2025 and 2024. The Master Trust investments are reported at fair value (except for the fully benefit-responsive guaranteed investment contracts, which are reported at contract value). (See Note 5.) Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 4 for discussion of fair value measurement.)

Purchases and sales of securities are reflected on a trade-date basis. Gains and losses on securities sold or redeemed are determined on the basis of average cost. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income from the Plan's interest in the Master Trust includes the Plan's gains and losses on investments bought and sold as well as held during the period as well as interest and dividends.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make note receivable repayments and the Plan administrator deems the participant loan to be in default, the participant note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. The Plan pays investment management fees, which are included in the Plan's interest in the Master Trust investment income, and fees to Fidelity for administration of the Plan, which are shown as administrative expenses. Fees related to the administration of participant-initiated transactions are charged directly to the participant's account and are also included in administrative expenses.

Risks and Uncertainties - The Plan invests in securities that are subject to various risks, such as interest rate, market and credit risks. Due to the level of risk and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent Events - Management has evaluated subsequent events through September 23, 2026, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to, or disclosures in, the financial statements.

NOTE 3 - INVESTMENTS IN THE MASTER TRUST

The Plan holds an interest in the net assets of the Master Trust. The interest is expressed in units of value. Each plan rolls up into the Master Trust, as the trustee maintains separate accounts that reflect each plan's share of the Master Trust investments. Each plan account holds units of the various investment manager accounts within the Master Trust. Allocation of investment income is based on each plan's specific interest in the underlying plan investments, which are based on participant direction of the investments. Separate reporting is provided for each plan, as well as for the Master Trust in the aggregate.

NOTE 3 - INVESTMENTS IN THE MASTER TRUST (Continued)

The following table presents the net assets of the Master Trust and the Plan's interest in the Master Trust as of December 31:

	2025		2024	
	Master Trust Balances	Plan's Interest Master Trust	Master Trust Balances	Plan's Interest Master Trust

Investment income for the Master Trust for the years ended December 31:

	2025	2024
Net appreciation in fair value of investments (net of investment expense)	$ 439,607,683	$ 317,472,608
Dividends and interest	1,434,405	2,999,971
Net Investment Income	$ 441,042,088	$ 320,472,579

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Interest-Bearing Cash - Valued at amortized cost plus accrued interest.

Corporate Common Stocks - Valued at the closing price in the active market on which the individual security is traded.

Depository Receipts - Investments in a foreign entity through a U.S. exchange-traded security held in DTC and priced nightly by a third party.

Common Collective Trusts - Valued at net asset value (NAV) of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value, and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The Master Trust's investments measured at fair value on a recurring basis by fair value hierarchy level as of December 31 were as follows:

	2025			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 1,576,518	-	-	$ 1,576,518
Corporate common stocks	65,656,946	-	-	65,656,946
	67,233,464	-	-	67,233,464
Depository receipts	-	$ 725,793	-	725,793
Total assets in the fair value hierarchy	$ 67,233,464	$ 725,793	-	67,959,257
Investments measured at NAV (a)				2,797,568,953
Total Investments at Fair Value				$ 2,865,528,210

	2024			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 1,725,693	-	-	$ 1,725,693
Corporate common stocks	91,915,596	-	-	91,915,596
	93,641,289	-	-	93,641,289
Depository receipts	-	$ 1,092,277	-	1,092,277
Total assets in the fair value hierarchy	$ 93,641,289	$ 1,092,277	-	94,733,566
Investments measured at NAV (a)				2,334,850,690
Total Investments at Fair Value				$ 2,429,584,256

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total investments in the Master Trust.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The following tables summarize the Master Trust's investments measured at fair value based on NAV per share as of December 31:

NOTE 5 - GUARANTEED INVESTMENT CONTRACTS

The Master Trust holds an interest in a fixed-income fund, which invests directly in fully benefit-responsive guaranteed investment contracts issued by various banks and insurance companies. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE 5 - GUARANTEED INVESTMENT CONTRACTS (Continued)

These guaranteed investment contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is a relevant measure for fully benefit-responsive investment contracts because this would be the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses, and is the amount participants would receive if they were to initiate withdrawals under terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet contractual obligations might be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer, including: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan); (2) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; (3) bankruptcy of the Plan sponsor or other Plan sponsor events; (4) the failure of the Plan to qualify for exemption from federal income taxes or any prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; or (4) a material amendment to the agreement without the consent of the issuer. As of December 31, 2025 and 2024, management was not aware of any such events.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan will be distributed to the participants in proportion to their respective account balances.

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan administrator by a letter dated July 27, 2020 that the Plan is designed in accordance with applicable sections of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

NOTE 7 - TAX STATUS (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Should the Plan incur penalties and interest related to unrecognized tax benefits, such amounts would be recorded as administrative expenses. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2022.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Mercer Investment Consulting (Mercer) acts in a fiduciary role as the outsourced chief investment officer for the Plan. Mercer is a subsidiary of Marsh & McLennan.

Certain investments of the Plan were managed by an affiliate of Mercer; therefore these transactions qualify as party-in-interest transactions.
