1. DESCRIPTION OF PLAN

The following description of the Hot Topic 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Hot Topic, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have attained at least 21 years of age are eligible to participate in the Plan on the first day of each month following completion of 12 months of service.

Administration

The Plan is administered by the Company.

Contributions

Participants may elect to contribute up to 100 percent of eligible compensation, not to exceed the limits of the Internal Revenue Code (the IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make a discretionary matching contribution to the Plan. For the period January 4, 2009 through December 31, 2009, the Company matched 50 percent of the participant's deferrals, up to the first four percent of eligible compensation contributed to the Plan. Highly compensated employees who are making deferrals into the Hot Topic, Inc. Deferred Compensation Plan are not eligible to receive matching contributions under the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN - (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding $5,000 will be immediately distributed from the Plan. If the amount to be distributed is less than $5,000, and the participant fails to elect either a lump-sum payment or direct rollover option, the Plan will automatically rollover the entire vested interest into an individual retirement account at a qualified institution of the Plan's choosing. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	50%
3	100%

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and used to reduce future Company contributions or pay Plan expenses. As of December 31, 2009 and 2008, the amount of available forfeitures totaled $1,217 and $0, respectively.

Participant Loans

Participants may borrow from their fund accounts a maximum amount equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and generally bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value in accordance with the provisions of accounting guidance issued by the Financial Accounting Standards Board (the FASB) on fair value measurements (see Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

In May 2009, the FASB issued new guidance which establishes general standards for accounting for and disclosure of events that occur after the date of the financial statements but before financial statements are available to be issued. More specifically, this new guidance sets forth the period after the date of the financial statements during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition in the financial statements, identifies the circumstances under which an entity should recognize events or transactions occurring after the date of its financial statements and the disclosures that should be made about events or transactions that occur after the date of the financial statements. This new guidance provides largely the same framework for the evaluation of subsequent events which previously existed only in auditing literature. The Company has evaluated subsequent events through the date of the audit report, which is the date the accompanying financial statements were available to be issued.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Cash and Cash Equivalents

The Plan considers highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company.

3. FAIR VALUE MEASUREMENTS

On January 1, 2008, the Plan adopted the required provisions of accounting guidance issued by the FASB on fair value measurements. The provisions of this guidance defines fair value, establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America, and expands disclosures about fair value measurements. The guidance is intended to enable the reader of the financial statements to assess the quality and reliability of the inputs used to develop those measurements by establishing a hierarchy, which maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available.

Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's estimates about the assumptions market participants would use in pricing the asset or liability based on the best information available under the circumstances.

The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 – Defined as quoted market prices in active markets for identical assets and liabilities.
- Level 2 – Defined as observable market-based inputs or unobservable inputs which are corroborated by market data.
- Level 3 – Defined as unobservable inputs that are not corroborated by market data.

The fair value measurement level for an asset or liability, within the fair value hierarchy, is based on the lowest level of input that is significant to the fair value measurement at December 31, 2009 and 2008. Valuation methods need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS - (Continued)

The following valuation methodologies were used for the Plan's assets to measure fair value at December 31, 2009 and 2008:

Registered investment companies: These investments are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is based upon the market value of the underlying investments and observable inputs. The NAV of the registered investment companies is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Participant loans: Loans to plan participants are valued at amortized cost, which approximates fair value and are classified within level 3 of the valuation hierarchy.

Cash and cash equivalents: Cash and cash equivalents consist primarily of forfeited funds from terminated participants. The carrying value is believed to be representative of its fair value based on its short term nature and is classified within level 1 of the valuation hierarchy.

Although the methods above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values, the Plan believes its valuation methods are appropriate and consistent with other market participants and that the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following fair value hierarchy table presents information about the Plan's assets measured at fair value on a recurring basis as of:

Description	Total	Level 1	Level 2	Level 3
December 31, 2009				
Registered investment companies	$ 5,615,968	$ -	$ 5,615,968	$ -
Participant loans	176,450	-	-	176,450
Cash and cash equivalents	1,217	1,217	-	-
Total assets at fair value	$ 5,793,635	$ 1,217	$ 5,615,968	$ 176,450

3. FAIR VALUE MEASUREMENTS - (Continued)

Description	Total	Level 1	Level 2	Level 3
December 31, 2008				
Registered investment companies	$ 3,486,468	$ -	$ 3,486,468	$ -
Participant loans	97,360	-	-	97,360
Total assets at fair value	$ 3,583,828	$ -	$ 3,486,468	$ 97,360

The following table presents a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Participant Loans
Balance, beginning of year	$ 97,360
New loans issued	139,388
Loan repayments and deemed distributed loans	(60,298)
Balance, end of year	$ 176,450

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (John Hancock), the custodian of the Plan, has certified to the completeness and accuracy of the following information which is included in the financial statements and supplemental schedule, as of December 31, 2009 and 2008, and for the year ended December 31, 2009.

	2009	2008
Registered investment companies	$5,615,968	$3,486,468
Net appreciation in fair value of investments	1,124,982	n/a

5. INVESTMENTS

The following table presents investments that represent 5 percent or more of the Plan's net assets as of December 31, 2009 and 2008:

	2009
Lifestyle Balanced Fund	$ 835,053
Lifestyle Growth Fund	1,484,992
Lifestyle Aggressive Fund	593,585
Money Market Fund	591,524
PIMCO Total Return Fund	309,513

	2008
Lifestyle Balanced Fund	$ 561,895
Lifestyle Growth Fund	815,143
Lifestyle Aggressive Fund	302,204
Money Market Fund	588,115

For the year ended December 31, 2009, the Plan's investments in registered investment companies (including investments bought, sold and held during the year) appreciated in value by $1,124,982.

6. TAX STATUS

The Company adopted a Volume Submitter Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS), on March 31, 2008, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan has since been amended and restated most recently to include the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by John Hancock, the custodian and record-keeper of the Plan. The Plan paid $35,131 in contract administration fees to John Hancock and $9,415 in service fees to a third party administrator during 2009. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their accounts.
