Independent Auditor's Report

DIRECTV Benefit Plan Committee
DIRECTV Entertainment Holdings LLC
El Segundo, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DIRECTV Retirement Savings Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DIRECTV RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2025 AND 2024, AND FOR THE YEAR ENDED DECEMBER 31, 2025

1. DESCRIPTION OF THE PLAN

General—The following description of the DIRECTV Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan was established on August 1, 2021 and is a defined contribution plan covering substantially all employees of DIRECTV, LLC and DIRECTV Customer Services LLC, the participating employer subsidiaries of DIRECTV Entertainment Holdings LLC (collectively, the "Company").

The investments of the Plan and the DIRECTV Retirement Savings Plan – Puerto Rico are maintained in the DIRECTV Savings Plan Master Trust (the "Master Trust"). Effective May 7, 2025, the Plan changed its trustee from Bank of New York Mellon ("BNY Mellon") to Fidelity Management Trust Company ("Fidelity") and the recordkeeper is Fidelity Workplace Services LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions—Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) discretionary contributions made by the Company; and (iv) participant rollovers from another qualified plan. Participants have the option to make Roth elective salary reduction contributions to the Plan.

Participants may contribute to the Plan through a reduction in salary on a pretax or after-tax basis, or Roth deferrals from 1% to 50% of total eligible compensation. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Effective the first day of the pay period following 60 days after they first become a participant, automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions; these additional contributions are ineligible for a Company matching contribution. In addition to the regular catch-up contributions, during 2025, participants aged 60-63 could make super catch-up contributions.

The Company makes a matching contribution to eligible participant accounts. The matching contribution for management employees is equal to 133 1/3% of the first 3% of the employee's compensation the employee elected to defer as a basic contribution ("Deferral"), plus 100% of the next 3% of their Deferrals, not to exceed 7% of compensation. The matching contribution for participants of CWA District 3 is 100% of the first 6% of their Deferrals, and all other collectively bargained employees receive 80% of the first 6% of their Deferrals. The Company may also, at its sole discretion, contribute an additional non-elective contribution. There were no non-elective contributions during 2025 or 2024.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts—Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related non-elective and matching Company contributions and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments—Participants direct the investment of their contributions and any Company contributions into the various funds offered by the Plan. The Plan offers a mutual fund and common collective trust funds through the Master Trust. Participants may also direct their investments through a trustee sponsored brokerage account (SDB), which offers the option to invest in a variety of certificates of deposit, a money market fund, common stocks, exchange-traded funds, mutual funds, warrants, and government bonds.

Vesting—Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. For vesting purposes, participants who entered employment under one of two transactions with AT&T retained their service hours: 1) those who transferred as part of the spin-off on August 1, 2021 and 2) those who transferred as part of a second transaction on April 1, 2022.

Notes Receivable from Participants—Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of one-half of the vested account balance or $50,000. The loans are secured by an assignment of a participant's vested interest in the Plan, and bear interest as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2025 and 2024, participant loans have maturities through 2035 and 2034, and interest rates ranging from 4.25% to 9.50%, respectively.

Payment of Benefits—On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments over a fixed time period.

Participants may also be eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Forfeited Accounts—When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The plan document permits the use of forfeitures to either reduce future Company contributions or pay plan administrative expenses for the plan year. However, if a participant is re-employed and fulfills certain requirements, as defined in the plan document, the account will be reinstated. At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately $51,000 and $158,000, respectively. During 2025 approximately $789,000 was used to pay administrative expenses and approximately $181,000 was used to reduce Company matching contributions from forfeited nonvested accounts.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances, and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—Investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a description of the fair value methodology by investment type.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the plan document.

Contributions – Employee contributions and Company non-elective and matching contributions are recorded when withheld and when earned, respectively.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan or the Company, as provided in the plan document. Participants pay administrative costs for loans, distributions and qualified domestic relation orders.

