# INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
Crystal Window & Door Systems, Inc. 401(k) Profit Sharing Plan

## *Opinion*

We have audited the accompanying financial statements of Crystal Window & Door Systems, Inc. Employee Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Crystal Window & Door Systems, Inc. Employee Benefit Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

## *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Crystal Window & Door Systems, Inc., Employee Benefit Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are

conditions or events, considered in the aggregate, that raise substantial doubt about Crystal Window & Door Systems, Inc., Employee Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Crystal Window & Door Systems, Inc. Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Crystal Window & Door Systems, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

.

***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets (Held at End of Year) at December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## 1. DESCRIPTION OF THE PLAN

The following description of the Crystal Window and Door Systems 401(k) Profit Sharing Plan (the "Plan"), as amended on August 1, 2023, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan has six participating employers (collectively the "Company"), Crystal Window and Door Systems, Ltd. (the "Company"), Gateway Extrusion, Ltd. (formerly known as Crystal Extrusion Systems), Vista Skywall Systems, Ltd., Helios Energy Systems, LLC, Crystal Window & Door Systems PA, LLC (formerly known as Crystal PA 2014, LLC), and Crystal Pacific Window and Door Systems, LLC. The Company controls 100% of ownership of five participating employers except Crystal Pacific Window and Door Systems, LLC, which Mr. Thomas Chen controls 95.5% of ownership. The Plan is a defined contribution plan covering all employees of the participating employers who have six consecutive months of eligible service and are age 21 or older, except employees included in a unit of employees covered by a collective bargaining agreement between the employer and employee representatives, nonresident aliens who received no earned income from the employer, and employees as a result of a transaction described in the Internal Revenue Code ("IRC") Section 410(b)(6)(C). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees may begin participating under the Plan once they have satisfied the eligibility requirements and reached an "Entry Date." The Entry Dates are the first day of the Plan Year quarter coinciding with or next following the date employees satisfy eligibility requirements.

### Contributions

The Plan is funded through contributions under compensation reduction agreements. A participant will be eligible for elective deferrals, matching contributions, and employer profit sharing contributions after completing six consecutive months of eligibility service beginning on the employee's date of hire and is employed on the last day of the Plan year.

## 1. DESCRIPTION OF THE PLAN (CONTINUED)

### Contributions (Continued)

Participants may elect to make deferral contributions up to 90% of annual compensation instead of receiving that amount in cash, subject to certain limitations imposed by the IRC. IRC limitations for pre-tax and Roth contributions were $23,500 and $23,000 for 2025 and 2024. Participants who have attained age 50 before the end of the Plan year are eligible to make an additional $7,500 catch-up contribution to the Plan for 2025. Participating employers match 40% of each participant's salary deferrals not to exceed 10%. Each year, participating employers will determine the amount of the discretionary percentage. In applying the matching contribution, participants' salary deferrals that exceed 10% of their compensation for such period will not be matched. Regardless the preceding, participants' matching contribution in any Plan Year will not exceed 4% of their compensation. Participants will always share in the matching contribution regardless of the amount of service they complete during the Plan Year.

For the purpose of the Plan, compensation means the total salary or wages paid to employees plus bonus, commission, overtime pay, and other welfare benefits before any deductions.

The Plan will reallocate preliminary contributions or hypothetical contributions paid to highly compensated employees to non-highly compensated employees so that the allocation to each non-highly compensated employee equals the lesser of one-third of the allocation rate of the highest compensated employee with the highest allocation rate or 5% of the non-highly compensated employee's compensation. During the year ended December 31, 2025 and 2024, the Plan will return excess contributions to participants of $119,145 and $147,418, respectively, which were included in corrective distributions in the accompanying Statement of Changes in Net Assets Available for Benefits.

The Company can contribute non-elective contributions to non-highly compensated employee participants. The allocation will be made to each qualifying participant in the ratio that the participant's compensation for the Plan year bears to the total compensation of all non-highly compensated employee participants for the Plan year. During the year ended December 31, 2025, no non-elective contribution was made.

## 1. DESCRIPTION OF THE PLAN (CONTINUED)

### Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contribution. Plan earnings (losses) are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that could be provided from the participant's vested account.

### Participants' Investment Options

Participants must direct their elective deferrals, employer contributions, and loan repayments to selected investments made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via telephone or internet access to the ADP system.

### Vesting

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are always 100% vested in amounts attributable to their elective deferrals. The "Vested Percentage" in participants' accounts attributable to discretionary matching, profit sharing and non-elective contributions is determined under the following schedule and is based on vesting years (or periods) of service.

| Years (or Periods) of Service | Vested Percentage |
|---|---|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

## 1. DESCRIPTION OF THE PLAN (CONTINUED)

### Vesting (Continued)

The participants' account becomes 20% vested upon completing two years of credited service as defined, and continues to vest at the rate of 20% for each successive year of service until 100% vested after six years of service. A participant will be fully vested if the participant dies or becomes disabled.

