INDEPENDENT AUDITORS' REPORT

We were engaged to audit the statements of net assets available for benefits of Jerry Leigh of California, Inc. 401(K) Profit Sharing Plan as of December 31, 2009, and 2008, and the related statement of changes in net assets available for benefits for the years ended December 31, 2009 and 2008 and the supplemental schedules as of and for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by Regulation 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform any auditing procedures with respect to the information summarized in Note C, which was certified by Capital Bank & Trust, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodians of the Plan as of and for the year ended December 31, 2009, and 2008 that the information provided to the plan administrator by the custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the custodians of the Plan, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(K) Profit Sharing Plan
Notes to Financial Statements
December 31, 2009 and 2008

A. Description of the Plan

The following description of the Jerry Leigh of California, Inc. (the "Company") 401(K) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- **General.** The Plan is a defined contribution plan (i.e. a profit-sharing 401(K) plan) covering substantially all employees of Jerry Leigh of California, Inc., (the "Company") It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The plan is administered by the "Company" and assets of the Plan are held and invested by American Funds (custodian).

- **Eligibility.** Full-time employees of the Company who have three months of service and are twenty-one years or older are eligible to participate in the Plan.

- **Contributions.** Bi-weekly pre-tax contributions are made to the Plan by the employer at the election of the employee pursuant to a salary reduction agreement under section 401(K) of the Internal Revenue Code. Elective deferrals may commence or be modified as of January 1, April 1, July 1, and October 1, and may be terminated at any time. In conjunction with the elective deferrals, the employer may make matching contributions to the Plan in the amount of 25% of the portion of the participant's salary reduction which does not exceed 4% of the participant's annual compensation. The employer is also permitted to make an annual discretionary matching contribution at the option of the Company's board of directors.

- **Participant Accounts.** Each participant's account is credited with participant's elective deferral contribution, employer matching contribution, and allocation of (a) the employer's discretionary contribution, and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

- **Vesting.** Participants are 100% immediately vested in their elective deferral contributions and actual earning thereon. The vested and non-forfeitable interest in a Participant's employer account and matching account is determined by a vesting schedule in the plan documents.

- **Participant Loans.** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or one-half of the sum of the vested and non-forfeitable interest in his/her accounts. Multiple loans are permitted.

- **Forfeitures Allocation.** Upon termination of employment, the unvested portion of a participant's employer matching, and employer non-elective contributions is forfeited. Forfeitures are first used to pay Plan expenses for the year in which the forfeitures occur. Any remaining forfeitures are used to reduce Employer Matching and Employer Non-elective Contributions.

- **Payment of Benefits.** On termination of service, if the account balance is less than $5,000, a participant may elect to receive his vested account balance in a lump sum payment, or rollover the balance to an IRA account, or to another 401(K) plan. If his vested account balance is equal to or greater than $5,000, a participant may elect the same options as above, or leave his vested account balance in the plan until his attainment of normal retirement age (65). Participants who are still employed, can elect to receive pre-retirement distributions upon reaching the age of 59 ½. Upon the death of a participant prior to receiving any benefits, his beneficiary will receive the full account balance in the form of a lump-sum payment.

  Hardship distributions are permitted as per Section 2.5.6 of the Plan Documents.

- **Administrative Expenses.** The Company pays substantially all expenses associated with the administration and operation of the Plan. Fees associated with investment transactions, distributions, and loans are paid by participants.

B. Summary of Accounting Policies

- **Basis of Accounting.** The financial statements of the Plan are prepared under the accrual method of accounting.

- **Use of Estimates.** The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

- **Concentration of Credit Risk.** At December 31, 2009 substantially all the plan assets (including cash equivalents) were invested with American Funds.

- **Risks and Uncertainties.** The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

- **Cash and Cash Equivalents.** Cash and cash equivalents include cash on hand and on deposit and highly liquid debt instruments with original maturities of three months or less.

