INDEPENDENT AUDITORS' REPORT

(WITH SUPPLEMENTAL INFORMATION)

DECEMBER 31, 2025

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the Texas National Bank 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Texas National Bank 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Texas National Bank 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Texas National Bank 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas National Bank 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Texas National Bank 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Texas National Bank 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Form 5500, the Schedule H, Line 4i – Schedule of Assets (Held at Year End), is presented as of December 31, 2025 for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that is agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TEXAS NATIONAL BANK 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE A - DESCRIPTION OF PLAN

The following description of the Texas National Bank 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement and Plan amendments for a more comprehensive description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of "Texas National Bank (the Company)", who have completed at least one month of service. Eligible employees may enter the Plan on the first day of the following month after meeting the service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Participants may contribute up to the maximum allowed by law ($23,500 in 2025), as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan. Employee and employer contributions to the Plan are funded each payroll period.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained the age of 50 before the close of the year may make catch-up contributions in the amount of $7,500 in accordance with, and subject to, the limitations imposed by the Code.

The Plan includes a Qualified Automatic Contribution Arrangement (QACA) safe harbor provision. Unless opted out, a participant's automatic elective deferral contribution is set at 6% upon eligibility and plan entry. The Company makes QACA matching contributions to participants. Effective January 1, 2025, the matching contribution equals 100% of a participant's elective salary deferrals on the first 4% of compensation deferred and 50% of elective salary deferrals on the next 2% of compensation deferred, for a maximum matching contribution of 5% of compensation. Contributions are subject to certain limitations. Total employer QACA safe harbor contributions for December 31, 2025 were $572,962.

3. Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the employer's QACA matching contributions and (b) Plan earnings (losses) and charged with distributions and an allocation of administrative expenses, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures are used to offset employer contributions and are not directly allocated to the remaining participants and administrative expenses.

NOTE A - DESCRIPTION OF PLAN – Continued

4. Vesting

Participants are immediately vested in their voluntary elective deferral and rollovers plus actual earnings thereon. Vesting in the Company's employer contribution portion of accounts, plus actual earnings thereon are as follows:

Years of Service	Vested Percentage Profit Sharing	Vested Percentage Employer Match
1 yr	100%	0%
2 yrs	100%	100%

5. Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals into any of the Plan's investment options.

6. Payment of Benefits and Distributions

Normal retirement age is when a participant attains their 65th birthday. Participants are not allowed to elect early retirement.

Distributions upon death of the participant prior to receiving any benefits shall be made pursuant to the election of the participant or beneficiary. Distributions upon termination of employment may be made immediately at the participant's election. Distributions may be made in cash or property in the form of lump sums or installments.

Hardship distributions are available in the case of immediate and heavy financial needs from any participant deferral accounts which are 100% vested.

7. Administrative Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with the Plan's provisions, the Company pays costs relating to asset charges, recordkeeping, and audit fees. In addition, certain expenses are charged directly to participant accounts by Principal Life Insurance Company. For the year ended December 31, 2025, participants paid administrative fees of $60,247, loan expenses of $7,383, and member-requested service fees of $2,640, for total participant-paid expenses of $70,270. Other administrative expenses were paid directly by the Company for the year ended December 31, 2025.

NOTE A - DESCRIPTION OF PLAN – Continued

8. Forfeitures

For the plan year ended December 31, 2025, forfeitures were used to reduce the Employer's contributions. Under the Plan's provisions, forfeitures may be added to or used to reduce the Company's contributions for the plan year in which the forfeitures occur. The table below sets forth the summary of changes in the unallocated forfeiture balances for the year ended December 31, 2025:

	2025
Balance, beginning of year	$ 9,041
Current year forfeitures	6,862
Earnings	788
Allocated to offset next contribution	(9,862)
Administrative expenses	(18)
Balance, end of year	$ 6,811

NOTE B - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

2. Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value (see Note D, Investments Certified by Trustee). Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date (see Note B7, Fair Value Measurements).

The Plan invests in a guaranteed interest contract ("GIC") issued by Principal Life Insurance Company. Because the Contract meets the criteria of a fully benefit-responsive investment contract under ASC 962-325, *Plan Accounting—Defined Contribution Pension Plans—Investments—Other*, it is reported at contract value rather than fair value. Contract value represents contributions made under the Contract, plus interest credited, less participant withdrawals and administrative expenses, and approximates the amount participants would receive if they initiated a permitted transaction under the terms of the Plan. As a fully benefit-responsive investment contract, the Contract is excluded from the fair value hierarchy disclosures required under ASC 820, *Fair Value Measurements and Disclosures* (see Note B7).

NOTE B - SUMMARY OF ACCOUNTING POLICIES – Continued

2. Investment Valuation and Income Recognition - Continued

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

3. Notes Receivable from Participants

Notes receivable from participants are recorded at amortized cost. Participants may borrow up to three times in any plan year and may only have two loans outstanding at any time. The minimum amount of loan is $500, and a participant may only borrow up to 50% of their vested account balance or $50,000 reduced by any outstanding loan balance. The interest rate will be based on the rates available for similar loans from commercial lending institutions. Payments will be due at least quarterly. The repayment period won't be longer than five years. If any amount remains unpaid for more than 90 days after due, the loan will be in default. Upon default, the entire principal balance and interest will become immediately due and payable. The outstanding loan will be treated as a distribution and will be taxable to the participant.

