These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note J, which was certified by Wilmington Trust, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009 and 2008 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The schedule of assets held for investment purposes that accompanies the Plan's financial statements does not disclose the historical cost of certain plan assets held by the funding agent. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following description of Portage Health 401 (K) Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Portage Health. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees who are not considered temporary, field staff employees, or are not a part of a collective bargaining agreement between the Employer or the Michigan Nurses Association become eligible participants in the Plan upon completion of one year of service during which they completed 1,000 hours of service and where the participant has attained the age of 21.

Contributions

Eligible employees may contribute to the 401(k) plan an amount equal to 1% up to 100% of their compensation, not to exceed \$16,500 (\$22,000 for employees age 50 or older), the maximum amount allowed by the IRS. The Company will make a matching contribution equal to \$.50 for every \$1 that participants contribute up to a maximum of 2% of annual compensation. The Company may also make additional discretionary contributions at the option of the Company's board of directors for all eligible participants. For the plan years ended December 31, 2009 and 2008, the Company made discretionary contributions of 5% of compensation.

All employer contributions will stop in the event of retirement, death, disability, termination, or attainment of age 70.

Forfeitures

Forfeitures of non-vested Company contributions are used to reduce future Company contributions. At December 31, 2009 and 2008 there are \$1,059 and \$1,063, respectively, of forfeitures that have not yet been applied to reduce the Company's contributions.

Vesting

Participants are immediately vested 100% in the contributions which Portage Health has made for each year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings, and charged an allocation of administrative expenses. Allocations are based on the participant's earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Upon retirement, married participants will automatically receive a qualified joint and survivor annuity and an unmarried participant will be paid in the form of a single life annuity, unless an alternative retirement option is selected consisting of various annuity options or a fixed period option. Upon termination, participants are entitled to an annuity payable or a single sum benefit. The Plan also contains death benefits.

Participant Loans

All loans must be adequately secured and participant may borrow up to 50% of a participant's vested interest in the Plan. The participants vested interest serves as security for the loan. The Plan allows for no more than two loans outstanding at one time. Only one new loan during any twelve month period is allowed and the loan amount cannot exceed the lesser of \$50,000 or one-half of the vested balance. For the years 2009 and 2008 new loans of \$318,774 and \$126,427, respectively, were paid to participants and \$173,070 and \$146,484, respectively, of loans were repaid by participants to the Plan. Total loans, as of December 31, 2009 and 2008, are \$461,387 and \$293,872 respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared using the accrual method of accounting. As such, investment earnings are credited to participants' accounts when earned and expenses are deducted when they are incurred. Contributions are credited to the participant's accounts when received by the trustee.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Net assets available for plan benefits are stated at the amount as certified by the trust company. The trust company holds the Plan's investment assets and executes transactions therein.

NOTE D - FAIR VALUE MEASUREMENTS

FASB Statement NO. 157, *Fair Value Measurements*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets
 - quoted prices for identical or similar assets or liabilities in active markets
 - inputs other than quoted prices that are observable for the asset or liability
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

PORTAGE HEALTH
401 (K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Common stocks, corporate bonds, and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Participant loans: Valued at amortized cost, which approximates fair value.

Guaranteed investment contract: OR Common trust funds: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008.

Assets at Fair Value as of December 31, 2009

	Level 1	Level 2	Level 3	Total

The Plan is part of a volume submitter plan and is not required to have an IRS determination letter until April 30, 2010. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE F - PLAN TERMINATION

It is Portage Health's intent to continue the Plan indefinitely. However, if changes in business conditions require it, Portage Health has reserved the right to amend, modify or terminate the Plan upon written notice to the Plan administrator. If the Plan is terminated all contributions will be discontinued and participants will become fully vested in their plan accounts.

NOTE G - ADMINISTRATIVE EXPENSES

Portage Health incurred management fees in the amount of \$31,558 and \$31,246, administrative fees in the amount of \$77,200 and \$23,353, and short term redemption fees in the amount of \$14 and \$183 against the participant's plan assets, for the years ending December 31, 2009 and 2008 respectively. In addition, distribution fees of \$0 and \$4,640 were charged against the plan assets of participants receiving distributions for the years ending December 31, 2009 and 2008 respectively.