All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

The Plan receives float interest income on short-term investment accounts temporarily held before they are invested and/or paid out. Float interest income can be used to pay Plan administrative expenses. As of December 31, 2025 and 2024, the Plan held float interest income of approximately $93,000 and $67,000, respectively.

Payments of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants, who have elected to withdraw from the Plan, but have not yet been paid as of December 31, 2025 or 2024.

Subsequent Events—Subsequent events were evaluated through October 8, 2026, the date the financial statements were available to be issued. During 2026, the Plan implemented certain provisions of the Securing a Strong Retirement Act of 2022 ("SECURE 2.0"). These changes were made immediately without formally amending the plan document. The Plan will be formally amended as

required under SECURE 2.0. No other events occurred that require additional disclosure or adjustments to the Plan's financial statements.

3. INTEREST IN MASTER TRUST

Certain of the Plan's investment assets are held in the Master Trust administered and maintained by Fidelity for the period from May 7, 2025 to December 31, 2025 and BNY Mellon for the period from January 1, 2024 to May 6, 2025, as established by the Company. The Plan maintains a divided beneficial interest in each of the investment accounts held by the Master Trust. Use of the Master Trust permits the commingling of the trust assets of the Plan and the DIRECTV Retirement Savings Plan—Puerto Rico for investment and administrative purposes.

Each participating plan's interest in the investment fund options of the Master Trust is based on account balances of the participants and their elected investment fund options. The Master Trust assets are allocated among the participating plans by assigning to each plan those transactions (primarily contributions, benefit payments, and expenses) that can be specifically identified, and by allocating investment income and administrative expenses related to the Master Trust on a daily basis based on each participant's account balance within each investment fund option.

The net assets of the Master Trust as of December 31, 2025 and 2024 are summarized as follows:

	December 31, 2025	
	Master Trust Balance	**Plan's Interest in Master Trust Balance**
Investments at fair value:		
Mutual funds	$ 728,846	$ 728,846

5. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurement and Disclosures*, provides a framework for measuring fair value. In accordance with ASC 820, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds—Valued at the daily closing price as reported by the fund. The mutual funds held by the Master Trust are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan or Master Trust are deemed to be actively traded.

Common Collective Trust Funds—Valued at the NAV of units of a collective trust. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Self-Directed Brokerage Accounts—includes a variety of certificates of deposit, a money market fund, common and preferred stocks, exchange traded funds, government bonds, warrants, and mutual funds. Certificates of deposit are held primarily in short-term money market commingled funds and are valued at amortized cost plus accrued interest. The money market fund, common and preferred stocks, exchange-traded funds, and warrants are valued at the closing price reported on the active market on

which the individual securities are traded. Government bonds are valued using pricing models maximizing the use of observable inputs for similar securities.

The following tables set forth by level within the fair value hierarchy a summary of the Master Trust's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	As of December 31, 2025

6. RELATED-PARTY TRANSACTIONS AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Fidelity Workplace Services LLC is the recordkeeper and effective May 7, 2025, Fidelity became the trustee of the Plan and the Master Trust. Prior to that date, BNY Mellon was the trustee of the Plan, excluding the SDB and notes receivable which were held by Fidelity, and the Master Trust and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts. As of December 31, 2025 and 2024, through the SDB feature, the Plan held Fidelity investments totaling approximately $6,100,000 and $3,200,000, respectively.

7. FEDERAL INCOME TAX STATUS

By a letter dated May 9, 2024, the Internal Revenue Service (IRS) determined and informed the Company that the Plan and related trust and Master Trust were designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter. However, Plan management believes that the Plan and related trust and Master Trust are designed and administered in accordance with the applicable regulations of the IRC, and therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated by the Company, participant accounts would become fully vested. The assets of the Plan would be distributed to the participants based on their account balances. In addition, any previously forfeited amounts that had not been applied to reduce Company contributions or pay administrative expenses, would be credited ratably to the accounts of the participants remaining in the Plan at the time of such termination.