- **Investment Valuation and Income Recognition.** In 2005, the Plan entered into an investment contract with American Funds. American Funds maintains the contributions in Common Trust accounts and Mutual Funds. Availability of account investment types is determined by the terms of the contract. The accounts are credited with the earnings on the underlying investments net of American's Funds management fees and charges for participant withdrawals. All expenses incurred by American Funds in acquiring the investments for these accounts are deducted from assets of the accounts before unit values are established. Administrative fees are paid by Jerry Leigh of California, Inc. The contract is included in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals) because it is fully benefit-responsive. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2009 and December 31, 2008 was $ 4,511,440 and $ 3,569,477 respectively.

- **Fair Value Measurements.** The plan investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

SFAS No. 157, Fair Value Measurements, established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consists of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs are based on inputs other than quoted prices included within Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted prices for similar assets or liabilities in active or non-active markets; and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements: Mutual Funds are investments pooled in different investment funds on a participation basis. Mutual Funds are valued on a daily basis from prices generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

Level 2 Fair Value Measurements: Common Trust Funds are investments in Stable Value Fund that offer a highly diversified portfolio of investments. Stable Value Funds typically provide returns slightly in excess of an FDIC-insured money market account. Share prices are generally obtained directly from the fund house or other investment provider.

B. Summary of Significant Accounting Policies - Continued

Level 3 Fair Value Measurements: Participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans is equal to the amortized costs of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurement.

December 31, 2009	Participant Loans
Balance, 01/01/09	$ 88,416
Issuances, repayments, and distributions (net)	(1,083)
Balance, 12/31/09	$ 87,333

December 31, 2008	Participant Loans
Balance, 01/01/08	$ 96,850
Issuances, repayments, and distributions (net)	(8,434)
Balance, 12/31/08	$ 88,416

C. Investments

The Plan's investments are held in an investment contract with American Funds. Participants can direct their account balances to be placed in one to 50 types of investment contracts (one of which is a money market fund), in at least 1% increments, adjustable. These funds span a range of financial objectives from current income to aggressive growth. Fund assets are invested in an allocated mix of fixed-income and equity securities. The following table presents the fair values of the investments at both 2009, and 2008 respectively. The following information in the accompanying financial statements and supplemental schedule was obtained from data that has been certified to as complete and accurate by the custodians of the funds.

D. Related Party Transactions

Certain plan investments and Insurance Annuities are funds managed by American Funds. American Funds is both a fiduciary, as defined by ERISA, Title 1, Section 3(21), and Investment Custodian and therefore qualify as party-in-interest transactions. Investment management and 12b-1 broker fees generally total approximately 1% of net mutual fund assets and are deducted prior to the determination of fund net asset values. Fees for accounting and administration are paid to American Funds, Inc. and are borne by the employer (not the Plan), and amounted to $13,885 for the year ended December 31, 2009.

E. Insurance

The Plan is currently covered under a fiduciary bonding arrangement with Zurich American Insurance Co. The limit of the insurance policy is $1,000,000. The cost of the insurance premium is $438 per year, and is borne by the employer, not the Plan.

F. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan or upon the complete discontinuance of contributions under the Plan, all participants shall have a 100% non-forfeitable interest in their accounts. Upon termination of the Plan (without establishment of another defined contribution plan, as defined), the Company shall direct the custodian to distribute the assets remaining in the trust, after payment of any expenses properly chargeable thereto, to participants and beneficiaries affected by the termination in proportion to their respective account balances.

G. Tax Status

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The plan has received a favorable tax determination letter from the Internal Revenue Service on June 24, 1998, stating that the plan meets the requirement of section 401(K) of the Internal Revenue Code, and the Company believes that the Plan continues to qualify and to operate as designed.

H. Plan Advisor and Trustee

On December 31, 2004 the Board of Directors elected to terminate their recordkeeping services arrangement with Qualified Benefits, Inc. Effective January 31, 2005, American Funds began serving as the plan advisor. Effective February 1, 2005, Capital Bank and Trust Company is the new directed trustee of the plan.
