Independent Auditor's Report

To the Trustees and Participants of
Supplemental Income 401(k) Plan:

Opinion

We have audited the financial statements of Supplemental Income 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements - modified cash basis.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits - modified cash basis as of December 31, 2025 and 2024 and the changes in net assets available for benefits - modified cash basis for the years then ended, of Supplemental Income 401(k) Plan in accordance with the modified cash basis of accounting described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Supplemental Income 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

withum

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Supplemental Income 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Supplemental Income 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Income 401(k) Plan
Notes to Financial Statements - Modified Cash Basis
December 31, 2025 and 2024

1. Description of Plan

The following description of the Supplemental Income 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a multiemployer contributory defined contribution plan that was established effective January 1, 1995 as a result of collective bargaining agreements between various employers and various unions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration of the Plan is the responsibility of the Board of Trustees (the "Trustees") and is governed by a joint board consisting of equal representation from the participating employers and various unions.

Eligibility
To be eligible, an employee must be working for a participating employer who is subject to a collective bargaining agreement or for a participating employer subject to a trustee approved participation agreement. Further, the Plan covers all employees. Participants are eligible to participate in the Plan if they have satisfied the qualifying period contained in the Subscriber Agreement for their bargaining unit. The initial eligibility period may range from the first hour of service to one year.

Contributions
Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Elective contributions shall be made in a flat monthly amount (subject to a minimum of $20), a specified hourly contribution rate per compensable hour (subject to a minimum of fifteen cents [15¢] per hour), or as a percentage of total compensation paid to the participant during a reporting period (subject to a minimum of 1% of total compensation). Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants also may contribute amounts representing distributions from a tax qualified pension plan or qualified individual retirement plan (rollover).

Employers may make a contribution on behalf of the participants; the rates are set forth in the collective bargaining agreements and participation agreements.

Participant Accounts
Each participant's account is credited with the participant's contributions and contributions made on behalf of the participating employers, as well as earnings on the investments in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account. Participant accounts are charged administrative and recordkeeping fees.

Vesting
Each participant’s account will be fully vested at all times.

Notes Receivable from Participants
The Plan provides for loans to participants. Participants may borrow a minimum of $1,000 up to a maximum loan amount of the lower of $50,000 or 50% of the account balance. Five years is the maximum length of the loan, unless it qualifies as a home loan for which the maximum length is 30 years. Loans must be adequately secured and bear a reasonable rate of interest, as determined by the Trustees. Such rate of interest must provide the Plan with a return commensurate with the prevailing interest rate charged by those in the business of making loans under similar circumstances. As of December 31, 2025, the rates of interest on outstanding loans ranged from 3.25% to 11.50%. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan.

Payment of Benefits
A participant may receive the total value of their account only upon attainment of age 59½, retirement, death, disability, termination of employment or as otherwise described in the Plan. Effective September 28, 2023, the Plan adopted an amendment to allow installment payouts of benefits. Installment payments may be made directly to an eligible retirement plan or Individual Retirement Account (“IRA”).

Investment Options
Contributions to the Plan are invested, as directed by the participant, in various investment options, including mutual funds, common collective trusts, and investment contracts. Participants must evaluate their own investment goals and objectives and choose the investment options best suited to achieve those goals and objectives. Poor investment performance by the investment options selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Participants should refer to the Summary Plan Description for more information.

2. Summary of Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared using the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America. Accordingly, the Plan has not recognized contributions receivable from employers and participants, accounts payable and related effects on additions and deductions to net assets.

Use of Estimates
The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

The Plan’s investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a settlement-date basis rather than on a trade-date basis. Interest income and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Contract Allocated to Participants
Investment contract allocated to participants represents participant accounts that have been distributed but have not been cashed by the participant.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan and recorded as deductions in the accompanying statements of changes in net assets available for benefits - modified cash basis. Administrative fees are included in net appreciation (depreciation) in fair value of investments.

Other Income
Other income primarily consists of quarterly recordkeeping fees deducted from each participant’s account, liquidated damages and interest from late contribution remittances. See Note 6 for the Plan’s fee structure.

Subsequent Events
Subsequent events were evaluated through October 6, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan’s investment classes are presented below. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual Funds: Values are determined using quoted prices in active markets.

Investment Contract with Insurance Company: The Plan invests in a fully benefit-responsive investment contract. The investment contract is based on contract value calculated by the insurance company (see Note 5).