### Notes Receivable from Participants

Participants who are active employees of the participating employers may borrow from their account up to a maximum equal to the lesser of: (a) 95% of one-half of their vested account balance, or (b) 95% of their total vested account balance excluding the Roth Elective Deferral balance. The loan shall not exceed $50,000 reduced by the excess (if any) of the highest outstanding balance of notes during the one-year period ending on the day before the new note is made.

Notes receivable must be repaid within four and half years unless the notes are for the purchase of a primary residence. The notes receivables are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The prime rate is determined based upon the prime rate of interest that is published in the Wall Street Journal on the first business day of each month. Principal and interest are paid ratably through payroll deduction, which is determined by the plan administrator. Existing notes will be considered due and payable at the time a participant ceases to be an employee of the participating employers.

### Payment of Benefits

A participant may withdraw all or part of their vested amount in their account upon reaching their early retirement age of $59^1/_2$ and are entitled to the total amount in their account upon completing six years of service, or upon normal retirement at age 65.

When an active participating employee becomes disabled or dies, such participant or the beneficiary is entitled to the total amount of the participant's account plus an allocation of the Company's contributions, if any, relating to the Plan year in which the disability or death occurred. For termination of service due to other reasons, a participant is entitled to the vested interest in his or her account. Participants or beneficiaries may make an election to receive the vested amount in either a lump sum or periodic installments.

## 1. DESCRIPTION OF THE PLAN (CONTINUED)

### Forfeited Accounts

The allocation of forfeitures of matching contributions and profit-sharing contributions are to be made in the Plan year following the Plan year in which it occurs. During the year ended December 31, 2025 and 2024, forfeitures totaled $125,030 and $75,343, respectively. No amount was allocated to participants as employer contributions.

### Plan Termination or Plan Merger

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Participants Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account. If a participant does not make loan repayments and the Plan Administrator considers the participant's loan to be in default, the loan balance is eliminated, and the delinquent balance of the participant's note receivable is recorded as a benefit payment based on the terms of the Plan document. During the year ended December 31, 2025, no notes receivable was at default.

### Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Payment of Benefits

Benefits are recorded when paid.

### Administrative Expenses

Administrative expenses, such as the trustee's custodial and administrative fees, are paid by the Plan. Accounting and auditing fees are paid by the Company. Administrative expenses for loans, distributions and withdrawals are paid by the participants.

## 3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the ERISA of 1974 as applicable to certain investments. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Reliance Trust Company certified the completeness and accuracy of total investments of $22,485,961 and $18,904,918 and total participant notes receivable of $382,237 and $343,860 at December 31, 2025 and 2024, respectively, and related investment income of $2,595,015 and $1,860,047 for the years ended December 31, 2025 and 2024 and interest income on note receivables of $29,486 for the year ended December 31, 2025.

## 4. INVESTMENTS

During 2025, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $1,660,314 as follows:

| | |
|---|---|
| Net appreciation in fair value of common/collective trusts | $ 57,406 |
| Net appreciation in fair value of mutual funds | 1,602,910 |
| Net appreciation in fair value of investments | $ 1,660,316 |

## 5. INCOME TAX STATUS

Effective February 1, 2013, the Plan adopted a non-standardized form of a prototype plan sponsored by Paychex ("Paychex Volume Submitter Plan"). In a letter dated April 10, 2014, the Internal Revenue Service ruled that the Paychex Volume Submitter Plan qualified under section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the fund established as part of the Plan is not subject to federal income tax under the provisions of section 501(a) of the Code. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan does not have any uncertain tax positions.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

## 6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

## 6. FAIR VALUE MEASUREMENTS (CONTINUED)

FASB ASC 820 specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). In accordance with FASB ASC 820, the following summarizes the fair value hierarchy:

| | | |
|---|---|---|
| Level 1 Inputs | - | Unadjusted quoted market prices for identical assets and liabilities in an active market that the Company has the ability to access. |
| Level 2 Inputs | - | Inputs other than the quoted prices in level 1 that are observable either directly or indirectly. |
| Level 3 Inputs | - | Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements. |

FASB ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

*Common Collective Trusts:* Valued at net asset value per unit as reported by the respective funds. Net asset value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

## 6. FAIR VALUE MEASUREMENT (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's assets and liabilities and related valuation inputs within the fair value hierarchy utilized to measure fair value as of December 31:

| **2025** | **Level 1** | **Level 2** | **Level 3** | **Total** |
|---|---|---|---|---|
| **Mutual funds** | **$ 20,298,951** | **$ -** | **$ -** | **$ 20,298,951** |

## 7. PARTY-IN-INTEREST TRANSACTIONS

Reliance Trust Company, as the trustee of the Plan, is a party-in-interest. Fees paid by the Plan for the investment management services totaled $61,230 for the year ended December 31, 2025. This party-in-interest transaction is exempt from the prohibited transactions rules of ERISA.

## 8. RISKS AND UNCERTAINTIES

The Plan invests in common collective trusts and mutual funds. Such investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the values of such investments, it is at least reasonably possible that changes in the values of the Plan's investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