4. Payments of Benefits

Benefits are recorded when paid except when corrective distributions are accrued as payable.

5. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrators to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

6. Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted from payroll, in accordance with salary deferral arrangements.

7. Fair Value Measurements

The Plan follows FASB ASC Topic No. 820, *Fair Value Measurements and Disclosures*, for financial assets and financial liabilities. ASC Topic No. 820 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosure about fair value measurements. ASC Topic 820 applies to all financial instruments that are being measured and reported on a fair value basis. ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE B - SUMMARY OF ACCOUNTING POLICIES – Continued

7. Fair Value Measurements - Continued

ASC Topic 820 also establishes a fair value hierarchy that prioritizes the input used in the valuation methodologies into the following three levels:

• Level 1 Inputs – Unadjusted quoted prices in active markets for identical assets or liabilities.

• Level 2 Inputs – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

• Level 3 Inputs – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or other valuation techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024;

Collective investment trusts invest in a collective trust fund as well as a variety of separate accounts and mutual funds. These investments are valued at net asset value ("NAV") based on the observable underlying investments. NAV is used as a practical expedient to estimate fair value. Investments measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Pooled separate accounts are securities directly invested in mutual funds. These securities are valued at the net asset value based on the observable underlying investments. The NAV is used as a practical expedient to estimate fair value. Investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

Investments at fair and net asset value are as follows:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,176,409	$ -	$ -	$ 2,176,409
Total assets at fair value	$ 2,176,409	$ -	$ -	$ 2,176,409
Other Investments measured at net asset value (a)				
Pooled separate accounts				644,737
Collective investment trust				6,102,955
Investments at fair value				$ 8,924,101

NOTE B - SUMMARY OF ACCOUNTING POLICIES – Continued

7. Fair Value Measurements – Continued

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,795,470	$ -	$ -	$ 1,795,470
Total assets at fair value	$ 1,795,470	$ -	$ -	$ 1,795,470
Other Investments measured at net asset value (a)				
Pooled separate accounts				631,398
Collective investment trust				4,660,320
Investments at fair value				$ 7,087,188

(a) In accordance with ASU 2015-07, Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets.

8. Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE C - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The Company does not intend to terminate the Plan.

NOTE D – INVESTMENTS CERTIFIED BY TRUSTEE

The Plan holds a "GIC", issued by Principal Life Insurance Company. The Contract is considered a fully benefit-responsive investment contract and is reported at contract value in the accompanying statements of net assets available for benefits. Contract value represents contributions made under the Contract, plus interest credited, less participant withdrawals and administrative expenses.

Certain events could limit the Plan's ability to transact at contract value with Principal Life Insurance Company, including: (1) amendments to the Plan documents, including complete or partial termination of the Plan or its merger with another plan; (2) changes to the Plan's prohibition on competing investment options or elimination of equity wash provisions; (3) bankruptcy of the Plan sponsor or other events causing a significant withdrawal from the Plan; and (4) failure of the trust to qualify for exemption from federal income taxes or of the Plan to meet the qualification requirements of the Internal Revenue Code. Plan management believes that the occurrence of an event that would limit the Plan's ability to transact at contract value with participants is not probable. The Contract provides for a surrender charge if terminated by the contract holder, or if the Plan terminates its interest in the Contract, within certain time periods specified in the Contract.

NOTE D – INVESTMENTS CERTIFIED BY TRUSTEE – Continued

Should such a termination occur, the Contract may no longer qualify as fully benefit-responsive and would instead be reported at fair value, which would then be included in the fair value hierarchy disclosures in Note B7. Fair value, in that circumstance, represents the amount participants would receive currently if they were to withdraw or transfer funds prior to maturity for a reason other than death, disability, termination of employment, or retirement — generally approximated by contract value less applicable surrender charges. As of December 31, 2025, the Plan has no intent to terminate its interest in the Contract, and accordingly the Contract continues to be reported at contract value.

The Plan's assets are deposited in investment sub-accounts at Principal Trust Company. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable held as of December 31, 2025, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, a qualified institution, pursuant to ERISA Section 103(a)(3)(C). NOTE E - TAX STATUS

The IRS has determined and informed the Plan sponsor by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

The Company believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any period in progress.

NOTE F - TERMINATED PARTICIPANTS

The vested amount due to terminated participants totaled $425,859 at December 31, 2025.

NOTE G - PARTIES-IN-INTEREST TRANSACTIONS

Parties-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of collective investment trusts, pooled separate accounts, and a guaranteed interest contract managed by Principal Life Insurance Company, which acts as the recordkeeper for these investments, as defined by the Plan. Transactions involving these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. See Schedule H, Line 4(i) – Schedule of Assets (Held at Year End) on page 19 for a listing of the Plan's investments. Certain administrative expenses and notes receivable from participants also constitute party-in-interest transactions. See Note A.7 for administrative expenses and Note B.3 for notes receivable from participants.

NOTE H - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 5, 2026, the date these financial statements were available to be issued.