Common Collective Trusts: The fair value of the units in the common collective trusts is estimated based on the net asset value per unit of the investments. The net asset value is being used as a practical expedient to estimate fair value. These investments are direct filing entities with the Department of Labor; therefore, information regarding the investment strategy is not disclosed. The per-unit net asset value is determined each business day. Redemptions may be made daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Totals**
Assets in the fair value hierarchy				
Mutual funds	$ 347,960,029	$ -	$ -	$ 347,960,029

Total investments at fair value	$ 312,268,686	$ -	$ -	$1,585,783,961

4. Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows as of December 31, 2025 and 2024:

	2025	**2024**
Net assets		
Investment contract with insurance company	$ 4,433,942	$ 3,859,477
Investment contract allocated to participants	(699,602)	(714,677)
Cash	83,878	62,014
Total nonparticipant directed net assets	$ 3,818,218	$ 3,206,814

	2025	**2024**
Changes in net assets		
Fees charged on participant accounts	$ 8,315,383	$ 6,613,000
Investment gain (loss)	(203,664)	120,504
Other income	42,418	1,358,821
Operating expenses including administrative and recordkeeping fees	(7,542,733)	(6,929,647)
Net change	$ 611,404	$ 1,162,678

5. Fully Benefit-Responsive Investment Contracts

The Plan holds a traditional fully benefit-responsive guaranteed investment contract, for which contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the sponsoring trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Participant-initiated withdrawal requests are allowed daily at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than the minimum crediting rate of one percent. The crediting rate is reviewed on a semi-annual basis for resetting every January 1 and July 1. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include:

1. amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. changes to the Plan's prohibition on competing investment options;
3. bankruptcy of the Plan sponsor or other Plan sponsor events (for example, plan termination, lay-offs, early retirement incentives, mergers and spin-offs) that cause a significant withdrawal from the Plan; or
4. the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that also would limit the ability of the Plan to transact at contract value with the participants.

6. Related Party and Party-In Interest Transactions

The Plan pays fees for arrangements with service providers, including for management of certain Plan investments by the custodian. These transactions qualify as party-in-interest transactions.

The Plan’s contract with John Hancock is to: (1) provide day-to-day administrative services, including recordkeeping, enrollment and related participant services, and (2) maintain a platform of mutual funds and other participant-directed investment vehicles. The Plan’s administration and recordkeeping fee structure consists of a quarterly recordkeeping fee of $13.75 and a 0.26% asset-based fee, which was deducted from participants’ accounts to defray the costs of administering the Plan.

Additionally, the Plan issues loans to participants, which are secured by the participant’s account balances. These transactions qualify as party-in interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Trustees have the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant account balances would be distributed to the participants and their beneficiaries (adjusted if necessary), as provided for in the Plan, for Plan expenses in excess of unallocated assets available to pay such expenses.

8. Tax Status

The IRS has determined and informed the Trustees by a letter dated September 11, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits - modified cash basis.

10. Plan Merger and Other Transfers

Trustee-to-Trustee transfers in represent transfers of participant account balances of new and existing employers into the Plan. Trustee-to-trustee transfers out represent transfers out of the Plan for participant account balances for all or a specific group of participants of the employer.

During the years ended December 31, 2025 and 2024, trustee-to-trustee transfers in totaled $9,274,434 and $5,839,449, respectively. Trustee-to-Trustee transfers out totaled $1,267,775 and $1,203,413 during the years ended December 31, 2025 and 2024, respectively.

11. Delinquent Participant Contributions

For the years ended December 31, 2025 and 2024, certain participating employers did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled $2,596,296 and $1,723,894, respectively, were corrected outside of the Department of Labor Voluntary Fiduciary Correction Program. Additionally, lost earnings were applied to the affected participants' accounts resulting from the delay in contributions. Lost earnings total $151,692 and $154,817 for the years 2025 and 2024, respectively. The amounts reported on the Schedule of Delinquent Participant Contributions represent total delinquent remittances identified by the Plan. The Plan's records did not permit a reasonable allocation of the delinquent remittances between participant contributions and employer contributions. Accordingly, the entire delinquent remittance amount has been reported.

12. Reconciliation of Financial Statements to Form 5500

Independent Auditor's Report

To the Trustees and Participants of
Supplemental Income 401(k) Plan:

We have audited the financial statements of Supplemental Income 401(k) Plan as of and for the year ended December 31, 2025 and have issued our report thereon dated October 6, 2026, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules, Schedule H, Line 4a - Schedule Delinquent Participant Contributions for the year ended December 31, 2025, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
